Chapter 1 – The young master in dire straits and the school’s simple prettiest girl

“Pa!”

A burst of applause came from the stands when Xiao Chen sent flying the basketball from his hands. Their applauses were ear-piercing and reached Xiao Chen’s ears.

Blocked! The way he took the ball humiliating Xiao Chen, let Xiao Chen with the mouth open when looking at Chen Jinpeng!

Inner energy! Chen Jinpeng was secretly using inner energy!

Under normal circumstances it’s unlikely for warriors to use their inner energy. Because, what is the meaning of using it in a friendly match? Otherwise, unless the other party provokes them, warriors disdain using their inner energy to bully people.”

Xiao Chen looked gloomily at his side; looking like Chen Jinpeng snatched the ball to the extent that he even forgot that his hands were swollen! Chen Jinpeng was formerly his little brother, ah, so this match was under his hands?

“Beep-“

Moments later the sound of a whistle was heard together with sounds of cheers due to Chen Jinpeng succeeding in shooting at the last moment!

He used again inner energy! Xiao Chen knows that if from the far distance where Chen Jinpeng was, the only way to succeed would be using inner energy!

“Chen Jinpeng... You are quite good...” Even if Xiao Chen was mentally strong, but with one blow after another, he was unable to restrain his anger coming out

from his chest!

“What are you looking? You still believe that you are the Xiao clan’s young master? You were expelled from your clan, so looking at one place to hide you came running to this sport ground to oppress us? You still think that you are the center of attention? If it were not by your daddy being close and bribing your teammates you would have lost every time. What do you think that you were?” Chen Jinpeng was ridiculing Xiao Chen. In his eyes, he was superior and Xiao Chen was like an ant!

“Match-fixing ah? It’s no wonder why he lost so miserably. Xiao Chen still believes that he is the center of attention but he was always a waste!” Hearing his classmates in this moment, Xiao Chen understood that what Chen Jinpeng was doing. He was starting a crusade against him.

“You are a scumbag ah, you’ve been fixing matches. Now I know why his skill was so bad after Chen Jinpeng took his ball each time. Indeed, he is a huge trash!”

In the past, these people wouldn’t have dared to go against Xiao Chen in that way. Xiao Chen is currently attending a nobility school, and although the families of those people were wealthy and respectable, but to compare them with the Xiao Clan which is one of the four big clans on this Songning City, it was like the sky and the earth!

But Xiao Chen was expelled from the Xiao clan, and not only that, he was deeply hatred by one of the heads of the four big clans, the Chen clan. So no matter if what Chen Jinpeng said was true or false, these people would follow him like parrots!

Xiao Chen was looking coldly at everyone on the sport ground, nevertheless he didn’t say anything. They don’t know what they say. In fact, Chen Jinpeng’s skill with the ball was inferior to Xiao Chen’s skill and he was only able to beat him because he used inner energy!

But, who is going to believe that? How many people of them know what inner energy is? And even if they were aware of the inner energy, who would come to save him of this predicament? He was no more the Xiao clan’s young master. Now that the Xiao clan’s head was missing, the formerly little brother, stepped

over taking the head...

“Sigh...” Xiao Chen shakes his head. Why? Why I was expelled from the Xiao clan? It’s because I couldn’t train inner energy? Xiao Chen put great effort training since childhood, but who looked at him?

Xiao Chen is the master’s only son, but because his physique was bad, from the beginning he wasn’t able to cultivate inner energy.

This year Xiao Chen endured great pressure. The heir of all the four big clans must be an outstanding warrior. Only a warrior would be able to defeat the rest and push their family forward.

Before, Xiao Chen didn’t had other choice but to assume the appearance of a young master so he spent money like water, if not they wouldn’t be able to save their face and the other three clans together with other five small clans would laugh when looking at the waste heir.

Being incapable of protecting himself, he had to make others believe he was harmless.

He worked hard to cultivate every day for ten years in the dead of the night on the Xiao clan’s basement. From it came a sound of exercise, however, he hadn’t received nothing from the heavens in return of his great effort.

His father went missing and next he was expelled from the clan, even the marriage with the Chen clan was withdrawn. He was still a guy without the ability to protect himself!

Xiao Chen takes a deep breath. Regardless of his previous display, the Chen son’s head hates him but people who hit a person who fell down can be found everywhere.

The basketball match had finished and everyone on his side had dispersed. The people who wanted to have a relationship with the Chen clan went to celebrate alongside Chen Jinpeng.

“Xiao... Xiao Chen.” The somewhat nervous voice but still pleasant for the ear was accompanied by a beautiful image of a woman which appeared in front of the Xiao Chen.

This person who was wearing a school uniform is a simple and plain girl. Although she was simple, she could not hide her natural beauty.

“Lin Keer?” In front of his eyes is the commoner girl who was regarded as the most beautiful of the school. And it was natural for her stand in front of Xiao Chen, because before, she was pursued and harassed by Xiao Chen.

Actually, you could say that Xiao Chen is Lin Keer’s benefactor. Behind the school, in an alley, she encountered a hoodlum who wanted to harass her. Just in time, that scene caught the eye of Xiao Chen. He ordered to Chen Jinpeng and a few of his guys to stop the hoodlum and beat him. As result, the scene looked like a hero saving a beauty.

And although she is grateful, she didn’t expected that the next day she would be pursued in the school by Xiao Chen. He sent her love letters and roses, so the heart and soul of Lin Keer who only wanted to study diligently collapsed.

And the only thing that she could do was to hide from Xiao Chen.

Fortunately for her, Xiao Chen was only a playboy and contrary to what you would expect he didn’t make of the issue a big one.

That she came to find him, let Xiao Chen startled.

“I... I heard that you were expelled from your clan... And not only that, they canceled the marriage...” Lin Leer face was red, even she stuttering when speaking: “But... You don’t have to give up and fell in despair. If you don’t give up and study hard, making a great effort, then you will be able to become an outstanding person... Then... at that time, I... I will let you chase... chase me...”

After finishing her words, she seemed to have spent all the force of his body. On her forehead also appeared sweat. His delicate face was covered with crimson. After lowering her head, she didn’t dare to look at the Xiao Chen’s eyes. Turning around, she started to run...

Seeing her walking away, Xiao Chen can’t help but force a smile. He sighs at this kindheartedly and innocent small girl. Again he can’t help but sighs with sorrow. These years she only thought that I was playboy? Probably she thinks that I’m depressed?

Xiao Chen doesn’t know but inside of the school, a small scale rumor has

started to spread! Lin Keer may have heard the rumor, so she plucked up courage to find Xiao Chen.

For this simple Lin Kerr, how much courage she needed to speak these few words?

Chapter 2 – Fiancée

Because the intense exercise and a little of hunger, Xiao Chen wanted to go to the school cafeteria to eat something. But when he went outside, he stopped his movement. On the cafeteria, the food was really expensive and he was not more the Xiao Clan's young master. His bank card is already frozen and the sports car was left in where his clan was. In this moment, the ear of Xiao Chen was echoing with what his uncle said at noon: You are not more the Xiao clan's young master, you were expelled! None of what the clan has is yours!

These words, my uncle said these words? Even if I was expelled, they didn't left me anything. In this moment, Xiao Chen understood everything. That in the so called famous Xiao Clan there is no room for affection? Xiao Chen didn't believe that these things could be able to happen in the clan.

He turned around and went to the food stall in front of the school. Before he "disdained" coming here to eat, because the cafeteria on the school could be compared with a five stars restaurant so it's was natural that the price would be inconvenient high. Before Xiao Chen did not have concepts like money.

"What do you want to eat, schoolmate?" The food stall's boss passionately asked Xiao Chen.

Even if he asked him passionately, Xiao Chen was confused with so many food names in front of him. He never ate these bizarre things. What is barbecue bibimbap? The barbecue is not Western-style food? So how can be this bibimbap?

"One portion of... Stir-Fried noodles with vegetables." Xiao Chen can only pick something familiar to him.

“Good, wait a moment, right away!” The boss answered and went to start making the food.

The food came quickly. Xiao Chen was looking to the strange appearance of what has to be stir-fried noodles. It was called stir-fried noodles with vegetables, but scattered in the noodles were a few small squid, letting Xiao Chen with overwhelming feelings. But the smell was quite good? Xiao Chen was hungry so he didn't bother himself and picked chopsticks and started to put the food in his mouth.

He was a rich boy before but he never ate these things, not because he didn't wanted, but because he didn't have the chance.

“Hm? This is not the Xiao clan's young master? Why is he eating in this place? Don't tell me that the rich have a repulsive preference?” A ear-piercing sound came to his ears, and the voice was familiar. The voice's owner is Cao Yuliang. Cao Yuliang was the same that Xiao Chen and Chen Yipeng, one of the four big clans on the Songning City.

But the Xiao clan and the Cao clan doesn't get along well. So between him and Cao Yulian, always is hostility because they were the same, a young master of a big clan whom couldn't cultivate inner energy.

Coldly looking at Cao Yuliang, he stands up and asks the food stall owner, “Boss, how much is?”

A strong person doesn't let others provoke easily and because Xiao Chen was expelled from his clan, it was natural for Cao Yuliang to try to start a dispute, which was his purpose in being here. He believes that he has enraged me, only waiting for the chance of humiliating me, but Xiao Chen wouldn't let him get away with it.

“The sea food is ten bucks.” The owner said.

“Good...” Xiao Chen brings his hand to his wallet, but he didn't felt anything in his pocket. His complexion changes immediately! The wallet was missing! Don't tell me that I lost the wallet on the basketball match?

“Ha! The great young master from the Xiao Clan has not money? Could be that he wanted to eat without paying? It's no wonder why before Chen Jipeng also

had to pay him his restaurant bill. If you want I can call him for you?” Cao Yuliang was joking while looking at Xiao Chen. He was already making gestures of bringing out his phone.

“Young Cao, the Xiao clan’s young master is planning to use a credit card! Because of his status, how would be possible for him to pay in cash?” One of the henchmen of Cao Yuliang said.

“But, ah, is pity that here doesn’t accept a diamond credit cards!” Another of the henchmen said.

“Boss... My wallet is missing. Can I pay you the next time?” Xiao Chen took a deep breath, telling himself on his heart that a tiger doesn’t need to fall to the level of a dog.

The boss saw Xiao Chen embarrassed look, that he seemed really have a trouble. And for his clothes he didn’t seem like he would eat and run. He was thinking that the money he needed to pay was not much so he said: “All right, next time!”

“Boss, that is not good! You don’t have to indulge yourself with this scumbag who eat and run! Look at this brat; with his clothes he resembles a swindler!” But Cao Yuliang stopped Xiao Chen from going out.

“Boss, this can’t be! You can’t tolerate such people eat meals and run away! If we say that also don’t have any money, then it’s all right? What is going to be of your business if it’s like this?” The followers of Cao Yuliang like parrots repeated.

“This...” Listening to Cao Yuliang and his followers, the boss hesitated. If he hesitates and pick a fight with them for letting Xiao Chen go away without paying, then his business days would be done.

“Boss, I will pay for him.” One clear sound echoed. That sound let Xiao Chen from his feet to his head shocked.

It was Chen Mengying, she was one from the five small clan of the four big clans, the eldest daughter from the Chen clan’s head. But her identity was his fiancé, or he should say his former fiancé!

“Although he was your fiancé, Mengying, he was expelled from his clan, so why are you going to pay for him?” The complexion of Cao Yuliang’s face changed

slightly. He didn't expect that a new issue would arise because this is not what he wanted to see: "Of course, I will not let you sympathize with him, but let me tell you this, I will let the Chen Clan be aware of this, and certainly our grandfather..."

But Cheng Mengying didn't respond Cao Yuliang instead she took out of a hundred dollar bill and handed to the boss.

"Take my money." Xiao Chen eyes glanced at Cheng Mengying going away. He shook his head, this time he did not care about the self-respect that he had to possess being the Xiao clan's young master. Nobody considers him as the young master, only like a target to ridicule, so what if they put airs of importance?

Before his disguise, Xiao Chen was too lazy to pretend in front of Cao Yuliang.

"Good." The boss didn't think more and returned back ninety dollars to Xiao Chen.

"Hahaha, you really are a hopeless case. You would ask for money to a woman? You are hopeless, Xiao Chen! If I were you I would be better dead than doing that!" Cao Yuliang was making big noise. Perhaps was to make Chen Mengying deliberately hear, but even so, she was walking in a relaxed way, without the slightest pause like she didn't heard nothing!

Xiao Chen was coldly looking on the Cao Yuliang's eyes. "If you came to eat then sit down, if not, be like a good dog and don't block the road."

"What did you say!?" One of the henchmen of Cao Yuliang came out and was about to punch Xiao Chen.

"Forget it. What meaning is in beating someone who fell down? Let him get lost." Cao Yuliang waved his hands then he sat on the next table and said: "Boss, one roasted beef over rice."

Some of his little brothers also despise seeing Xiao Chen so they sat beside Cao Yuliang.

Xiao Chen had to admit, Cao Yuliang is in some ways was better than him, at least he knows what there is in this small store...

Looking the figure of Xiao Chen walking away, Cao Yuliang had a fierce

expression when looking at Xiao Chen but immediately he changed it! You want to fight with me? If what you want is a fight, I will give to you!

Chapter 3 – Possessed by a spirit?

When going away from the food stall, the face of Xiao Chen was perplexed. Originally he thought that even if the hard work yielded no result, he will be the Xiao clan's heir. As long as he marry Cheng Mengying and had children, then those children would put their foot on the martial road. In that way the Xiao clan wouldn't say anything.

After all, the life of a warrior is long. His father, Xiao Chen was rare genius of his generation so they would have patience with his grandson to grow.

So he had a plan. He would fake being an ignorant and incompetent rich boy. He would also pick hot girls and indulge himself in a life of debauchery.

Besides the inner branch of the Xiao clan, Xiao Chen successfully fooled all the people and nobody thought that Xiao Chen force himself to cultivate every day for ten years like a madman.

What he didn't expect is that his father would disappear and Cheng Mengying's uncle, the most promising youngster of his generation, would be also missing from the small team which his father led into the trial. The news from the outside world said that because the mistakes in making decision, Xiao Chen's father, Xiao Feng, resulted in the whole trial team killed. They said that his father ruined the lives of those people and their future prospect in the trials.

Cheng master's son was furious, so they put under pressure the Xiao clan, resulting in the expulsion of him from his clan!

The Cheng clan is an old martial clan, and can be compared either with the four big clans of the Songning city or the small five clan's head. In the northwest is one of the very best, and it was natural because they were one of those few

ancient martial clans on the Daxia Country but not only that, the clan was born here. They are a transcendent existence, a clan where the martial arts were passed through hundreds of years.

The Xiao clan, Chen clan and the Cao clan were that type of existence, but almost ten years ago, the Cheng clan rose abruptly as a clan. They also cultivate but the Chen clan's heritage cannot be compared! There are nine clans on the Songning city, but the ranking is not always the same, they regularly held a clan meeting where they will be re ranked according to the comprehensive strength of each clan.

The ranking has always changed more or less but never the ranking of the Cheng clan!

Therefore, being married with the Cheng Clan would mean the rapidly advance of their respective clans. That's what they thought and because the head of their clans, Xiao Feng and Cheng Zhenfei were training from childhood under the same person, from early they fixed a marriage for Xiao Chen and Cheng Mengying.

"Kid, need a car?" In the moment when he was hesitating, a taxi stopped besides Xiao Chen. The driver estimated that because he was standing foolishly there, that maybe he was waiting for a car.

Xiao Chen looked blankly at him, but he still nodded. He didn't want to stay anymore in the school, because if he stays he would be ridiculed. He wants a quiet place to think about the future.

Now that he was without clan, without father, he must plan his life all for himself.

"As you like, I need to find a peaceful place!" Xiao Chen opens the taxi's door.

"A peaceful place? Kid, you have someplace in mind?" The taxi driver distracted asked.

"En, a place where you can't find people." He didn't want to talk much; he went to the point and nodded.

Without asking why, the taxi driver launched its small car leaving behind the food stall.

Xiao Chen doesn't know but not long ago after he left on the taxi, a black Audi car was behind them, the model was an A6L. It was pretty ordinary but if you don't have a professional anti reconnaissance capability you wouldn't notice it.

The taxi stopped on the edge of a cliff of the Longshan Mountain. This place was a tourist attraction. A company brought this place with the intention of developing into a business, however in this moment; this place is an unmanned place. In summer, lovers come here to have a love affair but now it was autumn, so the wind is quite big on the precipice. That's why was actually uninhabited.

But for Xiao Chen, this place is perfect. It was possible to calm down his heart. The blowing wind was clearing his head.

What happened today was so much and because he was expelled from his clan, he had much time to think about just before participating on the friendly match of basketball. Xiao Chen paid the driver and went to sit on the edge of the precipice. He was looking at a bottomless cliff, lost in his thoughts...

From now on what I'm going to do? I don't have inner strength. Xiao Chen is no different to an ordinary person, but even in the clan, ordinary people were not expelled, so he was inferior to them.

Originally, he was a good-for-nothing young master, but he thought that he was quite intelligent, fooling everyone, but now that he lost everything, he understood that he was only a little smart.

When Xiao Chen was contemplating the scenery, he does not know who but someone pushed him violently with a kick!

"Fuck!" Xiao Chen curses in rage, his body was falling down slowly though the precipice. Who the hell can be so cruel?

Wind was whistling on his ears and the bottomless cliff left Xiao Chen forehead covered with cold sweat!

I'm going to die? Xiao Chen's eyes flashed a hint of unwilling! After all, who is going to kill himself? The person who pushed him has inner strength. Xiao Chen felt that if they hadn't used inner strength, then he wouldn't fall so easily. The distance from where he sat to the precipice was at least two meters or more. Ordinary people would only make him stumble because it would be impossible to

push him downwards the precipice given the distance!

Although all this years he couldn't train inner energy, his body was sturdier than average people. That was the fruit of his effort, the effort of training every day in the night.

However, now this effort has become meaningless. He felt helpless seeing getting closer more and more to the end of the precipice...

"Bang——" A loud sound. Xiao Chen felt all of his organs shattered, then, he lost consciousness...

He doesn't know how many time passed, but suddenly, he heard a sound who let Xiao Chen absolutely terrified!

Because that sound didn't come from hearing, rather, it comes from inside of his mind!

"Wake up... Wake up..." That sound was spinning on his mind. Scared, he did a great jump but he was not aware that he jumped suddenly!

"Who? Who is it?" Xiao Chen even forgot that he was pushed down from the precipice but also he didn't have time to think about why he didn't die. Rather, he looked everywhere looking for the sound source.

"I." A somewhat old sound echoed again. Immediately his face was covered with horror!

Because he practiced martial arts, Xiao Chen is not a coward, he already saw countless dead people, but the scene in front of him surpassed a normal situation!

"You... Who are you? Where are you?" Asked Xiao Chen shortness of breath.

"I'm inside of your body!" Said the voice.

"What... What joke are you saying?" Said Xiao Chen subconsciously, but he still looked down, lowering his head, looking at himself. But there was no difference on him "You thought that I was joking? I'm a spirit/soul. In this moment I'm inside your body." The voice said it indifferent.

"A spirit? In my body? I'm... possessed?" When Xiao Chen spat the word "possessed" his face turned white.

Chapter 4 – Becoming an apprentice

Xiao Chen can't help but being afraid. Although he never experienced this type of thing, he has heard numerous people talking about it. In this moment a spirit has entered in his body. Of course, but, who possessed him?

"Possessed?" This rashly voice, like it's was not worth, started to laugh. "Of course, just now I used the devil/magic gate to enter into your body, because possessing your body was not the most appropriate thing to do, it leads to a lot of problems. I'm merely living inside. I only exist in your body and that's all."

"Ah..." Xiao Chen relaxes, after all, its appear that this spirit didn't possessed him. If not, why he would explain me many things? And not only that, he found that he has yet his free will so he took a deep breath and asked: "Who spirit... are you? Why did you choose to enter in my body?"

"Who I am? There is no meaning for you to know in the meantime. As for the reason why I entered in your body, is because your physique and mine are similar. Just in the time that you jumped down to the precipice, my soul was there. So right away I deposited myself in your body!" That voice faintly explained.

"Similar physique? You still think about possessing me?" Scared, Xiao Chen jumped and said it angry! Still, he sighed with sadness. I didn't die from falling to the precipice but instead I must be possessed by a spirit?

"Don't get excited, Xiao Chen!" One more time the voice echoed but this time with some funny tone: "You have to thank me because if not were for me entering into your body in the air at the time that you were falling, you would be by now a meat patty!"

“Why... Why you know my name? You are able to read... my mind?” Xiao Chen frightened asked.

“You are forgetting something; I’m inside your body. As long as you think, I can communicate with you, so you don’t need to speak with your mouth.” This voice continued explaining: “As for possessing your body, I’m not really interested. And even though your body and mine resemble, they only look alike and nothing more! Is not good if I possess your body, your thoughts will be lost, or rather, they are going to fuse with mine and form a new person...”

“Although it happened this way... Thank you for saving my life.” He didn’t know why he was talking loud but perhaps is because it was inside of his body. That let feel to Xiao Chen that he was being sincere, that he wasn’t deceiving him.

“This old man didn’t save you for nothing!” This voice let feel Xiao Chen that he didn’t care about his gratitude. “I only save you to saving me! I have some unfinished business and I want you to help me to fulfill them!”

“What?” The mind of Xiao Chen was filled with emotions! “You said that you didn’t save me from your kindness? But that you had to!?”

“Oh... Your father is missing and you were expelled from your clan, even they declined your marriage. And the one who was your little brother is now bullying you... Tsk... It seems that you had a miserable life since birth...” Suddenly, the voice with a sarcastic tone said.

“Shit! You bastard, you are peeping into my privacy!” Xiao Chen was thoroughly angry, so much that he had the urge to beat someone. Even if he raised his fist, who’s going to hit? Don’t tell me that I have to punch myself? That wouldn’t be idiotic?

“I only looked casually, rest assured; I don’t have any evil intention. I only looked to your recently memories, and that’s all.” This voice said it indifferently. “You have a good physique but yet, you’ve finished this way. Tsk, tsk, it’s really lamentable!”

“You old bastard, what you think that you’re saying?” Xiao Chen was gnashing his teeth in anger, but he didn’t have any other choice but to have this spirit inside of his body. I cannot beat him and insult him... Because it appears that it doesn’t have any effect in this brazen old bastard!

“You don’t want to become strong?” The voice didn’t said it like a joke, but it was full of temptation.

Xiao Chen who was thinking of insult him later, suddenly thought about the words of this spirit. “A good physique?” What is a good physique in your eyes? Xiao Chen is not idiot, so thinking about testing this voice, he said: “Don’t tell me that you know about a method to cultivate inner energy?”

“No!” This voice said quite straightforward.

“...” Xiao Chen had a suddenly impulse of walking away. “You are not going to ask what is?”

“Maybe, you are saying that there are other methods? You don’t have to cultivate inner energy to become someone strong?” The voice said like he was asking to himself.

“You... You are saying that do you have other way to cultivate, but that has the same effect as the inner energy?” Xiao Chen staring blankly asked at once.

“Hehe, that’s right!” The voice sure of what it said, said: “Otherwise, how can I let you help me to fulfill my wish? But everything depends of your talent?”

“Good. As long as you make me strong, in exchange I will fulfill your wish!” Xiao Chen slightly hesitated but then he made his decision. Sure of what he said, he said: “But before coming to an agreement, you have to let me handle a dangerous affair, if not, I can’t go!

“Hehe, certainly, that’s beyond my control. My first wish before dying was to accept a disciple. Xiao Chen, before accepting you as disciple you have to kowtow!” The laughter of that voice was filled with vulgarity.

“Becoming an apprentice?” Xiao Chen was staring blankly, but suddenly he understood that he was deceived: “I must become a disciple; you are my master now. But if I do what I want to do, where is our agreement?”

“When I said that this is a deal? You’re the one who said it!” The voice nevertheless continued speaking: “I will say again. Among my wishes, one of them was to have a disciple!”

“You...” Xiao Chen opened his eyes, stunned; he didn’t know what to say.

“Good. Frankly speaking, you are going to be my only and sole disciple. So how could I let you enter into a pit of fire? If you recognize me as your master, then you would gain only benefits!” That voice laughed.

“Good, I recognize you as my master!” Xiao Chen was thinking that he has no other choice but to only rely on this spirit. He trained more than ten years without effect. If there are other methods, he would have used them long ago!

“Good. Before becoming a disciple there is the ceremony. Forget about escaping, I can’t come out from your body and you can’t worship yourself!” Hearing that, Xiao Chen was fully satisfied: “You can call me master or Tian Lao.”

“Master, what should I do now? This precipice... How I can go back?” Since Xiao Chen naturally accepted this Tian Lao as his master, he was no longer confused.

“You don’t have to worry about returning!” Tiao Lao nevertheless said: “My spiritual force is already weak, but I can make you able to temporarily fly over the precipice but then I would exhaust all of my remaining spiritual force. Afterwards, I will enter into hibernation.”

High Comprehension Low Strength - Chapter

5

“What am I meant to do when you hibernate?” Xiao Chen gawked. Secretly in his heart, he was surprised that he could fly up the cliff. In Xiao Chens mind, even if his father and several qi masters were to try, it would be impossible for them to succeed. It seems as if his master was a really great person, yet he didn’t recognize earlier.

“According to the cultivation method you used, it was to strengthen your qi. But the cultivation I will be showing you will enhance your spiritual strength!” Tian Lao said “Also don’t worry, I will wake up after a short amount of time. Once you become a genuine cultivator is when I will awake. But right now, let me help you before things become too difficult.

[TLN: Tian Lao is the spirit that inhabits him. I don’t think it was mentioned in Chapter 4.]

How do I cultivate?” Xiao Chen was confused “What sort of power?”

“Previously you were trying to cultivate qi, but there is also true qi. Both are very similar, but are worlds apart. Most cultivate qi to become true qi but fail to do so. Only those who have a spiritual root are able to!” Tian Lao said “A warriors training for the body and a monks training for breathing. I will refine a method of techniques to teach you, which you will cultivate in.”

Although what Tian Lao had said was simple, to Xiao Chen it was extremely shocking! Cultivating true qi? Was there truly such a thing? This was the first time he had heard of “true qi”, then again, to be able to cultivate true qi, one must have spiritual roots which was rarely found.

“Yes Master!” Xiao Chen excitedly said.

Tian Lao did not reply, but suddenly, Xiao Chen felt as if his mind was being

stretched to its limit. Multitude of information regarding cultivation techniques appeared in his mind!

“I will be momentarily taking over your body” Tian Lao said this as he finished transferring the information to Xiao Chen. To Xiao Chen’s surprise, he could not control an inch of his body. All he could do was watch what his eyes could see.

“Master...How are you?” Xiao Chen asked through his mind.

“I’m fine, your body is truly weak. This is consuming more of my soul than I thought. We’ve only just met and you’re already causing so much trouble for me! Such a high cliff, truly bothersome.” This was all said by Tian Lao through his mouth, which made it awkward for Xiao Chen to hear his own voice.

Well...If I didn’t fall you wouldn’t have been able to inhabit my body!” Xiao Chen thought to himself.

“Ha-ha! Well said! In the past, I was seriously injured and pursued to this cliff. It was fate for you to be brought here.”

“Master was able to fly over the cliff?” Xiao Chen was a little surprised.

“At the time I was injured... No forget about it. It’s in the past.” Suddenly Tian Lao jumped and flew straight up the cliff.

Xiao Chen looked with amazement. With a single jump, he was able to soar this high. By cultivating true qi, who would be able to rival him?

“Different roads will converge. There’s not a set path to a destination!” Xiao Chen’s thoughts were as plain as day, Tian Lao spoke “Remember, do not underestimate a warrior, It was a warrior that beat me down this cliff.”

[TLN: I think they are calling people who practice Qi warriors.]

“Hisss” Xiao Chen hissed as he felt that his good mood was washed away by Tian Lao’s words.

“Of course if I was not injured already, he wouldn’t have been able to kill me!” But Xiao Chen did not know whether to laugh or cry at his reply.

After Tian Lao spoke, he had landed on top of the cliff. Soon after, Xiao Chen was able to resume control of his body.

“Master, you are truly strong! With just one leap we were able to traverse up the cliff!” Xiao Chen was unable to hold in his excitement.

However, Tian Lao did not reply to Xiao Chen. An eerie silence could be felt.

“Master?” Xiao Chen called out once more.

But he received no reply. Xiao Chen then remembered the words that were spoken before, that for them to make it up the cliff, Tian Lao would use up all his soul power and enter hibernation. Only when Xiao Chen reaches a certain point in his cultivation, will he be able to supplement his master and wake him for his slumber.

Xiao Chen stood there thinking, he decided he would cultivate as hard as possible to achieve his goal as soon as possible.

Just a few hours ago, Xiao Chen was standing right where he was. The only difference is that he now has a goal and a way to achieve it. This had increased Xiao Chen’s morale and filled up his fighting spirit.

However as he ran away from the cliff, he was unable to see any taxi’s. This dampened his mood, thus he began his journey to school.

“Did you hear? That trash Xiao Chen committed suicide by jumping off a cliff!” This had quickly spread around campus and at this moment, people who knew Xiao Chen had formed small groups to discuss it.

“Did you hear the news about Xiao Chen?” After a student had heard the news, he said loudly “If I was expelled from my family, was a useless trash and was exposed of spending money on match-fixing, I would have also committed suicide!”

“Yes, without the blessing from his family, Xiao Chen is just trash...No that’s not right, even trash is better than what he is!” Another student joined in. Those students who were jealous of Xiao Chen previously, had now started to berate him.

“Xiao...Xiao Chen committed suicide?” Lin Keer had just entered the room and heard her classmates discussing the news of Xiao Chen. After hearing another group discuss it, her face paled as she continued to listen.

“Yes!” An admirer of Lin Keer replied as he paid no attention to her reaction. “But it’s great news! That bastard Xiao Chen won’t be able to harass you and now you’re free to be pursued by others!”

The admirer’s name was Dou Xiaonan. He was the young master of a medium sized family, who felt he was superior to others. But before the news of Xiao Chen, he would not dare act this way around him. To him, Lin Keer had become Xiao Chen’s private goods, but now that he’s gone, he’s able to pursue her.

[TLN: Dou Xiaonan = Small South]

“Who...Who said this?” Lin Keer looked at Dou Xiaonan as if he was lying. She couldn’t believe that Xiao Chen had committed suicide, she had just talked to

him a few hours ago. How could he do this?

“It is said that a taxi driver had dropped him off at Longshan cliff.” Dou Xiaonan knew these were just rumours, but in his heart he wished that it was the truth. Adding fuel to the fire, he looked at Lin Keer and said “After the basketball tournament, Xiao Chen went to eat but had no money. This resulted in Cheng Mengying paying for his meal, this would have dealt a huge blow to Xiao Chen’s pride. In which he asked the driver to drop him off at Longshan Cliff and then jumped off.

Dou Xiaonan saw that this news had shaken Lin Keer. He had thought that it was because she was too happy that Xiao Chen had died and felt relieved.

As Lin Keer listened to Dou Xiaonan, her mind had gone blank. She did not dislike Xiao Chen, on the contrary she was very grateful towards him. Even if Xiao Chen had pestered her by pursuing her, he had not made it difficult for her at all, nor did he do anything to embarrass her.

Xiao Chen was her saviour, could he not overcome what had happened to him? Lin Keer could not understand, even if he wasn’t a part of the Xiao family, he could have become outstanding through his own efforts.

“Lin Keer, why do you not speak? Is it because you are too happy?” Dou Xiaonan thought that she was happy to hear the news and to be able to chat with him. But he would never expect that she was lost on how to handle what had just happened.

Lin Keer started crying, she could not accept it! Not because she liked Xiao Chen, but because she thought Xiao Chen was a good person.

“Dou Xiaonan.... Is what you said the truth?” Another student asked as he overheard their conversation.

Of course! That taxi driver is always waiting outside our school’s entrance. He’s here every day, if you don’t believe me go ask him yourself.” Vowed Dou Xiaonan.

Cheng Mengying had also heard of the news regarding Xiao Chen. But her first reaction was not to talk about it with other but doubt it. Even if Xiao Chen committed suicide, how would the news spread so quickly?

She did not believe that the taxi driver would wait for Xiao Chen after he had been dropped off at Longshan Cliff. That he would leisurely watch him jump off the cliff. This made Cheng Mengying not believe what she had heard.

Certainly the news about Xiao Chen was false. Though she did not like the relation between her and Xiao Chen, she still knew the personality of the playboy. Even though Xiao Chen paid no attention to her in the slightest and pursued other women, she still knew of his mischievous actions.

[TLN: Slightly veered off from original translation. But made it in a way that made more sense as it previously disrupted the flow.]

“Daydreaming about Xiao Chen?” Shen Jingxuan jokingly said. She was one of Cheng Mengying’s friends and had witnessed Xiao Chen harass a girl. Shen Jingxuan did not belong to one of the nine families, but from a mystical family. This made her the object of pursuit by sons from influential families.

Unlike Cheng Mengying who had a cold personality, she was warm to everyone, making people feel like spring’s breeze had swept over them.

“What do you think about the news? With this you will have lost a suitor, meaning less trouble for you.” Cheng Mengying did not want to admit that Xiao Chen had also pursued Shen Jingxuan, while he was engaged to her.

“I hope that the rumours are false, Xiao Chen was already born with bad luck.” Though Shen Jingxuan was concerned, she did not hold Xiao Chen in a special place.

[TLN: Referring to him not being able to cultivate inner-energy as “born with bad luck”]

Cheng Mengying knows Shen Jingxuan’s personality, in truth, she also hoped that Xiao Chen has not died. Even though she dejected the engagement between her and Xiao Chen, as Shen Jingxuan said, he simply had bad luck.

[TLN: When it says “she also hopes...” It’s referring to her (Cheng Mengying).]

If were not for his grandfather, Xiao Chen would not be so unrestrained. Therefore Cheng Mengying always felt gratitude towards Xiao Chen, however did he ever put her in his eyes?

[TLN: Basically Xiao Chen not making trouble for her, thus her gratitude.]

Shaking her head, Cheng Mengying walked over to the book shelves to read and to forget about these things.

While the news was spreading around school, Xiao Chen had started to run back. This journey required him to run over twenty kilometres, though it would be difficult for normal people, every night for the past ten years he exercised to try cultivate his inner-energy. This naturally made his body very strong, if not he would be dead before he ran the whole way.

Certainly he could run halfway and use the remaining \$40 or so dollars for a taxi. But currently Xiao Chen needed the money, so he continued to run.

[TLN: Remember, saving money is key!]

After sometime, Xiao Chen had made it to the school. To his surprise, the first person he bumped into was Chen Jingpeng!

High Comprehension Low Strength - Chapter

7

Once they had seen each other, Xiao Chen did not bother to greet him, he simply wanted to go back to his room and practice the mental mantra. Strength, this is what he had always wanted from birth, now that it was so close, how could he not worry about it.

[TL: Mental mantra was the cultivation technique that Tian Lao passed onto him.]

Xiao Chen did not want to talk to Chen Jinpeng, but seeing that Chen Jinpeng widened his eyes in horror like he saw a ghost, pointed at Xiao Chen and said “You...You...You’re not dead ?”

Xiao Chen was quietly looking at Chen Jinpeng, while maintaining his composure he replied “Chen Jingpeng, is something wrong with your head? You’re the one who died”

[TL: Troll]

Xiao Chen was pushed off the cliff, only himself and the person who pushed him knew, unless the person who pushed him was connected to Chen Jinpeng.

[TL: At this time he doesn’t know that the news about him had spread.]

Xiao Chen was not stupid, his father had gone missing, expelled from the Xiao family, could not cultivate Qi and was pushed off a cliff by an unknown assailant. All of this was too coincidental, like an invisible hand behind the scene.]

But to find out what truly happened, Xiao Chen must become stronger. For that to happen, while he’s weak he must maintain his image of being a playboy.

“What’s this?” Chen Jinpeng had not cared that Xiao Chen scolded him; in fact he was still shocked. The rumour that Xiao Chen jumped off Longshan cliff to

commit suicide had long spread through the school. So initially when Chen Jinpeng saw Xiao Chen he was scared, but after, confirmed he was not a ghost. Chen Jinpeng sneered “Not dead, you certainly have good luck.”

At this time, Cao Yuliang walked over and saw Xiao Chen, a hint of surprise flashed through his eyes “Xiao Chen, a taxi driver said that you jumped off Longshan Cliff to commit suicide, it seems that those rumors were not true!”]

“Big brother!” Chen Jinpeng said, he hurriedly threw Xiao Chen under the bus and said “Big brother, just before Xiao Chen dared to scold your subordinate by saying I was brain dead, what should we do?”

“Well now, we are at school.” Cao Yuliang beckoned with his hand, of course if they were not present at school he would act, but Cao Yuliang saw Cheng Mengying coming their way.

“Dreams do come true!” Cao Yuliang was currently feeling great; Xiao Chen and Cheng Mengying had broken off their engagement, meaning he could freely pursue her.

Cheng Mengying paid no attention to Cao Yuliang, she saw Xiao Chen, which was the reason she walked over. Cheng Mengying was confused in her mind, why did she walk over? Did she care about Xiao Chen?

Before, Xiao Chen was pursuing Lin Keer and Shen Jingxuan while engaged to her, she had wanted to strangle him. She was his fiancée and he gave her no face by doing so. But when she heard Xiao Chen committed suicide, Cheng Mengying’s anger dissipated and worry filled its place.

“Eh...Why should I care about him? Yes, he used to be my fiancé, but now that engagement has been broken, meaning I have no responsibility towards him.” Cheng Mengying kept this in her heart.

But on the surface, she gave Xiao Chen a cold glance and said “Hmph! Good that you didn’t commit suicide or people would think that Cheng Jia persecuted you to death!

After she finished saying that, Cheng Mengying did not stay, turned around and left. Cao Yuliang thought that Cheng Mengying despised Xiao Chen, half followed and flattered her by saying “Ahh Miss Mengying, if that Xiao Chen

fellow had died, your reputation would have been affected. I'm truly worried that when he does die, that people will berate you!

Cheng Mengying did not even look at Cao Yuliang, as she proceeded straight to the entrance of the school to enter her car.

"Xiao Chen, take it." The one who spoke was Shen Jingxuan, she had passed an envelope to Xiao Chen, smiled, turned around and left.

Cao Yuliang's attention was on Cheng Mengying, who naturally did not pay attention to them. But Chen Jingpeng saw, he held Shen Jingxuan in his heart. But she was also in the eyes of his brothers pursuit, thus he can only endure.

Xiao Chen took the envelope, which had the lingering warmth of Shen Jingxuan. He did not consider that Shen Jingxuan liked him, as she could be said to be a noble lover, as she was kind to everyone. She would often take part in charity events and so the money she gave could be regarded as nothing.

Moreover this matter was incited by Cheng Mengying, this is what Xiao Chen believes. Only Cheng Mengying knew that he could not pay for his meal.

"Oh..." Xiao Chen put the money away, although it was not much, it would be used for food and clothing. It looks like his ex-fiancee's heart was quite good, but was covered by her indifference.

This was especially prominent with Shen Jingxuan, as if Cheng Mengying treated her like she did to others, they would not be good friends.

Although he received money, he was not happy. This was because the news of him had spread around the school. Who was it that spread the rumour? Cheng Jingpeng? Cao Yuliang? Or was it the driver?

Who wanted to harm him? The taxi driver was probably an excuse; the rumour must have been spread by the murder. At best the taxi driver was told where to go, as why would he drive to Longshan cliff out of everywhere else?

Of course there's a possibility that it was a coincidence, but he needed to focus on who spread the rumor at school.

"Sigh...One step at a time." Xiao Chen thought that he should first increase his strength and then slowly find out the person who plotted against him. At the

same time he was puzzle. Who would bother to kill a playboy? What advantages would that bring them?

Xiao Chen walked all the way back to his room, while being constantly pointed at. Xiao Chen turned a blind eye to these people, as he watched the rumors of him being alive spread.

High Comprehension Low Strength - Chapter

8

Xiao Chen's dormitory was separated to the other dorm rooms, but Xiao Chen had been enrolled for three years and had not lived there, inside, the furniture was covered in a thick layer of dust. Fortunately, this was still his dorm, otherwise Xiao Chen would have to sleep on the streets.

The dormitory was paid when he was admitted, so Xiao Chen did not need to worry about payments.

Dust on the furniture, Xiao Chen refused to pay attention to trivial matters and sat cross-legged on the bed. Ready to begin cultivation, with the mantra given to him by Tian Lao. After all, he yearned for strength for too long, and now had the opportunity turn his situation around, made Xiao Chen impatient.

Xiao Chen sat there and started to recall the cultivation method, Xiao Chen did not know how the method was passed on, just as he recalled, suddenly in his mind a formula scroll appeared!

The scroll was vivid, as if he had seen it before. Presumably, this was Tian Lao's knowledge, but he still did not know how it transmitted into his mind.

"Battle to seize the heaven?" This name is quite strange! However, Xiao Chen did not care too much, generally methods would have strange names. For example he read a book called "Personal biographies of the master's school." Novel, which had a forest God practicing what was called "shaft driving the dragon". However, the mantra had a better name "battle to seize the heaven", which rather made it fierce, and allowed one to soar through the clouds.

[TL: Imo "Battle to seize the heavens" sounded better...]

Xiao Chen started to recall information on "battle to seize the heaven", although this and his previous cultivation methods were different, Xiao Chen was

still familiar with the acupuncture points and meridians to circulate the energy into.

Although Xiao Chen thought that this “battle to seize the heaven” was somewhat strange, he had not come across anything similar to it and braced himself to practice.

According to Tian Lao’s information that was left behind in Xiao Chen’s mind, to cultivate true Qi, the first step is to form Qi in its gas state, in accordance with the mantra, let the gas cycle through his meridians. As long as he is able to succeed in doing so, it will equal to him setting foot at the threshold of cultivating true Qi.

It was difficult at the start, but for a madman like Xiao Chen, it was nothing. To make the body produce qi in its gas form, even for an average person, after getting used to it, how trivial is it? Especially when Xiao Chen had practised in his basement for several years, comparing each other, this was nothing.

Once again, Xiao Chen tirelessly started the cycle of the mantra, although he felt no changes to his body, Xiao Chen thought that Tian Lao would never deceive him, therefore he repeated the mantra over and over.

Eight, nine, ten, eleven and twelve cycles were completed until it was morning. Although Xiao Chen repeated the cycle of the mantra, he suspected that “battle to seize the heaven” was unsuitable for him to practice. After such a long time, it had not responded to him, was his qualifications too poor or was he practising it wrong.

Just as Xiao Chen was doubting the mantra, his chest felt slightly cool, then he felt this air flow from his chest and spread along his meridians and in his mantra, the air was getting larger

At this moment, Xiao Chen wanted to scream. He successfully cultivate his Qi into gas form, which would mean that he was able to cultivate true Qi? Thinking of this, Xiao Chen clenched his teeth and repeated the cycle of the mantra once more, circulating the Qi throughout his meridians.

With the increase of Qi in Xiao Chen’s body, Qi started to circulate through his meridians, this made Xiao Chen cry out in pain. This was the first time Qi circulate through his meridians, the feeling of being pierced did not stop Xiao

Chen from continuing.

Since childhood, Xiao Chen believed in the words “no pain, no gain”

[TL: Do remember this is set in modern day era.]

That is why Xiao Chen, for several years, continued to exercise in his basement diligently. But sometimes it's not that one cannot achieve it in a certain way.

[TL: More than one way to succeed.]

Xiao Chen's physique was unable to cultivate Qi, therefore when he was able to feel Qi, Xiao Chen was excited, even if he was in incomparable pain.

Finally, under Xiao Chen bearing through the pain, he could feel all the meridians in his body filled with Qi. Even though he kept circulating the Qi through his meridians, Xiao Chen sense that his meridians weren't being torn and in pain, instead a warm comfortable feeling passed through his meridians. Xiao Chen did not know how long the Qi had been circulating through his body, but it suddenly stopped, rapidly welling up in his dantian. All of the built up Qi gathered in his dantian, Xiao Chen thought that it would explode, but instead started to compress, turning Xiao Chen's face red.

Won't have problems? Xiao Chen clenched his teeth not knowing what to do, he wanted to stop the mantra, but did not dare to as he knew far too less. Practising with great difficulty, and able to form Qi, Xiao Chen was unwilling to give up.

[TL: Originally said practiced for such a long time...but it like seem he only practiced for a night..]

“Bang!” Xiao Chen felt his body shake, as if something broke in his body, pain surged throughout his body, but as if something broke, a pleasant sensation was released.

By now Xiao Chen had stopped cultivating the mantra, if he kept at it, who knows what would happen later, power is important, but so was his life.

After stopping the mantra, Xiao Chen quickly checked his body to see if there were any problems, but as Xiao Chen began to check his ears, suddenly a voice rang out, giving Xiao Chen a scare!

High Comprehension Low Strength Chapter 9~

Big Matter!

“Xiao Chenzi, not bad ah, breaking through the First Layer of LianQi so soon? I thought you would require a few more days!” This sudden sound, during the quiet morning, scared Xiao Chen’s heart to almost exploding.

This is Tian Lao’s voice! After Xiao Chen recognized the voice, and let out a sigh: “I say, Tian Lao, will you stop frightening me, don’t you know that if you suddenly speak, someone can be scared to death? Also, don’t call me Xiao Chenzi, it sounds like an eunuch’s name....”

“Then next time, when I want call attention to you, should I speak?” asked Tian Lao jokingly: “Xiao Chen, Xiao Chen, Xiao Chenzi, is there a difference?” (TLN: First ‘Xiao Chen’ is his name, but second and third are endearing and joking names)

“....” Xiao Chen was speechless, you want to call attention to me, but suddenly don’t want to talk? But thinking about it, Tian Lao and my contacts, is only speaking, so what does he want? As for what Tian Lao calls me, there aren’t any other people anyway, so let him.

“Never thought that ah, your XiaoZi’s strength is very pure, after just breaking through First Layer LianQi, it astonishes me.” Tian Lao wasn’t just a bit surprised, but astounded, suddenly cried “Hey”: “Not right, XiaoZi, didn’t you cultivate the mental mantra I gave you? Your strength, and my strength isn’t the same ah....” (TLN: XiaoZi means ‘kid’)

“Naturally, it isn’t the same as your awakening?” Xiao Chen, a bit surprised, said.

“Can use, I also wonder why you can use, however it certainly isn’t!” Tian Lao said with certainty: “Your body’s strength, absolutely is different from my strength, are you sure you cultivated the mental mantra I gave you?”

“It isn’t a lie!” Xiao Chen rolled his eyes: “If I had other mental mantras, I

would have already been practicing, why would I push myself down a cliff? My practice, definitely is the 'Final Battle to Control the Heavens' that you gave me!"

"What?" Tian Lao was stunned for a moment: "What 'Final Battle to Control the Heavens', what thing is that?"

"The mental mantra you transferred into my mind ah!" Xiao Chen replied.

"Pff...." Tian Lao nearly laugh-sprayed upon hearing this: "What battle, it's called 'Seizing Good Fortune War Mantra', it's a mnemonics mantra, not a battle mantra, Xiao Chenzi, you're blind ah!"

"Seizing Good Fortune War Mantra?" Xiao Chen was dumbfounded, looked carefully in his mind sea, that 'Mantra' certainly wasn't a 'Mantra' chant, but the words were really similar, just a little different, Xiao Chen's first impressions, looking at 'Final Battle', just always considered it 'Battle', that is to say, this word, is read backwards?

"Xiao Chenzi, don't you know that these mental mantras are antiques? It's to be read right to left!" said Tian Lao helplessly: "How can there be such a strange name, in addition to 'Final Battle to Control The Heavens'!"

"This....Tian Lao, let me ask, those following mental mantras, each of them are read right to left?" Xiao Chen's mind was a little apprehensive, and hurriedly asked.

"Yeah...." Tian Lao said up to here, then changed his tone: "I say....you're not cultivating left to right are you?"

"Right...." Xiao Chen wanted to burst into tears, I'm fucked, what is the matter ah, no one ever told me, that mental mantras have to read right to left ah!

These words occupy one line, each mnemonic not occupying more than one line, so when Xiao Chen was reading, nothing was out of the ordinary, so such cultivation continued, but, Tian Lao told him, he was practicing backwards....

"Then you can also cultivate?" Tian Lao felt it was a bit unbelievable, this is too genius right?

"If not by cultivating, then how did you awaken?" Xiao Chen was a little

anxious: “I say Tian Lao, you aren’t misleading people? You won’t say that it’ll lead to a stupor? Currently I’m practicing backwards, there’s no harm right?”

“What do I know....” Tian Lao’s voice was somewhat odd: “Who would have thought, your cultivation is cultivating backwards, this is the first time I’ve heard of this! Moreover, you don’t understand Antique knowledge?”

“Then what should I do now? Should I re-cultivate?” Xiao Chen asked with a bitter smile.

“That is absolutely impossible!” Tian Lao immediately said: “Every cultivation insight, can only practice one mental mantra, being faithful, should you change to a random mental mantra, then practice both mental mantras lightly, it can lead to an overstatement to a disabled person! Therefore....you can practice backwards, then just continue to practice, I also don’t know what will happen....”

“What do you mean, will I not be able to become an expert?” Xiao Chen’s heart tightened upon hearing this, was unwilling, a good opportunity in front of oneself, but now wasted, this is really fucked up.

“This isn’t easy to say....however, your backwards cultivation, I actually remembered a matter....” Tian Lao said.

“What matter?” Xiao Chen asked.

“A long long time ago....when I was small, when I did obeisance to the sect, during the time my Master gave me the ‘Seizing Good Fortune War Mantra’, he said some strange words....” Tian Lao thought of some past events, said with some sorrow: “He said to me, ‘Seizing Good Fortune War Mantra’, following a rule has an opposite rule since time immemorial, although he studied it for a lifetime, without knowing the essence of this sentence, but I still have not understand, it could be possible that he meant, this ‘Seizing Good Fortune War Mantra’, can be cultivated backwards?”

“....” Xiao Chen’s heart was moved, but then he shook his head, it was too crazy: “Tian Lao, are you comforting me?”

“Not comforting, perhaps, your way of cultivation, is correct?” Tian Lao was also a bit confused: “But, in any case, you’re a First Layer LianQi expert!”

“First Layer LianQi, what rank is it?” Xiao Chen asked.

“Generally speaking, First Layer LianQi, in terms of strength, is approximately equal to a First Layer Inner expert!” Tian Lao said.

“What?!” Xiao Chen was shocked: “Tian Lao, you mean, my one night cultivation, is equal to a First Layer Inner expert?”

“It isn’t equal, it’s approximately equal.” Tian Lao replied.

“In other words, it’s a bit away compared to a First Layer Inner expert?” Xiao Chen was thinking, just missed a bit is worth ah, my one night caught up with other people’s long time of cultivation.

“I say Xiao Chenzi, when did your thinking change ah? I have already told you, we are those who comprehend, in order to fight those stronger, right now you’re almost a First Layer Inner expert, but, your ability in magic, is in fighting nothing else!”

“Magic?” Xiao Chen gave two hollow laughs, his problem wasn’t his change of thinking, but that First Layer LianQi was too easy to reach, it let Xiao Chen subconsciously think that a First Layer Inner expert wasn’t powerful.

High Comprehension Low Strength - Chapter 10

Caught In a Dilemma

“Right, for example Transformation, Stealth, Tracking, Targeting, Healing, Farming(Ripening Planting), Pill Refining....” Tian Lao replied: “I can transfer all layers of every corresponding spell and how they are used to you.”

Tian Lao’s voice faded, Xiao Chen’s mind flashed, there was another scroll, recorded above, was each layer’s comprehension of spells and methods use. Xiao Chen saw that the First Layer LianQi spells could be used, fuck, there’s nothing at all!

“Tian Lao, this First Layer LianQi, how is there nothing?” Xiao Chen asked depressedly.

“A First Layer Inner fighter, just has to keep fit, can display the limits of their physical prowess, this is pretty fierce is it not?” Tian Lao counter-asked.

Xiao Chen was surprised for a moment, then nodded his head! Indeed, a fighter’s Inner Strength was divided to First Layer, Second Layer up to Tenth Layer.

First Layer Inner, achieves a strong and healthy body, is able to display their full strength, that is to say, it can display 100% of a normal human’s strength, while Second Layer Inner, can display twice the physical limit, Third Layer Inner can do three times, and so on!

And so, even if it is equal to a Third Layer Inner expert, there is also a gap, but

this gap isn't particularly wide, those able to cultivate a fighter's Inner Strength, generally their physique isn't weak, the displayed limits of power are about the same, of course excluding the fighters with Inborn Divine Strength, these fighters, once they start cultivating, they would become kings of the Martial World!

Inner Strength is common practice for a fighter's Kung Fu, similar to mental mantra, even if there is a difference, it is basically about the same, so it's fairly easy to distinguish, even those who don't practice Inner Strength, when fighting an Inner Strength user, they can determine the strength level of the fighter.

Of course unless they were ordinary people that didn't understand fighting, but Xiao Chen's First Layer LianQi isn't the same, this is a very vague concept, Xiao Chen himself felt his own strength limit, it wasn't as Tian Lao said, he thought that First Layer LianQi had no use, it was just the start!

Thinking up to here, Xiao Chen's excitement rose, and punched the wall of the dormitory as he passed by!

"Hong——"

A loud sound, the dormitory wall splintered and began to fall into pieces. Although it was thick concrete and wasn't damaged, this is only in the case of a normal person's strength limit, if one wants to punch down concrete, then better have Inborn Divine Strength.

"Hiss——" Xiao Chen sucked in cold air, he didn't think he could cause such a loud sound, this big sound during the quiet early morning was unusually loud ah! Didn't know if others would consider it an earthquake?

Anyway, Xiao Chen clearly felt, this was really the strength of a First Layer Inner fighter, he could elevate his strength to its limit, these ten years, the height that Xiao Chen couldn't reach. (TLN: Using 'elevate' and 'height' was a really bad joke on my part...)

"Tian Lao, this 'Final Battle to Control the Heavens', is simply too powerful!" Xiao Chen said excitedly.

"It's 'Seizing Good Fortune War Mantra'...." Tian Lao said while perspiring.

“Isn’t what I’m cultivating ‘Final Battle to Control the Heavens’?” Xiao Chen nevertheless replied.

“Okay then, it is.” Tian Lao wasn’t clear on what Xiao Chen’s mental mantra was.

Xiao Chen felt as if his body was reborn, for these ten years, it had never been this comfortable during the morning! There was still time before class, still a few hours, calm down, think about what happened yesterday.

Father disappeared? Nevertheless, before confirming this news, father had disappeared for more than 6 months, many people said that father’s team fallen from the sky, but Xiao Chen didn’t believe his father would fall from the sky.

Inside Xiao Chen’s heart, his father was a role model, as well as the target of his efforts. Although Xiao Feng’s qualifications were inferior to Chen Mingying’s brother-in-law, Chen Family’s younger generation of talent, Xiao Feng and Xiao Chen were the same, absolute effort, this allowed him to become one of the best experts of the younger generation!

The trial was worse than father’s strength so it should have been a successful return, but father didn’t come back, so Xiao Chen felt it a bit strange, with father’s strength, there shouldn’t be any surprises! That is to say, father’s squad falling from the sky, and yesterday’s Xiao Chen jumping for the suicide was similar, there were people putting out false information!

But yesterday’s matter, it gave a wake-up call to Xiao Chen, there were people who wanted him dead! These people, didn’t know if there was a connection with father’s disappearance?

Xiao Chen knew, every puzzle, can be determined only after he caught the culprit! It was just that, Xiao Chen was current out in the open, the enemy in the dark, this school, the people who disliked Xiao Chen was too much, it would be a bit difficult if Xiao Chen wanted to ferret out this person.

If not for Xiao Chen’s childhood cultivation of a calm countenance personality, yesterday’s fight, would already be enough to get him down, if he really was a useless idiotic dandy, maybe he probably would have already done suicide. (TLN: Dandy is playboy or someone who just spends their parents money)

When the news spread throughout the school that Xiao Chen did suicide, no one suspected Xiao Chen's suicide, instead it was weird that Xiao Chen didn't do suicide! Have to say, the manipulator behind the scenes is really sinister, killing him, and framing it with suicide.

Seeing it was almost time, Xiao Chen washed his face, got out of the dormitory, and went in the direction of the classroom. Along the way, there were fingers constantly pointing at Xiao Chen, maybe due to the satisfaction from the information that Xiao Chen was expelled from the Xiao Family had emerged today.

However Xiao Chen ignored it, only secretly frowning in his heart, under such circumstances, finding the people who want to harm me is difficult, at least Xiao Chen can see now, everyone couldn't possibly be his killer, but only the people who disliked him.

"Look, isn't that Eldest Young Master Xiao Chen? Where are you going so urgently ah?" A playful voice passed through Xiao Chen's ears, this is Zhao Yuliang's sound.

Xiao Chen stopped in his tracks, looked up, and coldly stared at Zhao Yuliang. With Xiao Chen's strength now, he could easily beat Zhao Yulian up, and although Zhao Family was flamboyant, Zhao Yulian was the same as his former self, he wasn't a cultivating Inner person, but, Xiao Chen feared Zhao Yulian's little brother Chen Jinpeng!

Chen Jinpeng was equivalent of a Second Layer Inner fighter, also Xiao Chen was reluctant to prematurely show off his strength, who knew if there were two people, or, if they were watching in the vicinity?

If they know that I already have First Layer Inner strength, they might want to kill me right? Changing his mind quickly, Xiao Chen couldn't think of any means.

High Comprehension Low Strength - Chapter 11

Here's Chapter 11~

Chapter 12 will probably be released on either Saturday or Sunday, most likely Sunday. That's all~

Chen Jinpeng's Insanity

“Little Chenzi, you’re nervous ah?” As Zhao Yuliang’s playful voice faded, Tian Lao’s joking voice sounded in Xiao Chen’s ear.

“Fuck! Tian Lao, can you not add to the trouble, I’ve been embarrassed enough!” Xiao Chen responded a bit helplessly.

“Ha, Eldest Young Master Xiao can also look so cold? This look is quite sharp ah, I’m so scared ah!” Zhao Yuliang saw Xiao Chen’s cold eyes, without the slightest sliver of fear, and even laughed unscrupulously.

Yesterday with regards to Xiao Chen not dying matter, Zhao Yuliang was a bit annoyed, his mother’s eggs, he had booked a table at Jade Sea Heavenly Temple city’s largest hotel Song Ning, ready to celebrate with his new little brother Chen Jinpeng and little brother Yigan Yiqian about Xiao Chen’s death! (TLN: No idea if Yigan Yiqian is a name or not)

However he didn’t expect that, after just going to the school gate to see that Xiao Chen was kicking, how couldn’t he be annoyed? Originally yesterday wanted to fix Xiao Chen up to purge his anger. However when he wanted to, Cheng Mengying appeared. In front of Cheng Mengying, Zhao Yuliang couldn’t be too overbearing. Although Zhao Yuliang knew that Cheng Mengying didn’t like Xiao Chen, but in front of her, he couldn’t beat her ex-fiance, it would be like slapping her face, so Zhao Yuliang endured!

Only, this morning when he heard a little brother’s report, he was driven to the limits of forbearance! The night before, Chen Jingxuan took an advantage in pursuing Cheng Mengying, unexpectedly slipping Xiao Chen a packet of money! Although he knew the personality of Chen Jingxuan, when encountering beggars giving charity once or twice, but, if not for Cheng Mengying telling Chen Jingxuan that Xiao Chen had no money, why would Chen Jingxuan give money to Xiao Chen?

Why would Cheng Goddess show so much concern for Xiao Chen? Is it just

because Xiao Chen was her former fiancé? Thus, when shamed until anger, Zhao Yuliang just bought Chen Jingpeng and a few little brothers early in the morning to block Xiao Chen, ready to teach him a lesson, and then afterwards warn him from approaching Cheng Mingying.

“Hehe, do you need help?” Sounded Tian Lao’s voice again.

“Help? You can help?” Xiao Chen frowned slightly, even if Tian Lao helped him fight, that’s still exposing strength right? That’s not what Xiao Chen wanted to see.

“Of course, I don’t plan on showing both hands, do you admire me, this master? Now it looks like, you don’t respect me ah!” Tian Lao said with pretended force.

Xiao Chen wanted to talk a bit to Tian Lao, when Chen Jinpeng who wasn’t so far behind from Zhao Yuliang, pretending to just have found this situation, opened his mouth to say: “Aiya, isn’t this boss! Boss, did you encounter any trouble? Little brother is here, just say it boss!”

Chen Jinpeng deliberately did this, also wanting to humiliate Xiao Chen, to let Xiao Chen feel a difference of Heaven and Earth. To beat up Xiao Chen so ruthlessly that he would feel inferior.

“Haha, Xiao Chen, if I were you, I would be unable to show my face, you don’t mean to tell me, you also need a little brother to protect you? Oh, right, there’s also your former fiancée!” Zhao Yuliang was also acting with Chen Jinpeng: “If I were you, afraid that already ashamed to not showing my face, even if not commit suicide, would quickly transfer, still have face here? I’ll give you one piece of advice, in the future, stay away from Cheng Mengying!”

Transfer? Xiao Chen’s mind had a slight movement, right ah, he could transfer ah! Here, he stood out, had to fight against someone in the dark, wanting to catch him would be countless suffering and hardship, but if he transfers, the person that wants to kill him, would have to go to the new school to find him, in this way, the familiar faces will be exposed!

Xiao Chen didn’t think, Zhao Yuliang’s advice would inadvertently remind him! However...Xiao Chen smiled bitterly immediately, the him right now, was a Xiao Family’s Young Master that lost his home, wanted money there was no money,

want background had no background, what could he use to transfer?

No paying the transfer fees for a new school, would anyone let him go?

“Okay, Chen Jinpeng, Zhao Yuliang this goods dare to insult me, beat him up for me, until his mother can’t recognize him!” Xiao Chen suddenly shouted loudly! But, Xiao Chen heart tragedy was, this wasn’t his motherfucking shout ah, it was bastard Tian Lao who took over his body, and shouted!

Therefore, this sentence from Xiao Chen made Zhao Yuliang and his little brothers stunned, this Xiao Chen again **, shouldn’t be stupid to this state right? Chen Jinpeng made it clear that he wanted to humiliate him, did he really believe?

Only, what made Zhao Yuliang even more surprised was, Chen Jinpeng actually shouted loudly: “Yes! Boss, don’t worry, Zhao Yuliang dares humiliate you, I’ll let him know, the person insulting must be disgraced!”

“?” Zhao Yuliang was a bit surprised, somewhat surprised to see that Chen Jinpeng being the same, he thought that Chen Jinpeng didn’t need to act anymore right? However, the next moment, he saw a fist in front of him getting larger, and kept enlarging....

“Peng!”

Zhao Yuliang’s face suffered a punch from Chen Jinpeng, and Zhao Yuliang immediately screamed ‘Ah’, took two steps back with a nosebleed, looked aghast at Chen Jinpeng: “Chen Jinpeng, you...”

“Peng!”

What answered Zhao Yuliang was an overcast leg, Chen Jinpeng directly kicked Zhao Yuliang’s ‘little brother’, Zhao Yuliang suddenly clutched his crotch and jumped back, sweating in pain!

Chen Jinpeng was a Second Layer expert ah, this attacking Zhao Yuliang body, like he didn’t want his life!

“Fuck your mother, Chen Jinpeng, have you gone crazy!” Zhao Yuliang yelled out.

Only, Chen Jinpeng’s answer to Zhao Yuliang was a slap to the face.

“Pa!”

Zhao Yuliang’s face was beaten.

Zhao Yuliang’s younger brothers were stunned seeing Chen Jinpeng’s fight, with doubts in heart, this Chen Jinpeng isn’t playing out an internal affair ah? Before pretending refuge, was actually a chance to humiliate Zhao Yuliang at an appropriate opportunity?

But....this makes no sense ah! Xiao Chen had already lost everything, a young master in dire straits, where did he have the same compatibility as Zhao Yuliang?

Zhao Yuliang, and his little fellows were shocked!

“Stop, stop for me, beat this lunatic up for me!” Zhao Yuliang and several of his little brothers angrily shouted.

These little brothers hesitated, they surely were Zhao Yuliang’s little brothers, but they weren’t bodyguards. They were only school students, and the most powerful was only a First Layer fighter. Chen Jinpeng was a Second Layer fighter, this wasn’t a secret in Zhao Yuliang’s circles, that was also the reason why they didn’t dare to start!

However now, Zhao Yuliang has commanded, these little brothers didn’t have the means to refuse. They could only bite the bullet, or else the consequences would be even more severe.

Thus, Xiao Chen’s eyes looked at the tangled warfare. Chen Jinpeng went all out on beating Zhao Yuliang, while the little brothers of Zhao Yuliang were trying to beat Chen Jinpeng. Fortunately Chen Jinpeng’s was as if possessed, just attacking Zhao Yuliang, indifferent to the little brothers trying to beat him.

High Comprehension Low Strength - Chapter 12

Zhu Yingxiong

To be honest, the people shocked was not only Zhao Yuliang and his brothers, there was Xiao Chen himself!

He thought it was strange, Chen Jinpeng suddenly attacking Zhao Yuliang like a madman, putting on an exciting show of dog fights dog. Right, it's Tian Lao!

Xiao Chen suddenly remembered the words Tian Lao said before, 'do you need help', this is probably Tian Lao's sinister plot, but how did Tian Lao do it?

"Tian Lao, it's your doing, right?" Xiao Chen at this moment, gained back control of his body. It was just for a moment that Tian Lao took over his body.

"Hehe, Little Chenzi, seems like you're not stupid, right, it was my doing." Tian Lao replied proudly. (TLN: The 'my' in this sentence is referring to himself as a venerable man)

"You....how did you do it?" Xiao Chen was very astonished, refusing to acknowledge Tian Lao's cocky pretended force tone.

"Comprehension, by having a strong spiritual force, impacting others thoughts can be done." Tian Lao replied. (TLN: I don't know what "修真者" is, so it's 'Comprehension' for now.)

"Influencing other people's thoughts?" It dawned on Xiao Chen, and he could not help but be excited: "Originally it was this, comprehension is actually this overpowered?" Initially, Xiao Chen thought that comprehension was an

alternate route, through special methods, to achieve the strength of a fighter, but now it seems, this wasn't how it was!

"Nonsense, comprehension is a high-end and overpowered profession, how about it, this teacher was pretty powerful right? Are you convinced now?" Tian Lao asked.

"Very powerful, but when can I influence other people's thoughts?" Xiao Chen asked with some expectations.

"You're just First Layer LianQi, don't aim too high." Tian Lao reminded him.

Xiao Chen was unwilling, really wanting to ask, when the sound of snorting and huffing asked: "Tian Lao, Tian Lao, I heard Chen Jinpeng that domestic animal and Zhao Yuliang wants to make trouble with you, I'm not late right? This Old Zhu has come!"

Xiao Chen turned around and saw a huge bandaged sphere running here extremely quickly. The speed didn't match his body, however the speed was extremely fast!

Xiao Chen's heart moved a little, the person coming was another of his little brothers called Zhu Yingxiong. Yesterday, when Xiao Chen fell into dire straits, Zhu Yingxiong didn't come to school, so Xiao Chen subconsciously thought, 'Zhu Yingxiong is also ungrateful, betrayed him', didn't think that this early morning would run over. What surprised Xiao Chen the most, was that he was wrapped in bandages, and had simply become a mummy ball.

"Zhu Yingxiong?" If not for his body and voice, Xiao Chen almost wouldn't have recognized him.

"Boss, have I arrived late ah....eh?" When Zhu Yingxiong ran over here, actually stunned looking at the scene, Chen Jinpeng, Zhou Yuliang, Zhou Yuliang's little brothers were fighting, this is simply chaos ah!

"Fuck, Boss, they haven't gone crazy right?"

"Who knows? Before Zhao Yuliang came looking for trouble, Chen Jinpeng told me that he wanted to help me teach a lesson to Zhao Yuliang, so I accepted, and you see the results..." Xiao Chen shrugged, and said with innocence.

Indeed he was innocent, it had nothing to do with him, it was obviously Tian Lao.

“Could it be that this domestic animal is actually playing out internal affairs? Wrong ah, this isn’t his character ah, he isn’t really crazy right?” Zhu Yingxiong looked surprised at Chen Jinpeng who was in the middle of the fray, said to himself. (TLN: Acting in a play is roughly what ‘playing out internal affairs’ would mean)

“Who knows, let’s go, don’t bother with them.” Xiao Chen said to Zhu Yingxiong, beckoned his hand to Chen Jinpeng, and said: “Jinpeng, you did a good job!”

Chen Jinpeng was still madly beating Zhao Yuliang, and Zhao Yuliang protected his vital areas at the same time, in the eyes was a flash of malice, Xiao Chen, don’t be proud of yourself!

“Boss ah, you aren’t really expelled from Xiao Family right?” After the two left, walked into the classroom, Zhu Yingxiong asked.

“Not wrong....” Xiao Chen sighed slightly and gazed at Zhu Yingxiong’s face, however, what Xiao Chen saw in his eyes, was worry and concern without the slightest ridicule or gloating. Seeing this, Zhu Yingxiong isn’t a two-faced vile person, yesterday he didn’t appear, I have wronged him, his injury, estimated to have relations for not going to school yesterday!

“Ah? It’s real ah! Fuck, then the broken engagement is also real?” Zhu Yingxiong exclaimed.

“Also right....” Xiao Chen nodded.

“Forget it, there are plenty of girls, Boss, you also have me ah!” Zhu Yingxiong comforted.

Xiao Chen felt a chill....also have you?

“Right, how did you get injured? Right now I’m already not a Eldest Master Xiao, how can you still call me boss?” Xiao Chen asked.

“Fuck, once a boss, lifetime is a boss, I’m not Chen Jinpeng that domestic animal, as for this injury....it’s from falling....” Zhu Yingxiong was obviously

reluctant to mention his injury.

“Old Zhu, thank you.” Xiao Chen’s heart was touched, only, Xiao Chen looked at Zhu Yingxiong’s eyes, asked: “You jumped off a cliff? Entire body can be covered from a fall injury? Who are you kidding?”

“E....” Zhu Yingxiong’s face delayed a bit, bitterly smiled: “Fuck, indeed is Boss, one glance can see all the flaws. Okay then, to be honest, yesterday I learned that you were kicked out of your house, Cheng Family broke off the engagement, so I went to school to back you up, but my father didn’t agree, so I got into a argument with him, and as a result I got beat up like this....”

Although Zhu Yingxiong’s words were simple, however Xiao Chen knew, the circumstances was probably more intense, for the argument to make him into this appearance, could an argument accomplish this? Xiao Chen’s mind, only deeply moved, Chen Jinpeng that domestic animal doesn’t count, just having Zhu Yingxiong as a younger brother is sufficient! Knew that, Zhu Yingxiong would never betray, however he was dandy Eldest Master Xiao ah!

“Then how did you come out?” Xiao Chen felt it was a little weird, after being beaten into this kind of state, how did Zhu Family agree with Zhu Yingxiong’s running out today.

“Hehe, it was my family’s Ancestor who opened his mouth, told my father not to bother with my matters, if there’s a problem, Ancestor could carry it! Thus, my father’s didn’t even dare to fart!” Zhu Yingxiong replied proudly. (TLN: Broken English, but understandable. There’s no indication of male or female, so I have to keep it like this.)

Xiao Chen nodded, Zhu Family’s Ancestor, Xiao Chen knew, only that Ancestor could utter such arrogant words. The juniors from other families kept an arm’s distance from Xiao Chen, fearing the wrath of their families, while Zhu Yingxiong’s father wouldn’t let him and me communicate, actually it makes sense.

Respected families, consider the overall interests of the family through pros and cons, rather than personal interests, Zhu Family would naturally be reluctant to offend Cheng Family over small matters, however Zhu Family’s Ancestor spoke, so people in Zhu Family didn’t dare say anything, because, that Cheng

Family’s old household head wasn’t a rash person!

High Comprehension Low Strength - Chapter 13

Mutually Learning

Talking about Zhu Yingxiong's Zhu Family's placement, they actually had once been part of the Four Large Aristocratic Five Small Aristocratic Family Alliance, ranked at the last rank family. However, at last year's Aristocratic Family Conference, they were kicked out of the alliance.

While Zhu Yingxiong is the heir to the family, he normally didn't have a good time and had become Zhao Yuliang's bullying target. Xiao Chen, however, insulted Zhao Yuliang to help him out, and Zhu Yingxiong henceforth, became Xiao Chen's lackey.

To the former Xiao Chen, it was merely just a lift of a hand, but for Zhu Yingxiong, it was the grace of a flowing river, because Xiao Chen from then on let him live with more dignity!

Things afterwards, on the eve of the Family Conference, in Zhu Family's family conference, Zhu Family was ready to give up participating in the Family Conference. Being kicked out of the Aristocratic family ranks was already a certainty, and going would only be a loss of face, just more embarrassment, why look for abuse?

Only, around this time, Zhu Family's Ancestor had come home! In fact, to be honest, this Ancestor was Zhu Family's granduncle, he isn't a direct descendant, but even so, he is considered Zhu Family's Ancestor!

Just how powerful Zhu Family's Ancestor was, Xiao Chen didn't know, but he

did know that after Zhu Family's Ancestor came back, he went to Cheng Family. Later during the Family Conference, Cheng Family actually supported Zhu Family from being the last of the Five Small Aristocratic Families to the head of the Five Small Aristocratic Families!

Although Cheng Family was the head of the nine families, Cheng's Head proposed that Zhu Family be the head of the Five Small Aristocratic Families for no reason at all making them dissatisfied. It was just that, when the Ancestor appeared, the people present all shut up, and everyone agreed that Zhu Family should be the head of the Five Small Aristocratic Families...

However the Ancestor didn't have the idea of power in his mind, just as long as Zhu Family maintained its status.

The presence of such a powerful person, unexpectedly fancying Zhu Yingxiong, decided to make him the inheritor. Thus, Zhu Family's non-Fighter family had children embarking on the road of cultivation. But Zhu Yingxiong cultivated relatively late, and didn't even have First Layer Inner strength. He had just touched the edge of that barrier and this is also the reason his father beat him into this. (TLN: No, not the gay 'fancying'.)

Xiao Chen patted Zhu Yingxiong's shoulder, although there were no words, it expressed everything clearly.

Zhu Yingxiong's sincerity, Xiao Chen saw in eyes, it was just, he is faced with the situation that Zhu Yingxiong couldn't help. Zhu Family's Ancestor was also impossible just based on Zhu Yingxiong's relationship with himself, not to mention Zhu Yingxiong, Zhu Family's matter, that Ancestor wasn't multipurpose. (TLN: He means that just based on their relationship alone, the Ancestor couldn't be bothered)

"Right, Boss, you're all right? Yesterday I heard you committed suicide ah. I was living in the hospital and really couldn't move ah. Finally I got a little better this morning, then my several little brothers gave me a call, saying that Zhao Yuliang and Chen Jinpeng were seeking trouble with you! I'm glad you didn't commit suicide at the same time, while I was running over, feared that those trash asked you for trouble, however I didn't think that they would be fighting each other?"

“No problems....what could have happened?” Xiao Chen’s manner of speaking, with a tint of frustration: “Why would they fight, the reason isn’t clear....but it’s clear that Chen Jinpeng isn’t doing it out of conscience.”

“I also say that it can’t be, this kid is displeasing to my eyes, if not for him following you earlier than me, fuck, I would have long since done him in!” Zhu Yingxiong said.

Xiao Chen nodded, saying nothing further.

Zhu Yingxiong thought Xiao Chen was in a bad mood, also stopped speaking further. What he didn’t know was, the Xiao Chen now didn’t know what attitude to use to face Zhu Yingxiong, whether to show his original appearance, or continue to pose as a dandy?

If he continued to pose as a dandy, he would be seen as an ‘incurable sucker’, and maybe Zhu Yingxiong would see him as ‘incurable’ and also stay away an arm’s length. Of course, with Zhu Yingxiong’s character, it is unlikely to occur.

Zhu Family’s strength, as Zhu Family’s grandson Young Master Yingxiong, remained Xiao Chen’s little brother, without the slightest dissatisfaction, a little brother after Chen Jinpeng, simply was Xiao Chen’s sidekick.

Xiao Chen, naturally didn’t want to deceive him, but Xiao Chen was afraid of exposing himself. There were violent enemies plotting against himself, so within the contradiction, Xiao Chen can only pick temporary silence.

In the school building’s hallway, Chen Jinpeng and Zhao Yuliang with the others were still fighting it out, until the school’s security came, just to force them apart! This school was Chen Family’s investment building. While Chen Family was naturally a quiet family, the school’s security chief was actually a Second Layer Inner Fighter, but he was a Second Layer Inner Fighter Peak about to break through Third Layer Inner Fighter. This showed how powerful Chen Family was!

This is also the reason why Chen Family proudly stayed outside the Nine Aristocratic Families.

“Zhao Yuliang, Chen Jinpeng, what is this all about?” The security chief gulped and asked, dealing with these dandys, only the security chief personally stepped forward for the job: “Don’t you know that the school bans brawling inside the

school? Do you want to be expelled?”

Zhao Yuliang looked angrily at Chen Jinpeng, wanted to fight out the anger, but he didn't dare talk about the fighting matter. Although Xiao Chen had fallen, if the children from families troubled each other, this would be done in private, it couldn't be talked about on the surface. Once the school knew, then they would be severely punished!

Although these children from the families wouldn't be expelled, however this was Chen Family's school ah, if they were expelled, it would be shameful ah! They would be ashamed to lift up their heads in front of the children from other families!

Moreover, Zhao Yuliang wanted to pursue Cheng Mengying, if he was expelled, how would he pursue, and what face would he have to pursue?

“Chief Chen, the Aristocratic Families Conference is coming up soon, you also should know, when that time comes there will be a competition between juniors. I and Chen Jinpeng were just exchanging notes in advance, exchanging notes using action, this and fighting are two different matters!” Although Zhao Yuliang was aggrieved, however he didn't forget to stare at Chen Jinpeng's eyes, and asked: “Right? Chen Jinpeng?”

“Right, Chief Chen, but my strength was a little too strong, and Brother Liang....Zhao Yuliang had a little difference, so I let them try together, to balance the strength!” Chen Jinpeng's good explanation told of why Zhao Yuliang's little brothers joined in on the fight.

Chief Chen naturally didn't believe them, but he also knew Xiao Chen had fallen and his little brother Chen Jinpeng switched to Zhao Yuliang's side. That is to say, Zhao Yuliang and Chen Jinpeng were a group, they had no reason to fight!

However, even if it was comparing notes, why the extreme methods? These two people were obviously not injured lightly, but since both parties said nothing, Chief Chen wasn't willing to be meddling, waved his hand: “Okay, since there's no problems, then quickly go to class, don't block up the way!”

High Comprehension Low Strength - Chapter 14

Plan

Zhao Yuliang and Chen Jinpeng hurriedly nodded, gloomily walked, but, didn't walk too far before Zhao Yuliang heard some words from Chief Chen that almost made him fall down: "You think I'm stupid? Exchanging notes doesn't result in almost dying! Isn't this just brain damage?"

After going to the corner of the school building, Chief Chen disappeared, Zhao Yuliang stopped, darkly looked at Chen Jinpeng, his gaze was as if he wanted to hack Chen Jinpeng: "Chen Jinpeng, I curse you to be paralyzed! Don't think that since you're a Second Layer Inner Fighter, this father doesn't dare make a move on you. Our Zhao Family's bodyguard can still kill you!"

"Brother Liang....I really didn't mean it ah, I also don't know what happened. Earlier I seem to have suddenly been confused, then afterwards nothing is known, up until Chief Chen pulled me, only then did I know what had happened...." Chen Jinpeng turned deathly pale. Chen Family despite not being weak, he is only Chen Family's bastard. If Zhao Yuliang wanted to teach him, who would stop him from doing so? Even if he entered the hospital, Chen Family wouldn't do anything for him, so he was scared to almost directly kneeling: "Brother Liang, you have to believe me ah, Xiao Chen has fallen. Only if I had brain damage, would I continue being his little brother, I'm not like Zhu Yingxiong that pig head!"

Zhao Yuliang frowned, Chen Jinpeng's words were reasonable, and he felt that

Chen Jinpeng wasn't a fool. He shouldn't be able to two-time, but unfortunately, Chen Jinpeng did two-time.

"You say you don't know about the matters a moment ago? How can you prove it?" Zhao Yuliang asked.

"This...how can I prove ah, yesterday I was at the basketball tournament, I had shamed Xiao Chen. How can he and I be a group ah, Brother Liang can clearly check!" Chen Jinpeng distressingly said with caution.

Zhao Yuliang nodded, it was reasonable, yesterday Chen Jinpeng and Xiao Chen just had broken off. It happened yesterday, however when going to beat Xiao Chen and bringing him a bigger injury today he was injured. After all for dandy's like Xiao Chen, being beaten is nothing, but losing face in front of an audience, that was worse than death ah! (TLN: Okay, I don't know how to TL the whole thing.)

Of course, Zhao Yuliang had mistakenly judged Xiao Chen, that face-wanting dandy young master was only Xiao Chen's disguise. The real Xiao Chen simply did not care. Face, how could it compare to life?

"Chen Jinpeng, I see that you have schizophrenia, you'd better go see a doctor." Zhao Yuliang said coldly: "This time's matter, never mind. However, if there's a next time, I don't mind letting you die!" (TLN: Schizophrenia is a mental disorder.)

"Definitely no next time...." Chen Jinpeng wiped his forehead sweat: "It must have been from drinking too much alcohol last night, my mind was somewhat not sober....right, it must have been this!"

"Later on be more careful!" Zhao Yuliang rubbed his swollen face, saying it angrily.

If it wasn't for that Chen Jinpeng was Xiao Chen's former little brother, and the sense of humiliation that Xiao Chen gave him was worse than this humiliation, Zhao Yuliang really would have kicked Chen Jinpeng away! But after thinking about, he endured it and believed Chen Jinpeng one time.

Inside the theater of a restaurant, there sat two middle-aged men. One of

them wore a Chinese robe and one look could tell that he was a successful businessman, whereas the other one was obviously a powerful Fighter at a glance.

But, the two people at this moment were plotting something. After a while, the two men had apparently come to a consensus and both of them went out of the theater, and left.

This white-robed man that was driving back was actually the head of the Nine Aristocratic Families, Cheng Family!

“Young House Master, you’re back! House Master is in the meeting hall, and told us to tell you to go directly there after you came back.” A disciple of the Cheng Family told him.

This person was Cheng Family’s Young House Master, as well as Cheng Mengying’s father, Cheng Zhongming. He currently is a Sixth Layer Inner Fighter, and in the younger generation, it is a fierce existence.

“I understand.” Cheng Zhongming nodded, quickly walked to the meeting hall. At this moment, Cheng Family’s Cheng Old Master, Cheng Tianqiu was sitting was sitting on the seat of honor in the meeting hall, and in front of him was Cheng Zhongming’s younger brother Cheng Zhongfan. (TLN: So Cheng!)

“Big brother, you came back!” Cheng Zhongfan saw that Cheng Zhongming came back, and anxiously asked: “How is it, is there any news about Third Brother?”

“None, previously I went to ask the Fighter’s Association. The other trial squads came back and only Xiao Feng and Third Brother’s trial teams have no news....” Cheng Zhongming sighed, saying with some helplessness.

“Xiao Feng! Harming my son and going missing, irritating this old man!” Cheng Tianqiu beat on his chair’s armrests, bellowing hatefully: “Right, how is Xiao Feng’s little bastard now? Dead or not? I heard that he jumped off a cliff to his death.”

“Father, Xiao Chen hasn’t died, the jump off a cliff is just a rumor.” Cheng Zhongming got news last night and knew that Xiao Chen didn’t die, only Cheng Old Master didn’t know.

“Not dead?” Cheng Tianqiu frowned: “Zhongming, Zhongfan, you guys talk. Afterwards, how will we deal with Xiao Chen that little bastard? Thinking of him makes me want to move him!”

“Father, nowadays Xiao Chen has fallen. Our Cheng Family is the head of the Nine Aristocratic Families, so it’s not good to be extreme. These ruthless matters, if we let other Aristocratic Families see, they will think that Cheng Family is too overbearing....”

“Overbearing? This old man is always overbearing!” Cheng Tianqiu coldly snorted, saying: “Zhongqian is missing with life and death unknown, it’s all Xiao Feng that bastard’s decision error. His son should pay the debts of his father! Zhongming, I know Xiao Feng is your sworn brother, but you should also think, is your sworn brother comparable to your blood relative?”

“Zhongming understands!” Cheng Zhongming’s heart was a little cold, quickly replying.

“Then you tell me, how should we deal with Xiao Chen?” Cheng Tianqiu could not catch and hold onto a junior, but his most outstanding son was missing, and he had no way to vent his anger on Xiao Family, so he could only select a soft persimmon to pinch, to vent his anger on Xiao Feng’s dandy son!

In any case Xiao Chen was a dandy waste and couldn’t even cultivate Inner Strength. He was a waste that couldn’t contribute anything to the family, therefore Xiao Family wouldn’t come to Cheng Family to fight to death, so Cheng Tianqiu wanted to vent his anger on Xiao Chen’s body.

“Father, as a matter of fact, sometimes the pleasure of revenge doesn’t come from killing people, but torturing the person! If Xiao Chen is tortured and humiliated, wouldn’t father feel even better?” Cheng Zhongming asked.

“Ah? You’re telling me, what you mean is, we should go torment and humiliate Xiao Chen?” Cheng Tianqiu listened to Cheng Zhongming’s words with a little interest.

Cheng Zhongfan was also surprised for a moment, somewhat surprised looking at Cheng Zhongming! Cheng Zhongming and Xiao Feng are sworn brothers, and with this relationship, Cheng Zhongming was destined to have some favor towards Xiao Chen. However, how could he put forth such a proposal? Could it

be that Cheng Zhongming was also mad at Xiao Feng?

High Comprehension Low Strength - Chapter 15

Expelled From School

But, Cheng Zhongfan didn't say anything and instead watched quietly.

"Father, I think it would be a good idea to torment and humiliate Xiao Chen!" Cheng Zhongming said: "Think about it ah, if a once aloof young master, became a valet, a servant, how do you think it would feel?"

"Servant? Your meaning is to sell him as a slave?" Cheng Tianqiu didn't understand Cheng Zhongming's meaning: "If you sell him, we won't be able to see him, who knows if Xiao Family would buy him back?"

"Of course we can't sell!" Cheng Zhongming said up to here, coldly leaned and sneered: "What if we give him to Mengying as a servant? A once aloof Eldest Young Master of the Xiao Family, Mengying's fiance, but now became Mengying's servant, how about this is what kind of disparity? Normal people cannot bear it, not to mention Xiao Chen that big young master? This is estimated to be might as well as killing him, as well as making him unable to bear it right?"

"Ah? What you said is very interesting ah! But, is Xiao Chen willing? I think even if he died he wouldn't be willing, right?" Cheng Tianqiu nodded with approval. Indeed, he also knew that these Aristocratic Family juniors cared the most about face, especially Xiao Chen that dandy young master. He cared the most about face and right now, let alone being a big young master or Mengying's fiance, becoming Mengying's servant, was equal to "Pa Pa" his face

ah, it would make him even more uncomfortable compared to dying right? (TLN: “Pa Pa” is the noise that a slap on the face makes)

“Unwilling? As far as I know, he is penniless now ah, as long as I use a little method, making the school pick a thorn while giving some money, if Xiao Chen does not come out, then he would have to be expelled. By that time he won’t have a place to live and even if he’s unwilling, if he wants to live, then he would have to allow me to manipulate him!” Cheng Zhongming’s face flashed with a sinister smile.

“Excellent, this idea is very good!” Cheng Tianqiu was in favor: “Then it’s settled, haha, this disparity is enough for Xiao Chen that little bastard, the more uncomfortable he is, the more I’m able to vent!”

“Father, let me carry it out immediately....” Cheng Zhongming nodded, saying it calmly and composed.

Cheng Zhongfan who was standing by, did not speak a word, but in his mind he was thinking about the pros and cons about this matter. It was reasonable that Cheng Zhongming shouldn’t be so sinister ah, but isn’t this like killing Xiao Chen as a whole? (TLN: If this line makes no sense to you, go look up the raws)

With Xiao Chen’s dandy personality, even if he could bear it in the beginning, over time while being treated as a servant, wouldn’t he commit suicide ah?

Could it be Cheng Zhongming really wants to put Xiao Chen to death?

Cheng Zhongming directly went out of the meeting hall and immediately went to work. It couldn’t helped that Cheng Family’s energy in Songning City is huge; after Xiao Chen had just went to class, he already had received the school’s notice!

Within today, must pay a 1 million sponsor fee, the reason was because Xiao Chen was last ranked in last year’s finals exam! If this was done before, naturally no one could trouble Xiao Chen with this trivial matter, Xiao Family’s eldest young master. Not to mention being last on the finals, even if he didn’t take the exam, what could the school do about it?

But the situation is different now, the school made it clear that it was looking for trouble for Xiao Chen, moreover, if he couldn’t pay the fee to the school then

Eldest Young Master Xiao would be expelled.

After hearing the news, Xiao Chen's complexion was cloudy. He definitely wanted to transfer, but before he could get the transfer fees in his hands, the school wanted him to pay sponsor fees!

"Boss, don't mind it, isn't it just 1 million? I'll help you settle it!" Zhu Yingxiong didn't pay any attention, with Zhu Family's strength, 1 million was nothing. In fact, for the former Xiao Chen, 1 million also was nothing; Xiao Chen's sports car was worth tens of million, this 1 million, was but a drop in the bucket!

However, when Zhu Yingxiong dialed his father's phone, he learned that his bank account had been frozen and was immediately scared. Although it is true that Zhu Family's Ancestor supported Zhu Yingxiong, however, Cheng Family made it clear that they wanted to mess with Xiao Chen. Zhu Yingxiong's father didn't have Ancestor's courage, so he didn't dare to help out Xiao Chen at this crucial time. (TLN: It says 'economic resources' and this being a modern XianXia novel, I switched it with 'bank account')

Zhu Yingxiong and Xiao Chen's closeness could be evaded by explaining it as a relationship between juniors, but taking out money was a different issue!

"Boss...my father froze my bank account, fuck, it's really killing me!" After Zhu Yingxiong learned this news, he was immediately frustrated, and said these words to Xiao Chen embarrassedly

"It's okay." Xiao Chen shook his head. This process made it clear that Cheng Family wanted to fix him up, so even if Zhu Yingxiong came up with the money, he believed that Cheng Family would make up at least 100 reasons to get him expelled. Therefore, it fundamentally wasn't a money problem: "Dropping out is no problem, we're still brothers! Take care of Ke'er on my behalf!" (TLN: Who dafuq is Ke'er?! Thanks author.)

Xiao Chen patted Zhu Yingxiong's shoulder, sighed slightly, no longer saying anything, then stood up and walked out of the classroom.

"Boss, don't worry, my people, I won't let anyone bully her!" Zhu Yingxiong beat his chest and promised. This little problem, for the present Zhu Yingxiong, was a little effort, so long as he said the words, no one would dare move Lin Ke'er within the school, even Zhao Yuliang and Chen Jinpeng did not dare!

They dared to move Xiao Chen because of Cheng Family's attitude, however in the case of Lin Ke'er, they didn't think it was worthwhile to die from annoying Zhu Yingxiong, wouldn't that be the actions of someone with a head filled with water?

"Secretly protecting is okay, she's a....stubborn and strong girl, she has her own insistence." Xiao Chen smiled towards Zhu Yingxiong and took big strides towards the classroom entrance.

"En?" Zhu Yingxiong was slightly surprised after hearing Xiao Chen's words. He didn't think that these were Eldest Young Master Xiao's words ah, wouldn't his response be short, did these adverse circumstances change him? After Eldest Young Master Xiao went through this matter once, he became profoundly deep?

Xiao Chen didn't care how Zhu Yingxiong saw him, directly walked out of the classroom. To speak the truth, in this school, Xiao Chen's sole reason for being reluctant to leave was only Zhu Yingxiong and Lin Ke'er. As for Eldest Young Lady Cheng Mengying, Xiao Chen thinks that he and her will not have any relations in the future, that gentle lily. Initially, however, Eldest Young Master Xiao had to pursue the girl for the sake of performance. Eldest Young Master Xiao was very clear, that the gentle lily couldn't have a liking for a "dandy" young master.

But now, Xiao Chen could only rely on Tian Lao. Having Professor Tian Lao's cultivation mnemonics, coupled with the money that Eldest Young Lady gave him, supporting for a while should be no problem.

Thinking up to here, Xiao Chen's mood wasn't so bad, and quickly walked towards the dormitory. Inside the dormitory, Xiao Chen still had some of his own clothes. They were from previously when he brought some clothes, so he conveniently put them here and hadn't wore them at all.

These clothes, to the former Eldest Young Master Xiao, were worth nothing at all, but now that Xiao Chen didn't have any source of income, in order to be economical, he was prepared to take away these clothes.

Only, on the way to the dormitory, Xiao Chen was stopped by a vehicle!

High Comprehension Low Strength - Chapter 16

School Flower Personal Bodyguard

Vehicles that can enter the campus were absolutely abnormal. Xiao Chen stopped in his tracks, quietly watching the car, wanting to see some clue from the car, but the car's windows were black-tinted, so Xiao Chen couldn't make out who was in the car.

Came with ill intent? Or?

The car door opened and from the car, a middle aged man wearing a white robe got out. This person naturally was Cheng Zhongming.

"Uncle Cheng?" After Xiao Chen saw the person inside the car he couldn't help but being slightly surprised. He didn't think the person inside the car was actually Cheng Zhongming, Eldest Young Lady Cheng Mengying's father.

"Xiao Chen, it seems that you were expelled from the school with no way out, right?" Cheng Zhongming said while not giving Xiao Chen an opportunity to speak, then said the long story short: "Right now, I'll give you a chance to survive. I'm going to transfer Mengying to Second High, however, she lacks a personal bodyguard, who concurrently works as a servant, are you interested in going together?"

Xiao Chen blankly stared. He didn't think that Cheng Zhongming would give him such an opportunity! Servant or not, Xiao Chen didn't care, but what Xiao Chen cared about, not transferring together, but, will there be a place to live in?

This was the problem that Xiao Chen had been daydreaming about before ah!

“The school expelling me, it seems like Uncle Cheng did this?” Xiao Chen didn’t answer Cheng Zhongming’s words, and instead questioned him.

Even though Xiao Chen didn’t want to hide the truth from Cheng Zhongming, walls have ears, in addition, Xiao Chen didn’t want himself to change too much. Only by pretending to be a waste dandy would he have a long life.

“Xiao Chen, you should also know that Uncle Cheng has no means!” Cheng Zhongming was slightly stupefied. For Xiao Chen to guess this was an accident, but thinking about it, currently only his Cheng Family was against him. Even if Xiao Chen is a waste he could also think of this key point.

“So is this your charity for me? Or do you want to....humiliate me?” Xiao Chen’s tone was cold, roaring at Cheng Zhongming: “I thought that since you were my dad’s sworn brother, you would be different from my biological uncle, however....hehe, but my biological uncle and you are no different, do you guys think I’m a joke?”

It was just that, in Xiao Chen’s heart, he was actually secretly apologizing. Uncle Cheng, sorry, I know you mean good for me, I need to find an excuse to survive, but....I don’t have the means to thank you!

At least before Xiao Chen gained enough strength, it was not possible to expose his rational side; doing so would make him die quicker.

“Xiao Chen....” Cheng Zhongming smiled bitterly. Watching this angry Xiao Chen and not knowing how to comfort him, yes ah, he really was guilty. His sworn brother was missing and he couldn’t take care of his son.

There were no people in the school’s sports field, this scene, also fell into his mind’s eye. (TLN: I think they’re referring to Xiao Chen here, and I think the sports field is filled with people.)

“But....living is better than dying, so I really want to thank Uncle Cheng!” Even though in Xiao Chen’s mouth, ferocious words popped out, the Xiao Chen now actually looked like an embarrassed heroic person.

This fully conformed to his previous character. After the violent raging there was deep helplessness! Eldest Young Master Xiao was cornered and could only

admit defeat.

“This....then come aboard!” Cheng Zhongming sighed, saying so Xiao Chen.

Then, in the midst of a crowd of sneering people, Xiao Chen boarded Cheng Zhongming’s car.

Cheng Zhongming had driven with his own car and didn’t bring a driver. Some matters he couldn’t do some things on the surface, and Xiao Chen’s reaction from before, although Cheng Zhongming felt very uncomfortable, there was no way to explain. However, if Xiao Chen’s performance reached his father’s ears, his scheme would have been a ‘success’.

Just, Xiao Chen’s irritable dandy character, made Cheng Zhongming worry. He could only help in secret now, but along the road, how would he face Xiao Chen?

“Uncle Cheng, thank you.” After Xiao Chen boarded the car, he actually restored his tranquil expression! Presently, it seemed like Cheng Zhongming could be trusted. Xiao Chen is not stupid; Cheng Zhongming’s procedure wasn’t to humiliate him, but to help him.

“?” Cheng Zhongming was deep in thought, then was suddenly scared by Xiao Chen’s abrupt words, and turned around to look at Xiao Chen with incredulous eyes! A moment ago, Xiao Chen had just gotten angry at him. After boarding his car, how did it turn into a light thanks?

“Uncle Cheng, over these two days, there were some things I figured out, saw clearly, understood some truth....” Although Cheng Zhongming was trustable, Xiao Chen wasn’t outspoken towards him: “A moment ago, when I yelled at you, it was just in order to survive....you know....”

Cheng Zhongming’s eyes brightened up a little, incredulously looked at Xiao Chen. Cheng Zhongfan had sent people in the distance to follow him, and Cheng Zhongming could naturally feel strength, but Cheng Zhongming didn’t think they could hear the conversation between him and Xiao Chen. He also didn’t think that Xiao Chen was more careful than him!

Father, Cheng’s Master, couldn’t be assured in Cheng Zhongming, after all, Xiao Feng and Cheng Zhongming used to be sworn brothers. He was worried that Xiao Chen would be released, so making Cheng Zhongfan watch this was

understandable.

But, what made Cheng Zhongming shocked was, Xiao Chen....seemed to be more sensible compared to before?

“Xiao Chen....you....unexpectedly figured it out?” Cheng Zhongming looked strangely at Xiao Chen, in extreme surprised.

“Suffering enormous changes, if I was still silly, then wouldn’t that be like dying miserably?” Xiao Chen wryly smiled, saying: “Yesterday, I was pushed down a cliff by someone....”

“What! This matter was real?” Cheng Zhongming’s pupils became needles, looking at Xiao Chen dumbstruck: “The rumors weren’t fake? Then you....”

“Caught onto some branches, and climbed up....” Xiao Chen naturally didn’t tell the truth. Tian Lao’s existence and the cultivation matter, even if he trusted Cheng Zhongming, this matter couldn’t be carelessly said.

“So that’s how it is, this really is ‘scary but not dangerous’ ah!” Cheng Zhongming frowned: “So who wants to aim for you? Our Cheng Family, without my father’s approval, is impossible to do such a matter....”

“This is also what I wonder....there are people who want to kill me, if Uncle Cheng has any news, please let me know so that I can guard against it.” Xiao Chen said these many goals in order to make Cheng Zhongming help him find out the secret manipulator.

The onlooker sees more clearly. Perhaps standing at Cheng Zhongming’s height, then some clues can be found. Moreover, there was a partiality towards one’s own in an Aristocratic Family, so this was a good thing for Xiao Chen.

“Okay, I’ll pay attention to this matter!” Cheng Zhongming was fearfully thinking, if Xiao Chen really died yesterday, how would he be worthy of Xiao Feng? Moreover, even if Cheng Family didn’t move their hand, from the outside, Xiao Chen had committed suicide because he couldn’t see the bright side of the matter, and Cheng Family would be caught up in it!

High Comprehension Low Strength - Chapter 17

Then You Need To Wait

As for Xiao Chen's change, Cheng Zhongming didn't think too much about it. People would change after an upheaval, after a moment of life and death, so there would definitely be a change. Escaping from calamity was certainly good fortune, so Cheng Zhongming came up with this: Xiao Chen almost died, therefore his mentality transformed!

However, Cheng Zhongming was happy to see this transformation. If Xiao Chen didn't understand his meaning when he mentioned servant and instead used his pretended dandy temper to fiercely reject, then he would really be an idiot who couldn't be helped! (TLN: The original raw doesn't mention idiot, but it's implied.)

"Then many thanks Uncle Cheng." Xiao Chen said: "But I have several sets of clothing in my bedroom. You also know my current economic situation, so I want to go and take them."

"Okay, no problem!" Cheng Zhongming nodded, saying: "I'll drive you there..."

Cheng Zhongming's car drove in the direction of the dormitory, and as expected, as the car left, a young man with sunglasses took out his cellphone, and dialed a number: "Brother Fan, Cheng Zhongming came to the school, and according to him, Xiao Chen is expelled. Sure enough, Xiao Chen was furious and almost got into a fight with Cheng Zhongming, but possibly because Xiao Chen was cornered, he was eventually forced to compromise, then boarded Cheng

Zhongming's car."

"Oh? It seems like my big brother didn't pull any tricks!" Cheng Zhongfan upon hearing this put down the weight in his heart.

"Brother Fan, then right now, should I continue to follow them?" Sunglasses man carefully asked.

"No need, it's just a trash person. Let him fend for himself and don't manage him, since there will be people tormenting him to death." Cheng Zhongfan snorted with disdain: "You come back."

"Okay, Brother Fan!" Sunglasses man nodded in agreement. (TLN: How would Cheng Zhongfan even see his nod when they're on a call...it doesn't even mention FaceTime...)

After Cheng Zhongfan hung up, he quickly walked to report to the Master. Of course, if it weren't for Cheng Master's incitement, he wouldn't have been so blatant in tracking Cheng Zhongming.

"Father, Big Brother went to Xiao Chen's school and made Xiao Chen expelled. Then he found Xiao Chen and proposed the conditions of being a servant to Xiao Chen. Xiao Chen and he quarrelled, but then it was restrained and he compromised, afterwards boarded Big Brother's car." Cheng Zhongfan said the situation clear cut to Cheng Tianqiu.

"Oh? Very good! His father killed my son, so I want his son to live a nightmare!" Cheng Tianqiu nodded, and said resentfully.

Xiao Chen packed his clothes and looked at his own dorm. This dorm made him somewhat nostalgic, not because he had lived here for a long time, but regards to its impression. It was just yesterday night that he was a waste, but today's night, he went from a waste to the high-end career of cultivation....

Looking at the cracked walls, Xiao Chen shook his head, picked up his clothes, then quickly went down the stairs.

It was only when Xiao Chen was about to get on the car, that arguing could be heard inside the car.

"Dad....you....how did you make Xiao Chen work for me as a servant? As well as

make us live together?!” Cheng Mengying didn’t think that after her father called her out of the classroom, and boarded the car, he would give her two proposals that made her collapse: Transfer schools! And live together with Xiao Chen!

Transferring schools was no problem, but....allowing a man, and her live together, this....is cohabitation?

“Cough....that Mengying ah, I am not making you guys live together, I’m just making you guys roommates, do you understand? It is very popular right now, this and stewardess living together, and school flower living together, he and you are sleeping in different rooms, only learning and taking care of you in daily life....” Cheng Zhongming explained. (TLN: I didn’t bother to even edit the last line...)

“But....is there a difference?” Cheng Mengying was going ballistic: “Making my former fiance my servant? People who don’t know about what happened before, how would you make me see other people? Other people will ridicule me to death....” (TLN: I had to use ballistic here...SOMETHING TOLD ME TO DO IT)

“Mengying!” Cheng Zhongming’s tone suddenly became serious: “Your Uncle Xiao Feng had an accident, and Xiao Chen is his only son. He and I are closer than brothers thus Xiao Chen might as well be my son. Now that Cheng Family has broken off the engagement and Xiao Family kicked him out. I was unable to stop it, so I can only deceive the public, give him some help....”

“What you mean is....” Cheng Mengying wasn’t stupid. Previously, she was frightened and got carried away, but after listening to her father’s explanation, she immediately understood her father’s meaning. On the surface, it seems like Cheng Family is screwing over Xiao Chen, turning him from an aloof young master into a servant, but in reality, Cheng Zhongming is giving Xiao Chen a place to survive in!

“Right, Mengying, Daddy knows you’re a kind-hearted girl. You also don’t want to make your Uncle Xiao sad right?” Cheng Zhongming asked.

“Okay then....” Cheng Mengying nodded, but in her heart she was somewhat mixed about Xiao Chen. Before, she used to be his fiancée, but when he was in front of her, he would unexpectedly be pursuing commoner school flowers, pursuing her girlfriend Chen Jingxuan. Now that this dropped into my hands,

hum, watch how I punish you!

Eldest Young Lady Cheng agreed to her father's request. This was looking at Xiao Feng's face, as well as having the thought of revenge to Xiao Chen; women are very vengeful.

"But....it won't be just me and Xiao Chen living together right?" Eldest Lady Cheng heart was a little nervous. Although Xiao Chen had fallen and had also become her servant, however, with Xiao Chen's previous broken reputation, if by any chance the darkness in his heart rose, what will she do when she's overthrown?

"I have already placed you in a new school nearby, giving you guys a rented villa. Of course there are roommates, and there are also tenants of this kind, this way it doesn't matter right?" Cheng Zhongming had also taken into consideration this problem. Even though he didn't mind his daughter being overthrown by Xiao Chen, but in the current situation, if Xiao Chen dared to do so, he would certainly be killed. Although it was his daughter, it was Cheng Master who calls the shots.

"Good....." Eldest Young Lady Cheng was relieved.

Xiao Chen stood outside the car, not knowing whether he should laugh or cry; was his reputation that bad? It seems like, he is still was a virgin right? Okay then, but Eldest Young Lady Cheng was fooled, so it seems like his acting is really good.

In fact, Cheng Zhongming had already discovered Xiao Chen, but Xiao Chen was outside the car, so Cheng Zhongming didn't think that he could hear the conversation inside the car. He thought that Xiao Chen had seen Cheng Mengying had first boarded the car, thus he deliberately did not board, leaving Cheng Zhongming and Cheng Mengying some space to talk.

With Cheng Zhongming's Inner Strength Level, wanting to hear the conversation inside the car didn't matter on how close one was, because this car was soundproof. Even though Xiao Chen's Inner Strength cultivation was out of the ordinary, it wasn't on the level of hearing whatever was said inside the car.

However, Xiao Chen had actually heard, so even Xiao Chen himself was shocked.

“Is it not shocking? Ears and eyes perceptibility, there is also an ability of cultivating true virtue. When your soul also becomes a powerful spiritual force to a certain degree, not only will you be able to affect other people’s thoughts like me, but you can also hear conversations from really far away.” Tian Lao’s voice rang in Xiao Chen’s ears. (TLN: Decided to call comprehension/cultivating ‘cultivating true virtue’)

“I say Tian Lao, you have an addiction in peeping in my thoughts ah....” Xiao Chen was somewhat speechless. He was afraid that the thought about him being a virgin before, Tian Lao had also heard.

“Nothing can be done about it ah. I’m also in your body, so whatever you think, I know quite well.” Tian Lao was intentionally pretending to be helpless, but his tone betrayed his shamelessness, he could certainly stop hearing if he wanted to.

“Then how is it that I can’t hear your thoughts?” Xiao Chen found it a little unfair.

“You can also do so when your strength is bigger than mine, of course.” Tian Lao said: “But, you’ll have to wait.”

“.....” Xiao Chen rolled his eyes, too lazy to care about the old pervert.

High Comprehension Low Strength - Chapter 18

Cool Neighbor

At that very moment, the car door opened. Cheng Zhongming waved to Xiao Chen, saying to him: "Xiao Chen, come on board!"

Xiao Chen opened the rear door, boarded the car, and sat right next to Cheng Mengying.

This action immediately made Eldest Young Lady Cheng frown. Sure, she sympathized with Xiao Chen, but one couldn't push one's luck!

"Xiao Chen, you sit in the front!" Eldest Young Lady Cheng shifted her body to the side. Although Xiao Chen was her ex-fiance, previously they didn't have any intimate contact. This was due to Eldest Young Master Xiao being busy chasing commoner school flowers and school flower goddess Chen Jingxuan, so where did he have the time to care about his own fiancée?

She was afraid that Eldest Young Master Xiao's would think, 'sooner or later he would be her person, so he doesn't need to take any trouble to pursue right?' Although Cheng Mengying didn't care about Xiao Chen's pursuit, every time she thought about this, she was full of gas; why don't you ever chase me? Now you will have to curry favor with this young lady!

Want to take advantage of this young lady? No way! If you have that ability go look for Lin Ke'er and Shen Jingxuan!

"Okay, Mengying!" Cheng Zhongming slightly frowned. Right now, he thought

he was being unfair to Xiao Feng and Xiao Chen. If Cheng Mengying and Xiao Chen don't make up due to this little trifle, he didn't have the heart to be cruel.

"No problem I'll sit in the front then." Xiao Chen was actually indifferent. He was used to sitting there, so he didn't think too much. The only thought he had was that holding clothing while sitting in the front was a little inconvenient, thus he put the clothes in the back seat, and got off to get in the co-pilot seat.

It is estimated that 'Xiao Chen was told to get out by Eldest Young Lady Cheng' will be transmitted mouth to mouth by gossipers. This was the aim that Xiao Chen wanted to achieve; to make himself look worse, thus making certain people more happier.

The school Xiao Chen and Cheng Mengying were being transferred to was Songning City's Second High. The previous school was First High, and these two schools were Songning City's joint schools, ranked among the best schools.

Even if he was transferring them, Cheng Zhongming couldn't randomly select a school. Of course, the purpose of transferrin was actually very obvious. Shaming Xiao Chen was just a deception; letting Xiao Chen change environments was the true purpose. Although Xiao Chen was famous, that was only in First High, whereas in Second High, the number of people who have heard that Eldest Young Master Xiao is a dandy was fewer, and the people who had even heard of Xiao Chen's name was even fewer.

There was a lot of Aristocratic Family juniors, so who had the time to remember all of them? Usually it was Eldest Master Chen or Second Master Chen, while the usage of the name Chen Jinpeng instead of Second Master Chen was less.

One would have to say Cheng Zhongming subordinate's efficiency is very high. There was no need for Cheng Zhongming to come forward; before his vehicle had even arrived at Songning City's Second High, the transfer procedures were already complete, and housing was also rented!

This is a villa where the homeowner was aboard, but since the villa was near the school district, it was hard to get rid of. Even if one were rich, there were rarely people buying luxury villas, or renting one until one finished schooling. Who would want to live here year round?

Therefore this villa initially wasn't sold, and instead, it was leased. Cheng Zhongming wanted to find co-renters and the villa filled the criteria. This house already had a tenant and also had four vacated rooms, thus Cheng Zhongming's men only had to pay the remaining rent.

In Cheng Zhongming's opinion, 'there can be tenants' and 'the more the noisier'. Moreover, the most important thing is that the tenant is a woman tenant, in order to make Cheng Mengying feel satisfied! If the villa had two men, she wouldn't feel safe.

Cheng Zhongming drove up to the villa's gate and stopped. A girl wearing black leather clothing was squatting inside the courtyard garden playing some unknown game and seeing that the car stopped, she looked up. Looking slightly surprised, she wondered 'could this be the new tenant?'

One has to know that renting this villa wasn't low, even one-fifth of the price was already a very high price. Around this price, a good two-bedroom one livingroom could be rented nearby, therefore few people would choose to rent with others.

What was the deal with the villa? Again, about renting the luxury villa, yes, it was comfortable enough that one might as well live alone. However, the many students who rented apartments nearby just didn't like a noisy dormitory. What was the difference between living in a villa and living in a large dormitory?

Therefore, Ye Xiaoye felt that it was a little weird. Moreover, looking at the car, it should be a Jaguar, a relatively low-luxury car. People who drive this kind of car also came to rent the place? Could it be the driver?

While Ye Xiaoye was checking out Cheng Zhongming's car, Xiao Chen and Cheng Mengying were also observed Ye Xiaoye.

Ye Xiaoye's dress up was very stylish, with black leather tights. Her exquisite body highlighted the dress, but what Xiao Chen couldn't imagine was that such a cool little girl would be interested in flowers!

Watching her hold the sprinkler, apparently watering the flowers, it made Xiao Chen feel that it was amazing, that this little girl is really special.

"You guys are....new tenants?" Ye Xiaoye put down the watering can in her

hand and stood up, sizing up Xiao Chen and the others who got out of the car.

“Yes, I’m called Cheng Mengying, do you live here?” Eldest Young Lady Cheng wanted to see Ye Xiaoye’s character, but it was very difficult due to the way this little girl dressed and the way she acted were completely different.

Ye Xiaoye nodded, saying: “Ye Xiaoye, I have lived here for two weeks. The room to the left upstairs is mine. Any of the other rooms you can pick, and also, you guys shouldn’t move the things inside the flower garden.”

Ye Xiaoye’s voice was cold without the slightest emotion. Hearing this sound would make one feel that the person was cold. Thus, this made Eldest Young Lady Cheng feel a little uncomfortable. ‘Anyhow we’re going to live together later, so what is with this attitude? Who cares ah, this little miss is not a gardener!’

However, with Eldest Young Lady Cheng’s unyielding attitude, she opened her mouth to say: “The room doesn’t matter. Since you were here first, we naturally don’t have any scruples, but this flower garden is public property, so why is it considered yours? Xiao Chen, tomorrow this young lady wants to plant some flowers, therefore you’ll also become a gardener!”

“Oh....” Xiao Chen wiped the perspiration off his forehead. He didn’t think that Eldest Young Lady Cheng was this narrow-minded. It seems like his future will be hard and this little girl wouldn’t pull all kinds of revenge on himself right?

“You——” Ye Xiaoye met Cheng Mengying’s words with anger, but couldn’t refute the words said. Eldest Young Lady Cheng wasn’t wrong, since they are tenants of the villa, this flower garden was naturally public, thus it couldn’t be occupied by just her right?

However....people who really rented this place, how many would want to tinker with plants and flowers? The reason Ye Xiaoye didn’t rent an apartment but instead a villa was because there was private flower garden that apartments didn’t have.

High Comprehension Low Strength - Chapter 19

[HCLS] CHAPTER 19

This Young Lady Deducts Your Salary

“Whatever I do is up to me! This villa is rented for 5 people and this young lady paid for four-fifths of the rent! You only get one-fifth of this flower garden, so do as you see fit with it!” Eldest Young Lady Cheng said with arrogance, then didn’t pay attention to Ye Xiaoye’s turning green face and instead pointed at the luggage inside the car, telling Xiao Chen: “Xiao Chen, carry my luggage upstairs! I also want to live upstairs!”

After Ye Xiaoye heard Cheng Mengying’s words, she got very angry and thought: ‘Since you paid four-fifths of the rent then obviously the remaining four rooms are yours, but there are two rooms downstairs so why would you live upstairs? You want to make my life difficult?’

But who made this little girl a nouveau riche? Ye Xiaoye could only get angry and snorted, then continued squatting in front of the flower garden playing with the flowers! Of course the area of the flower garden wasn’t small and Ye Xiaoye’s area occupied one-fifth, but the only thing was....she was bitter ah!

Xiao Chen did have the consciousness as a servant and was disinclined to bother with the excuse of the young lady. Since they helped him transfer and gave him a place to live, the thing was simply something in Xiao Chen’s dreams, he picked up the luggage and just followed Eldest Young Lady Cheng upstairs.

Cheng Mengying actually wasn’t an unruly overbearing person, but this Ye Xiaoye pissed her off. ‘If she had spoken to this Eldest Young Lady in a more friendly manner, Eldest Young Lady wouldn’t care about what happens to this flower garden. But this Ye Xiaoye’s indifferent attitude made Eldest Young Lady upset, so naturally this Eldest Young Lady will maim her.’

Cheng Zhongming was sitting in the car and could only bitterly smile. He originally thought that finding a female tenant to live with Cheng Mengying would make her would be very happy since she usually had a playmate. However,

what he didn't think of was that they would have a quarrel after arriving at the villa, so what should be done afterwards?

But Cheng Zhongming also had no method. Just as he was about to lock the car to go upstairs, he heard Ye Xiaoye say to him: "Driver, drive the car to the villa's garage. This isn't a parking place, don't disturb my one-fifth!"

"...." Cheng Zhongming was suddenly speechless: 'I'm a driver?!' But Cheng Zhongming didn't haggle over this, only telling Ye Xiaoye: "I'm not going to live here, so I'll be immediately be leaving."

"Oh...." Ye Xiaoye nodded, no longer bothered with him and continued on taking care of the yard full of plants and flowers.

Cheng Mengying chose the right-most room in the villa's upstairs. This room was separated by one room from Ye Xiaoye's room. Although Eldest Young Lady Cheng was annoyed with Ye Xiaoye, she didn't want to live next door to Ye Xiaoye, as she herself was still angry!

Xiao Chen placed the luggage in Cheng Mengying's room, ready to go downstairs to find his own room, but didn't think he would actually be stopped by Cheng Mengying: "You...stop for a bit!"

"What's the problem?" Xiao Chen turned his head and looked at Cheng Mengying. He had to admit, Cheng Mengying fragrant perspiration dripping appearance at this moment is very attractive. With this kind of fiancée, it would be the greatest pleasure in one's life, but at this moment she didn't belong to him, thus Xiao Chen immediately looked away.

He didn't want to be beaten half dead for looking at a woman. (TLN: I don't know how to translate this line, so I tried to put something close to it's meaning [?])

"Xiao Chen, we need to set down some future ground rules!" Cheng Mengying felt that when living with Xiao Chen....ah no, it's renting together, some things should be made clear.

"Ah, say it." Xiao Chen stopped in his footsteps. Right now, Xiao Chen is a person who had to bow his head. Since he is living in this Eldest Young Lady's house, when Eldest Young Lady says something then it will be that something, so

Xiao Chen didn't mind it too much.

"Since you're a servant, there is no salary!" Eldest Young Lady's first few words stunned him!

"No salary? It can't be, right?" Xiao Chen was stunned. He ran along with Eldest Young Lady Cheng's antics in order to get some money! One should know that he doesn't even have living expenses right now ah, and he didn't even know how long yesterday's envelope could last.

"Can you pay the rent for living here? Therefore, your salary is used to repay your debt!" Eldest Young Lady Cheng saw Xiao Chen's stunned appearance and said these words proudly! In Cheng Mengying's head: 'Hum, previously didn't you ignore this young lady? Now that this young lady is your Queen, whatever I think how it will be is how it will be, do you dare argue?'

"Ah...." Xiao Chen thought it was reasonable. Indeed, they gave him a home and also helped him transfer. Thus, this little bit of exploitation has already been exploited. In fact, to tell the truth, Xiao Chen didn't have a big demand for money. Previously, him spending his money lavishly and recklessly was nothing but to deceive the public that he was a black sheep: "Anything else?"

Xiao Chen's attitude made Eldest Young Lady Cheng's mood worse: 'Why aren't you mad? Why aren't you angry? If you get angry become mad this young lady will be able to vent, but this Xiao Chen's not salty not watery attitude makes this Eldest Young Lady Cheng feel like I'm hitting cotton!'

"Your tuition, meals not included, money are all temporarily in your account. I will reward you tips regularly, so you should use these tips to pay off your debt!" Cheng Mengying got so angry, that she outright eliminated food from Eldest Young Master Xiao's treatment!

Where would a servant have the money to spend on food? Although housing was accounted for, eating food required money, this scam was even worse than ancient times ah!

"Oh....anything else?" Xiao Chen nodded. Keeping an account, in any case, didn't matter as long as he didn't need to quickly pay his debts.

"There's currently nothing, let me think so that I can say them!" Eldest Young

Lady Cheng was maddened senseless by Eldest Young Master Xiao, in her heart: 'How come this guy hasn't pushed into a corner in his mind?'

"Then I'll go downstairs." Xiao Chen nodded and went downstairs.

Eldest Young Lady Cheng watched Xiao Chen's back as he was leaving, then grit her teeth. The more Xiao Chen was indifferent, the more it made her angry! Cheng Mengying angrily stamped her foot and wasn't in the mood to organize her clothes, so she asked Cheng Zhongming who had just gone upstairs: "Dad, when do we go to school?"

"Aren't you going to organize your luggage? You're suppose to go tomorrow morning, but if you guys want to go today, it's also okay." Cheng Zhongming looked at Cheng Mengying's flushed complexion and felt that it was a little strange. 'What happened to my daughter? It seems like she's angry, could it be Xiao Chen?'

"Make Xiao Chen do it when he comes back!" Eldest Young Lady Cheng had thought of a way to punish Xiao Chen! 'Hum, inside this young lady's luggage, there's but some personal clothing! If you don't finish organizing, I'll just deduct your salary, and if you finish organizing, I'll just say that you're playing rascal and deduct your salary anyway!' (TLN: Playing rascal for wanting to touch many of her clothes[?])

Thinking up to here, Eldest Young Lady Cheng's mood lightened up a bit.

Cheng Zhongming wanted to say: 'We and Xiao Chen are just observing a formality, so he really isn't a servant.' However, when the words reached his lips, Cheng Zhongming swallowed them back down. Evidently, his daughter and Xiao Chen don't seem to get along, so if he had said that, it would have made the contradiction even worse.

Xiao Chen didn't have too many clothes, but even though there weren't many sets, each set of clothes were expensive high-end products. Even though he was transferring schools and starting over, he was no longer Eldest Young Master Xiao, thus being lower key is better.

School Flower Tang Tang?

(TLN: This is really bad to translate into English because the Tang's have different pinyin, so this means that they different things.)

In the new school, no one knew Xiao Chen, so as long as he didn't say anything, no one would know his identity. Therefore, there was no need to pretend in order to camouflage himself, so Xiao Chen directly changed into the uniform he had never touched!

First High and Second High have the same uniforms, so Xiao Chen put it in order to not create any surprise.

"Xiao Chen, Mengying is going to school right now, are you going or not?" Cheng Zhongming went to Xiao Chen's door and asked.

"Okay." Xiao Chen nodded and got out of room.

Towards Xiao Chen's dress up, it actually made Eldest Young Lady Cheng's eyes stare! 'Xiao Chen didn't take the wrong medicine today, right? Uniform? He actually wore a uniform?' Eldest Young Lady is a good girl; when there isn't any school she wouldn't wear her uniform, but Xiao Chen was actually wearing a uniform!

However, Eldest Young Lady Cheng was too lazy to ask why. She got angry when she looked at Xiao Chen, so she ignored him, went out the door and boarded the car. But before boarding the car, she looked at Ye Xiaoye's and saw that that little girl was still playing with plants and flowers.

Xiao Chen took initiative and boarded the car, sitting in the co-pilot seat.

Cheng Zhongming was driving the car, heading for Songning City's Second High. It seems like Cheng Family's people already informed the school, so Cheng Zhongming's car drove directly into the campus, stopping under the teaching building.

And just when Cheng Zhongming had parked the car, a bald middle-aged man who walked over! This person is the headmaster of the school. Of course, in Chen Family's schools, a headmaster is very flamboyant, but before being flamboyant, even if Chen Family, they couldn't ignore Cheng Family's Master Cheng Zhongming because Cheng Family was the head of the Nine Aristocratic Families Alliance!

"Mr. Cheng, welcome welcome ah, I heard your daughter will go to our Second High! This is an honor for our teaching at Second High ah!" Although First High and Second High is Chen Family's investment, however, there is still competition between each other over which school has better academic performance and more students. The more and better meant more bonuses ah!

"He he, Director Xu, that's just flattery!" Cheng Zhongming got off the car and shook hands with the bald middle-aged man.

And during this time, Xiao Chen and Cheng Mengying also got off the car.

"This person is?" Director Xu looked at Xiao Chen, asking carefully. Cheng Mengying this girl, is certainly Cheng Zhongming's daughter, but who is this man?

"This is my daughter's study companion, in fact, he also is a bodyguard as well as an attendant!" Cheng Zhongming didn't say Xiao Chen's true identity, after all, he wanted to give Xiao Chen a new start. Therefore, on Xiao Chen's files, the parents column was empty and showed that Xiao Chen was an orphan.

"Ah, so that's how it is." Director Xu nodded without minding it.

"Xiao Chen's identity is hidden. I don't want the other students and teachers to know, so inside the school, their relationship is that they are simply students. Director Xu, do you understand my meaning?" Although Cheng Zhongming put it mildly, but there was no doubt in that tone!

Although, Xiao Chen is Cheng Mengying's servant, if his identity is exposed in

school, how would Xiao Chen be able to lift his head?

Only, the present Xiao Chen is insignificant.

“I understand, I certainly understand. Don’t worry, I won’t say their relationship to anyone.” Director Xu complied hastily.

“In that case, thank you. Our Cheng Family plans to donate to Second High this year, and of course, the person controlling this will be Director Xu.” Cheng Zhongming laughed.

“This....many thanks Mr Cheng! Truly thank you....I thank you on behalf of the whole school!” Director Xu was immediately overjoyed. The one pulling the strings would be his words, so it was his merit. Maybe with this performance, he could possibly rise to vice-president and his salary would greatly improve! Thinking up to here, Director Xu became incomparably warmer and kinder to Cheng Zhongming: “Miss Cheng, if you have any problems later in school, just let me know! Don’t think that a director isn’t too much. Due to the principal being busy every day, this school’s problems are mostly taken care of by me!”

Cheng Zhongming nodded. He was satisfied with Director Xu’s attitude, after all, Cheng Mengying and the other students are different. There were occasionally things that popped up at home, so there wasn’t enough time to go to school. When it’s time to ask for a leave, she might have to trouble Director Xu, so Cheng Zhongming pulled together their relationships ahead of time: “Good, in the future when Mengying has problems, make her look for Director Xu.”

“Possible, of course there’s no problem. If Miss Cheng isn’t able to go forth herself, it’s okay to make Xiao Chen come to me.” Director Xu said while striking his chest: “Then I’ll immediately take them to their class!”

“Good, then I’ll leave first, any problems that may arise later, go ask Director Xu.” Cheng Zhongming stopped the smalltalk and took leave. After all, he has lots of things to do every day as Cheng Family’s Family Master. Although Cheng Family’s Old Master made the family decisions, Cheng Zhongming was responsible for the family business.

“Miss Cheng, Xiao Chen, follow me.” Director Xu was introducing while walking: “This time, you are put into the Third Year First Class, it’s not too far,

just in front of us!”

The three people went to the door of Third Year First Class and Director Xu knocked on the door, pushed on the door and directly went in. Then Director Xu told the teacher of Third Year First Class, Teacher Wang: “Teacher Wang, excuse me, arrange these two transfer students!”

Xiao Chen and Cheng Mengying went through the classroom entrance and immediately attracted a stir. Of course, this stir wasn’t for Xiao Chen, but for Cheng Mengying!

Goddess ah! This appearance was no worse than Goddess Tang, and this bearing, this dress, looks like a lady’s ah!

On the other hand, although Xiao Chen isn’t bad and can even be called a handsome guy, however, what he wore was too simple. He wore a school uniform, looking like a loser and simply paled under Eldest Young Lady Cheng’s aura.

“You guys introduce yourself then!” Teacher Wang nodded toward Director Xu, then told Cheng Mengying and Xiao Chen.

“Fellow students hello, I am called Cheng Mengying, the ‘Meng’ is from ‘Dream(Mengxiang[夢想])’, and the ‘Ying’ is from ‘Crystal(Jingying[晶瑩]).” Cheng Mengying went to the front platform and gracefully introduced herself.

After Cheng Mengying’s voice faded, the people below gave a warm round of applause! For such a beautiful girl to be added to Third Year First Class, in this boring school life, is simply a beautiful scenery!

Although a lot of boys knew that there was a large gap between themselves and Goddess Cheng, they still had sexual fantasies in their hearts.

“Xiao Chen.” When Xiao Chen stood in the front platform, the atmosphere from under the platform was cold: “From the countryside.”

‘He really was a poor loser.’ The girls in the audience were disappointed. Although he looked handsome, one look told that he had no future.

Xiao Chen deliberately said this with the purpose to prevent other people from noticing him. However, Xiao Chen actually didn’t lie. Xiao Family really does have

a manor in the countryside, and this manor serves as Xiao Family's headquarters.

"Cheng Mengying, you sit in that empty seat in the middle of the eighth row, okay?" Teacher Wang began arranging seats. Cheng Mengying's location was told by Director Xu quietly when she was introducing herself. Cheng Mengying wanted her own table, but now the location is fixed and front tables were already gone, Cheng Mengying could only sit in the back.

Cheng Mengying really didn't want to sit next to a guy. There, when they were transferring, Cheng Zhongming asked for a moment and picked a space of his own. (TLN: Don't know, don't want to know.)

"Okay, Teacher Wang." Cheng Mengying went to the eighth row. This made the guy sitting in the right of the seventh row frown! He thought that the teacher, in accordance to mixing males and females, he would let Cheng Mengying sit next to him. However, he didn't think that Cheng Mengying would actually sit in the eighth row!

This male is called Lou Zhenming and is the Nine Aristocratic Families Lou Family's eldest son. Lou Family had risen in the recent years. After the Families Assembly, they broke out through their original rankings into the Aristocratic Families ranks and successfully rose.

Although they're currently ranked last, they have the most potential! The reason is none other than 'him'. Lou Family started out as an underground faction and originally didn't do much nor make much trouble. It just a second-rate power in Songning City, but a few years ago an unknown esteemed one was invited. This esteemed one was quite powerful, not only was his strength good, he also helped potential Fighters in the Lou Family grow. This made Lou Family's strength boost. It was just a year or two ago that they made the underworld faction with three-fourths of Songning's territory, Zheng Family, withdraw little by little, and have now retreated to become an ordinary faction in Songning City.

With this Aristocratic Family background, Lou Zhenming was naturally overbearing in school. He considered himself Second High's Eldest brother, but of course, in Songning's Second High, there are a number of Aristocratic Family children. However, these people had no interest in becoming the leader of the campus.

In that moment Cheng Mengying came into the classroom, Lou Zhenming took a liking to her.

Although Second High does have beautiful girls, not many were as stunning as Cheng Mengying. Regarding little sluts and the like, Lou Zhengming didn't have too big of an appetite, but it was a different story for higher quality beautiful women, be it other Aristocratic Family juniors object of pursuit, or other families engaged young miss.

Lou Zhenming is arrogant and also dared to touch other people's women. If it was ordinary people, it wouldn't be minded. However, these Aristocratic Family juniors didn't have a weaker background than Lou Zhenming; which Aristocratic Family isn't higher in ranking than Lou Family?

Therefore, the eyes of Lou Zhenming who had been oppressed for two years lit up, and he suddenly founed his next goal in life!

"In a moment class will be over, go teach Xiao Chen a lesson. When he goes to school tomorrow, charge him 10,000 as a protection fee, otherwise he will be beaten once again, making his transfer fail!" Lou Zhenming nudged the tall, sturdy guy in front of him. On that male's neck was a gold chain, and the male looked like an underground gangster from the movies.

Only, it looks like this pretty boy, Lou Zhenming, is his big brother and he is the little brother.

"Understood, Brother Ming. What about that young miss?" This tall and sturdy guy is called Ma Gangmen and is Lou Zhenming's loyal little brother in Second High.

"The main point is what I tell you to do. Finish that Xiao Chen, then go and tell Cheng Mengying that in class, I am the Boss. As long as I nod, she won't need to pay up, and I cover for her later on!" Lou Zhenming wants to get close to Cheng Mengying, but didn't have any justification, therefore Xiao Chen became his victim.

"Okay, don't worry, Brother Ming, I will definitely complete this task!" Ma Gangmen nodded.

At the same time, Xiao Chen finished his self-introduction and Teacher Wang

told him: “Xiao Chen, go sit in the seventh row left seat besides Tang Tang.”

Tang Tang? Xiao Chen looked up and looked at the far left of the seventh row, and saw that there was a plump girl sitting there! Uh....this shape, is the same as Zhu Yingxiong's! But, Tang Tang? This name seems to be familiar ah, where had he heard it before?

“Okay then.” Xiao Chen didn't say much. Beautiful girl or not, he didn't care, the reason he came over here was just to have a peace of mind to practice. Then, he would go find the mastermind in the dark and deal with him with his own hands. As for whoever sits next to him, he really didn't care.

Xiao Chen quickly walked around Tang Tang's fat body and sat down.

And after Teacher Wang bid farewell to Director Xu, the lecture began.

However, after Xiao Chen sat down, he suddenly felt someone watching himself. Moreover, in that gaze, there was a trace of hostility. Xiao Chen's heart went a little cold, and thought in his heart ‘I just transferred over, who did I offend ah?’

The Xiao Chen right now had a spiritual force stronger than an average Fighter. He suddenly locked his eyes into the direction of the vision. It was in the far right, a tall and burly male wearing a gold chain around his neck.

Don't Have A Master Ma, Only Have A Ma Kao

Xiao Chen frowned slightly. He could determine that he hadn't seen this person, so could he have been mistaken?

"Xiao Chen? Young Master Xiao?" Just as Xiao Chen was wondering, an unsure voice came from his side.

Xiao Chen turned and looked at the person who said words to him. It was plump girl Tang Tang, thus it made Xiao Chen say with a bit of surprise: "Tang Tang? Did you say something to me? Do you know me?"

"Not too sure....seeing you in a school uniform doesn't correlate with the information." Tang Tang at this time determined Xiao Chen's status: "Your matter, I have heard about, but I didn't think you would commit suicide...."

"Suicide?" Xiao Chen strangely looked at Tang Tang. This plump girl seems to understand his ways? Who is she? 'Tang Tang, where have I heard this name have heard this name before', but Young Master Xiao didn't remember: "You are?"

"From Tang Family, the girl who broke off an engagement. It created a sensation, so you should have heard of it, right?" Tang Tang said with self-ridicule then frankly said: "You and I are about the same, the same 'falling from the skies' people!"

"Pu....it's you!" Xiao Chen suddenly remembered who Tang Tang is! In the Nine

Aristocratic Families, she is Tang Family's beautiful young girl! Although Xiao Chen hadn't seen it, he had heard of it! It is said that her beauty rivals young miss Cheng's beauty, and in Nine Aristocratic Families, she was Yue Family's Young Master Yue Shaoqun's fiancée!

It was just that when Tang Tang became 16, she had a major illness. After recovering, she became what she's like now. Although she is chubby and didn't lose her cuteness, it was very hard to match her with a beautiful girl, thus, Yue Family decisively broke off the engagement.

"Hehe, that's me. Young Master Xiao, you see me growing into this and getting dumped, but I'm still happy. On the other hand, aren't you handsome? Even if there's anything difficult, you unexpectedly jumped off a cliff?" Actually, after Tang Tang heard news that Young Master Xiao had jumped off a cliff, she wanted to comfort him. In Tang Tang's opinion, this Xiao Chen had the same bad luck as her.

Xiao Chen couldn't help but smile after hearing this, saying: "Tang Tang, I really didn't commit suicide, that's a rumor ah...."

"Hehe, I understand." Tang Tang winked at Xiao Chen. Aristocratic Family Young Masters love face, who would admit that they had commit suicide? But now it looks like Young Master Xiao has thought it through, so Tang Tang didn't continue on this topic: "Right, isn't Cheng Mengying your fiancée? How did she transfer over with you? Moreover, you guys apparently don't seem to recognize each other?"

"Currently I am Cheng Mengying's manservant, equal in status to a servant or attendant....this identity is bad to say in public, right?" Of course Xiao Chen wouldn't say the truth. After all, this was the first day he knew Tang Tang. Although this plump girl may seem kind-hearted, she's still too much of a gossip. If this spread out, he would die miserably.

"You're Cheng Mengying's manservant? Cheng Family wants to humiliate you?" Tang Tang frowned after hearing. She couldn't help but be a bit outraged by this injustice: "On what basis?"

"Why do they need a reason? Transferring can also be considered a new start, at least only a few people here know me." Xiao Chen said with a shrug.

“What you’re saying is also true.” Tang Tang nodded: “Young Master Xiao, I am the class monitor of Third Year First Class. Later on, I will protect you, so don’t let Cheng Mengying bully you!”

“Haha, then many thanks!” Young Master Xiao smiled. He didn’t expected that when he went to school for the first day, he would know Tang Tang, this tomboy. However, Tang Tang at this moment looks like she has no apprehension towards Xiao Chen. If not for once being a big beautiful girl, Young Master Xiao would have been afraid to open up.

One class quickly went by and Teacher Wang left. The one wearing a gold chain around his neck, Ma Gangmen, and a lanky smoker-like person went up to Xiao Chen.

“Kid, do you know why I looked for you?” Ma Gangmen was like a small mountain standing in front of Xiao Chen, looking like an animal with prey in its mouth, with a toothpick dangling out of his mouth and asked Xiao Chen. (TLN: I really wanted to say ‘bamboo shoot’, lmao)

“I don’t know.” Xiao Chen really didn’t know: “Whatever you say is fart!”

“Fuck, you don’t know and you’re this arrogant? Hold this!” Ma Gangmen pounded the table. Xiao Chen’s table shook for a bit before stopping and Ma Gangmen pointed at Xiao Chen: “Kid, did you know that new arrivals have to come and worship this Master Ma?”

“Worship you?” Xiao Chen funnily looked at Ma Gangmen. From the desk pounding that Ma Gangmen did, Xiao Chen could see at once that Ma Gangmen’s strength was just a little stronger than an average person and that he wasn’t a fighter.

“Right!” Ma Gangmen proudly said.

“Master Ma I haven’t seen, but there is a Ma Kao.” Xiao Chen looked at Ma Gangmen and lightly said. (TLN: The title is here.)

“Ma Kao? Who is Ma Kao?” Ma Gangmen was a little confused, a little bit puzzled.

“Brother Gangmen, that...Ma Kao has the meaning of ‘horse ass’. This kid is cursing you....” That lanky smoker was a bit cultured, so he knew the meaning of

‘Kao’ in the wording.

“Fucking little bastard! What did you dare call me?” Ma Gangmen recovered and went to grab Xiao Chen’s hair: “I’m telling you, Grandpa Ma is called Ma Gangmen! He isn’t called ‘Horse Ass’!”

Xiao Chen calmly avoided the former. Xiao Chen is now First Layer Qi-Training, so wanting to escape Ma Gangmeng’s attack was a breeze.

“Ah, ‘Horse Anus’ ah. Isn’t that ‘Horse Asshole’ ’s son? It also isn’t inferior to ‘Horse Ass’!” After Xiao Chen said it, he chuckled sarcastically. (TLN: Xiao Chen says ‘Ma Gangmen’ the first time, but with a different ‘Gang’, leading to ‘Anus’ when combined with ‘Men(Door)’. The second one is just ‘Ma Piyan’, meaning ‘Horse Asshole’, still having the ‘Ma’ in his name. The third one is ‘Ma Kao’.)

“Fuck your mother, this little bastard wants to die!” Ma Gangmen hated it the most when someone took his name and made fun about it. Gangmen’s meaning is “Very Hard Door”, it indicated that Ma Gangmen was like a door protecting Lou Zhenming, but Xiao Chen, this kid, called him a horse’s asshole?

“Ma Gangmen, what are you doing?” Tang Tang had gone to the bathroom. When coming back, she saw Ma Gangmen yelling at Xiao Chen, so she immediately became a little anxious. In her opinion, although Xiao Chen isn’t Xiao Family’s Young Master, his temper was still there. With Ma Gangmen’s attitude, wouldn’t they fight ah? When that time comes, Xiao Chen would definitely suffer a disadvantage. Who didn’t know that Xiao Family’s Young Master couldn’t cultivate?

“Tang Tang, you best keep out of Brother Ming’s affairs!” Ma Gangmen saw that Tang Tang had come over, so his complexion changed a bit. He still had some fear towards Tang Tang, after all, Tang Tang is the class monitor as well as being Tang Family’s person. Although Tang Tang basically doesn’t have a position in Tang Family now, a thin camel is still bigger than a horse. Who knows if Yue Family would change their opinion of Tang Tang in the future?

One has to know, Yue Shaoqun belongs to Yue Family and he also is a very powerful existence.

“Then keep it to yourself, Ma Gangmen. You have to remember, this is the classroom!” Tang Tang said with a cold face.

“Okay, to give you face, today I won’t move this kid. However, kid, listen to me well. Tomorrow morning, you best give me 10,000 for protection money, otherwise, heihei....” Ma Gangmen cloudily said while looking at Xiao Chen.

“I don’t have it.” Xiao Chen actually said it directly without giving any face.

Ma Gangmen was startled. Originally, in his opinion, Xiao Chen should be afraid or begging for mercy. Even if not so, he had to ask the reason for paying the 10,000, right? However Xiao Chen directly said that he didn’t have the money and did not put Ma Gangmen into his eyes ah!

“You....you’re very good! Wait for me!” Ma Gangmen heard the bell ringing. With Tang Tang to the side, it wasn’t good for him to fight in the classroom. However, in his heart, Xiao Chen already had a death sentence. If he doesn’t beat this kid into a deformed pig, then he isn’t Ma Gangmen!

Thinking these ruthless words, Ma Gangmen and the lanky smoker went back. This scene, was seen crystal clearly by the not-so-far-away Lou Zhenming. Lou Zhenming’s teeth were itchy, in his opinion, how could a transfer student be so arrogant? Could it be that due living in the mountainous area, when coming out, a person wouldn’t know the immensity of Heaven and Earth?

“Brother Ming, sorry, I’m incompetent....” After Ma Gangmen went back to his seat, he said this to Lou Zhenming with a bitter face.

“I don’t blame you, that kid doesn’t know the immensity of Heaven and Earth, and he also has Tang Tang helping him....” Lou Zhenming shook his head, saying very unhappily: “It’s just that the plans for getting closer to Cheng Mengying will temporarily not work....”

“Brother Ming, then should we do the next....” Ma Gangmen asked quickly.

“The moment it’s lunch break, when Tang Tang isn’t present, we’ll teach a lesson to this kid, preferably in front of Cheng Mengying, so that we can make her know what fear is!” Although Lou Zhenming is an Aristocratic junior, Lou Family started relatively late, so he isn’t too familiar with all the Aristocratic Family juniors. Even though Lou Zhenming knew the Aristocratic Family juniors in Second High, however for transferees like Xiao Chen and Cheng Mengying, he didn’t know of them.

“Okay!” Ma Gangmen nodded, saying: “At that time, we’ll go to the male bathroom to fix him up. Let’s see if Tang Tang can go in!”

Going to the male bathroom to beat people, this is the usual method used by Ma Gangmen. After all, the class monitor Tang Tang is nosy, so in order to hide from her, Ma Gangmen will bring people to the male bathroom. Like this, Tang Tang can only look on helplessly.

“Fuck!” Lou Zhenming stared at Ma Gangmen, saying: “You stupid? Cheng Mengying won’t be able to go into the male bathroom, do you want to deter her?”

“E....that’s true! Brother Ming is wise!” Ma Gangmen was surprised for a moment, then said: “I had been driven mad by that ignorant country bumpkin! This afternoon, this father will definitely let him know of Grandpa Ma’s strength!”

Cheng Mengying herself saw Ma Gangmen’s wanting-to-teach-Xiao-Chen-a-lesson scene. She didn’t know why, but someone wanting to teach Xiao Chen a lesson, even though it is a way for her to vent, made Cheng Mengying a bit uncomfortable.

Moreover, when Tang Tang helped Xiao Chen get out of that predicament, Cheng Mengying was a bit uncomfortable. Even Young Lady Cheng didn’t know what was going on in her mind.

“Xiao Chen, Ma Gangmen this person actually isn’t worth fearing. However, behind him is Lou Family’s Young Master Lou Zhenming!” After Tang Tang waited for Ma Gangmen to walk away, she said to Xiao Chen in a low voice: “Of course, if this were traded to your previous status as Young Master Xiao, there wouldn’t be a need to be afraid of him. But right now, people under the grace of others have to bow their heads!”

One has to say, Tang Tang is a gossipy girl with a good heart. Xiao Chen didn’t know whether to laugh or cry after hearing her words, but when thinking about his previous ‘illustrious reputation’ hehe, the ‘refusing to lose’, it made sense that Tang Tang would try to persuade himself.

Treating You To A Meal

“I know.” Xiao Chen nodded, saying: “Don’t worry, as long as he doesn’t cause me any trouble, I won’t provoke him. Moreover, I just came over here and also don’t want to cause any trouble.”

“If you understand then it’s okay. Don’t worry, I’ll be on the lookout to make them behave themselves.” Tang Tang shook her fist with the aura of an eldest sister.

In a blink of an eye, it became the noon lunch break and young lady left the classroom to eat in the cafeteria. While Lou Zhenming watched Cheng Mengying leave, his eyes flashed with desire. However, Lou Zhenming isn’t an idiot. He could see that Young Lady Cheng’s clothes are very good, so her background should be good. This is the reason why he purposefully chose the route of taking certain actions in order to warn others.

Just as Xiao Chen got up and was about to go get something to eat, Tang Tang pulled him back: “Hey, where are you going?”

“E....” Xiao Chen was surprised for a moment, finding Tang Tang, this valiant little girl, actually pulling on his waistband, suddenly made him somewhat embarrassed: “I say Tang Tang, do you want to pull my pants off? Men and women shouldn’t be so intimate ah!”

“Che! Who cares ah!” Tang Tang was indifferent, loudly crying: “Let me tell you, I’m a tomboy, so I don’t like men!”

“Cough....okay then!” Xiao Chen felt as if he were struck by thunder: “Sister Tang, why did you stop me?”

“I asked you ‘where you were going?’ Are you not going to eat?” Tang Tang didn’t care whether Xiao Chen called her ‘Sister Tang’ or not. (TLN: Okay, the actual translation can be both ‘Brother Tang’ or ‘Sister Tang’ because Tang Tang’s name is used with only the first part of ‘Xiong[兄]’. In Chinese, ‘Xiong[兄]’ can be used with either ‘Di[弟]’ or ‘Mei[妹]’ to mean ‘Younger Brother’ or ‘Younger Sister’, respectively. In this case, I used ‘Sister’ because Tang Tang is female, but Tang Tang is a tomboy, so it could be used sarcastically. By the way, it’s sort of like slang.)

“Yes ah!” Xiao Chen nodded: “Is there anything good to eat around here?”

“Okay, don’t go and instead eat with me, okay!” Tang Tang took out several steamed buns and pickled vegetables and placed them in front of Xiao Chen: “I don’t eat a lot, so the remaining is yours. Looking at your thin physique, you need to eat more!”

Xiao Chen was surprised for a moment, then pointed at the steamed buns and pickled vegetables, asking: “You usually eat this for lunch?”

“Yes ah, what else would I eat?” Tang Tang actually glared/stared at Xiao Chen: “Don’t pretend before me and tell me that you still have money to spend. Even if you work for Cheng Mengying, it’s impossible for her to give you money. Looking at you, one can see that you’re a poor man!”

“You? Poor?” Xiao Chen actually blankly stared: “Even if you....broke an engagement, you weren’t expelled from Tang Family right? You shouldn’t be eating this right?”

“So what, we are the same type of falling from the skies people and it’s not like you don’t understand these large families matters. It’s interests first and I’m just a girl in the family, just a tool for marriage. My father and mother died early, oh....this is just like you, your father and mother are missing! My grandfather doesn’t love me and uncle doesn’t care because now that I’ve lost the value of being married off, I’m treated as a parasite in the Family. People give me a blaming look me, so my older sister moved out in order to rely on herself and not spawn their birdlike attitude!” Tang Tang patted Xiao Chen’s shoulders, then

said: “Okay, eat. It’s very good, getting used to eating like this is fine!”

“Right....” Xiao Chen had never eaten this stuff, but....he really wasn’t picky, enduring for these many years, this wasn’t just an ordinary strong willpower! However, Xiao Chen found out today that Tang Tang is also strong, this heart is simply too strong! This isn’t a tomboy, this is a true man ah! (TLN: Wtf Xiao Chen.)

Xiao Chen was really hungry. He hadn’t eaten breakfast because he wanted to save some money. He didn’t think that Tang Tang’s steamed buns would be quite delicious....eh.....not that steamed bun, don’t misunderstand.

Tang Tang just ate 1 steamed bun while Xiao Chen ate the rest of the four buns with his voracious appetite. Tang Tang delightfully watched Xiao Chen eat and couldn’t help but laughing: Young Master Xiao, I didn’t think you can endure hardship. Is it really that delicious?”

“E....sorry, I was too absorbed in eating and ate all your steamed buns....” Xiao Chen discovered that he had eaten four steamed buns! Doesn’t this mean that Tang Tang only ate one?

“Oh, no problem, I’m on a diet.” Tang Tang said with an indifferent smile.

“Tomorrow noon, I’ll treat....” Xiao Chen said a little embarrassedly.

“No need, this sister has money. Even though I have gone down in the world, this sister is still better off than you. This sister can wait for you to recover. By then, it isn’t late for you to treat me.” Tang Tang really didn’t eat until she was full ah. These five steamed buns was her lunch and dinner! Every two and a half steamed buns would fill her, so she wanted to give Xiao Chen half. However, who would have thought that Xiao Chen would directly massacre four.

“Then....okay.” Xiao Chen wasn’t unreasonable. Although he currently has a little money on hand, he couldn’t eat with it unrestrictedly ah.

“I’ll go walk for a bit, so don’t wander aimlessly in the classroom. I’ll be back soon.” Tang Tang didn’t eat her fill, so she went to get two steamed buns or rolls to eat.

Xiao Chen waited for Tang Tang to leave then quickly shoved the rest of half a steamed bun that he didn’t swallow into his food bag. He also had not eaten his

fill!

Although Xiao Chen has a bamboo-like figure, his appetite is not small. This appetite is directly related to the exercise he has done every night for the past few year. Xiao Chen continuously exhausted himself, thus he ate a lot. Although he didn't exercise last night, due to the fact that he didn't eat breakfast, four steamed buns couldn't fill his stomach.

However, now that there aren't any problems, eating less doesn't mean dying of starvation. For the rest of lunch break, Xiao Chen stopped paying attention to his surroundings and started cultivating 'Seizing Good Fortune War Mantra'. Cultivating true virtue and cultivating martial arts isn't the same. Cultivating true virtue allows cultivation while sitting motionless. In this way, others won't be able to see what one is doing and it'll look like one is just like not paying attention to others when resting, thus it won't evoke the suspicions of other people.

With his mental mantra operating, Xiao Chen's YuanQi was making revolutions through his body's meridians and a really comfortable warmth spread throughout his body.

"Huh? Kid, how is your cultivation speed so fast?" Tian Lao felt that Xiao Chen's internal situation and Xiao Chen's cultivation speed were somewhat different.

"Maybe I'm a genius!" Xiao Chen said.

"Sure. When this old man was younger, he also was a genius and had seen many geniuses. However, this old man hasn't seen your kind of genius. Practicing 'Seizing Good Fortune War Mantra' backwards, this really is genius." Tian Lao replied disdainfully.

"Then perhaps it's due to practicing backwards?" Xiao Chen asked.

"Don't know, but your cultivation speed is a bit abnormal." Tian Lao said: "I'll keep observing. Normally speaking, the city's Qi of Heaven and Earth is very scarce, so your cultivation speed should be very slow. Because you were held back for a few years, breaking through First Layer Qi-Training makes sense, but right now, you're about to break through to Second Layer Qi-Training, thus this cultivation speed defies heaven's will a bit."

“Second Layer?” Xiao Chen’s heart was a little cold. Although this looks like a good thing on the surface, Xiao Chen knows that speed isn’t always a good thing. Cultivating too quickly definitely has some factors within it.

“But for the time being, there seems to be nothing wrong, so continue.” Tian Lao said to Xiao Chen.

Tian Lao’s words made Xiao Chen feel slightly relieved. Although Xiao Chen desires strength, however, if strength comes too quickly, he will be a bit scared ah! Second Layer Inner Qi, this was the height a lot of Fighters could only reach by cultivating for many years ah!

“Xiao Chen? Brother Ming and Brother Gangmen wants you to go to the school cafeteria.” Xiao Chen was currently practicing when the lanky guy who came with Ma Gangmen told this to Xiao Chen.

“Go to the cafeteria?” Xiao Chen opened his eyes. He felt that it was a little strange. It is reasonable to say that if one wanted to teach a person, one would go to the men’s bathroom or the school roof, right? Why go to the cafeteria? That kind of place easily attracts the attention of the Director: “Ma Ass wants to invite me to eat?” (TLN: English is...indescribable)

“Right, just inviting you to eat! However, it’s Brother Gangmen, not Ma Ass!” The lanky guy frowned while saying.

“Oh, since they’re inviting me to eat, then lead the way!” Xiao Chen knows that if this matter isn’t solved, it’s estimated that Ma Gangmen and Lou Zhenming will look for other ways to interfere with him. However, Xiao Chen believes that fundamentally there is no sinless person, so in any case, it’s better to take a look, then make a judgement.

If it’s good fortune then it’s not misfortune, if it’s misfortune then why try to evade it? Xiao Chen currently has already cultivated true virtue to First Layer Qi-Training. This is equivalent to First Layer Inner Qi, so he actually doesn’t fear any matter! Moreover, during his ‘Young Master Xiao’ time, who was he afraid of?

En? This frankly? The lanky guy was slightly surprised. He originally thought that he would have to have an argument with Xiao Chen, but he didn’t think that Xiao Chen would directly agree. ‘Seems like this kid really is a country bumpkin, he is convinced that he’s being invited to eat ah?’

Xiao Chen followed the lanky guy out of the classroom and followed him to the cafeteria. Second High's cafeteria is very large, about the same size as First High's cafeteria. It is divided into First Floor, Second Floor and Third Floor. The First Floor has the most common food for the majority, with its food at around the same quality same as fast food restaurant. All around on the First Floor are windows selling all kinds of dishes, while the middle has rows of tables and chairs suitable for students to eat their fast food.

On the Second Floor, there's a place to order just like a regular hotel. The Second Floor has a menu and allows one to select whatever is to one's preference. This is the place that the wealthy students like the most. Of course, some school teachers occasionally eat here, but some not-so-wealthy students will also hold birthday parties or something over here. Obviously, the dishes on the Second Floor are better than the ones on the First Floor. This floor has specially hired hotel chefs and there are some special dishes that are directly delivered over here from a nearby hotel after the cooking is finished.

The Third Floor is like theater box floor. It requires reservation and each theater box has a minimum spending. Generally, the not specially rich students will not go reserve a theater box, but small groups of school teachers will often go to reserve a theater box.

After all, Second High's salaries are very high. Moreover, teachers have a teacher's dignity, so they also would not want to eat together with students. After all, having the joke topic among teachers being heard by students is a very awkward matter.

Of course, there are Aristocratic Family juniors who don't care about money like Lou Zhenming, and are frequent patrons to the Third Floor. However, today Cheng Mengying is eating her meal in a corner on the Second Floor. Thus, in order to show off in front of Cheng Mengying, Lou Zhenming went to the Second Floor to find a table and waited for Xiao Chen to come.

"Brother Ming, do you think that lanky guy can make Xiao Chen come? What should we do if he doesn't come? I'm afraid that Tang Tang, that bitch, will stop him from coming!" Ma Gangmeng said.

"Who knows? Just watch, there are plenty of opportunities, there's no need to

rush!” The more Lou Zhenming looked at Cheng Mengying, the more he felt that Cheng Mengying wasn’t simple. Even the way she ate food was elegant! Even though it was just her eating by herself, she didn’t appear lonely. Therefore, the more so Lou Zhenming didn’t dare to use strength against Cheng Mengying, and only thought of ways to get closer: “Right, Cheng Mengying’s background, have you investigated it yet?”

High Comprehension Low Strength - Chapter

Two-Headed Abalone, Five Jin Lobster

Inside the school, Lou Family also has some familiar teachers, otherwise, with Lou Zhenming's despotism and arrogance, he would have been expelled long ago! And wanting to look at Cheng Mengying's transfer files isn't easy, but there are still ways to make it possible.

"I have talked to the sports teacher Teacher Lei already, he said he would help us find a way!" Ma Gangmen said.

The school's sports teacher Teacher Lei is a former boxer team member. After retiring, he went to Songning City's Second High to become a teacher. Of course, this is his identity on the surface. His secret identity is actually a gang member. He is Lou Zhenming's father, Lou Siwen's, goon, and often helps Lou Zhenming with behind-the-scenes fighting.

This is Lou Siwen protecting Lou Zhenming and planting a spy into the school. Perhaps on the day Lou Zhenming graduates, Lei Dianfeng will resign.

"Okay." Lou Zhenming nodded.

Lei Dianfeng's identity is hidden and unless it's absolutely essential, it couldn't be exposed. Lei Diangfeng could secretly help out Lou Zhenming a lot in the school.

Not long after, Lou Zhenming saw the lanky guy come up with Xiao Chen. His mind became slightly peaceful, it seemed like to him that the working efficiency

of the lanky guy isn't bad.

Only, what happened next made Lou Zhenming a bit uncomfortable. This is because Xiao Chen was actually leading the lanky guy and came over, blatantly sitting down right across from himself!

Shit, this kid really thinks he's being invited out to eat? However, you'll be crying momentarily!

Previously, Lou Zhenming was indeed optimistic about the lanky guy. Xiao Chen, this kid, isn't an ordinary kind of poor, but rather very poor! This is because this guy couldn't even afford to buy lunch and unexpectedly also ate Tang Tang's steamed buns and pickled vegetables. Moreover, he ate with relish, as if he hadn't eaten several meals! This is fucking poor to the extreme ah!

Thus, previously when Ma Gangmen wanted 10,000, when he directly said he didn't have, this indeed could be understood. Because this kid really doesn't have the money ah, even if you beat him to death, he wouldn't have it!

Miscalculation ah, miscalculation. Lou Zhenming didn't expect Xiao Chen to be penniless before. He thought of using his normal tactics of finding trouble with other students on Xiao Chen, but who knew that he would encounter such a poor man.

Therefore, Lou Zhenming changed his strategy. 'You don't have money? Then I'll treat you, only, it's my treat with your money! While the table is full of dishes and you don't have the money to pay, I'll pay for you, but if I pay for you, you must definitely be made uncomfortable. I just want to beat you a bit and when beating you, I will accidentally touch Cheng Mengying's table. Wouldn't this be an opportunity to strike up a conversation with Miss Cheng?'

This plan may seem flawed, but it also implicates other parties! The bystanders wouldn't understand ah! From the bystander's point of view it would go like this: 'You treated me to eat and the result was me paying the bill? Beating you would be justified because you are playing with people ah!'

Thus, Lou Zhenming believes that whether or not there are loopholes, as long as it seems reasonable to the bystanders, it's okay.

"Xiao Chen ah, the thing from before, please excuse me. My subordinate, Ma

Gangmen, misunderstood my meaning and almost beat you. Therefore, I will treat you for lunch to resolve the misunderstanding.” Lou Zhenming politely said to Xiao Chen.

Xiao Chen’s eyes slightly narrowed and thought in his mind: ‘Lou Zhenming ate the wrong medicine right? Treating me to eat?’

Xiao Chen couldn’t understand Lou Zhenming’s purpose, but still wanting to see what he actually wanted to do, he remained composed on the surface: “Oh, treating me ah. You should say this earlier, I almost thought you wanted to beat me! Eating food, fantastic! I didn’t eat full from a while ago, thank you ah!”

Xiao Chen is currently First Layer Qi-Training and is in the high-end profession of cultivating true virtue. As long as there isn’t too big of a big accident, he’s ready to resist with all the means he can.

“I’ve already ordered some good dishes. Xiao Chen, do you have anything you want to add?” Lou Zhenming asked.

“Well...although these dishes are good, there’s no seafood...I came from the mountains, so I have never eaten seafood, can we order some?” Xiao Chen said with anticipation while looking at the menu.

“Okay, you order then!” Since Lou Zhenming wanted to completely act in a play, he couldn’t let Xiao Chen perceive anything wrong at the beginning. If he didn’t eat and instead ran away, how would he be able to have a reason to beat him?

Although, he, Lou Zhenming, doesn’t need an excuse to beat someone, if one subtly beat someone in front of Cheng Mengying, wouldn’t Cheng Mengying definitely suspect something?

“That....is there an order for One-Headed Abalone?” Xiao Chen turned and asked the server.

“No, there’s only Two-Headed Abalone, okay?” The server sweated a little. In order to satisfy these Aristocratic juniors, Second High’s cafeteria is near a hotel and a large joint venue. However, there isn’t an order for a Single-Headed Abalone ah, this is the best quality of goods, it’s not necessarily seen many times even in the country of origin.

“Okay, ten orders of Two-Headed Abalone!” Xiao Chen nodded: “And also get five jin of Australian Lobster!”

“Understood, these students, is there anything else?” The waiter recognized Lou Zhenming, so he didn’t have any doubts towards Xiao Chen’s order. After all, Lou Zhenming is an Aristocratic young master. (TLN: ‘these students’ are said in a somewhat polite manner, as the waiter is a waiter.)

After Lou Zhenming heard Xiao Chen’s words, his mouth suddenly twitched a couple of times. Although this was the food that he was going to make Xiao Chen pay, in the end, it was still him paying ah. How would Xiao Chen, this poor guy, have the money to pay it?

Thus, from the beginning, although Lou Zhenming ordered a table of food, it wasn’t anything too expensive. It only added up to around two or three thousand, but with Xiao Chen’s small order, it costed hundreds of thousands ah!

Two-Headed Abalone is 10,000 per order and this is also the school’s cheapest price. If this was in a nearby hotel, it would cost at least 20,000. Ten orders would cost 100,000 and this wasn’t counting the lobster!

It’s true that he’s Lou Family’s young master. But due to the fact that Lou Family mixes with underground gangs, although their strength boosted, their money situation is worse than other Aristocratic Families. Therefore, Lou Zhenming’s pocket money every month is only about 100,000 and it’s all spent in this one fucking time!

But, Lou Zhenming actually couldn’t stop. If he stopped now, it would look like to bystanders that he was being treated instead of Xiao Chen being treated? Therefore, Lou Zhenming could only put on a grateful look and say: “Xiao Chen, whatever you order is what we will eat....”

Order then, order. The more expensive the order, the more money I spend. Thus, the more ruthlessly you will be beaten and the more it will appear reasonable! Lou Zhenming, in order to approach Young Lady Cheng, could only clench his teeth and endure!

Xiao Chen ordered once. After the waiter saw that Lou Zhenming didn’t say anything else, the waiter went on to pass down the order.

Not far away, Cheng Mengying naturally saw Xiao Chen coming to the cafeteria and couldn't help but secretly frown, 'What's Xiao Chen doing here? Why is he with Lou Zhenming and Ma Gangmen and other people? Wasn't there a problem between them before?'

Thinking up to here, Young Lady Cheng was in no rush to finish eating because she wanted to take a look at what Xiao Chen wanted to do! After all, Xiao Chen is the person she brought over, so if anything happened, she wouldn't have it well from her father.

'Troublesome Xiao Chen, this Young Lady wants to hurry back to the classroom and beauty sleep, and you've ruined it! But, hum, this Young Lady will record it in her book, when that time comes, let's see how you feel!'

Looking at the trays of delicacies lined up on Xiao Chen's table, the surrounding students watched on enviously. 'It's lobster and abalone ah! Although it's usually seen on the menu, how many people have actually selected it before?'

Even if it was selected, it should be eaten in the upstairs balcony. It was the first time that a person like Xiao Chen, who ate like this on the Second Floor, was seen.

Of course, envy gathers envy. Many people who eat here know their family conditions. It is only a little better than most and could not be called rich. On the Second Floor cafeteria, they would normally order one or two dishes. Around the level of 800 to 1000, they could afford it, but any more was something that only those tyrant students would be able to afford it.

"Fuck, this is the legendary Two-Headed Abalone ah. It smells quite delicious and it looks so good! Now then, I'm going to be polite ah!" Xiao Chen spoke in a considerably loud voice, that even the not-so-far-away Young Lady Cheng heard it.

But, nobody despised Xiao Chen. After all, Xiao Chen is telling the truth. The people sitting on the Second Floor are only a little rich. There aren't many who have eaten Two-Headed Abalone and Australian Lobster!

Even though he wasn't despised, they were still envious.

Of course, this action from Xiao Chen was despised in Lou Zhenming's eyes. His heart coldly snorted 'country bumpkin', but his mouth said: "Then let's start eating!"

"Okay ah, Lou Zhenming, you guys should also try out this Two-Headed Abalone and this big lobster. You guys haven't eaten it before, right? Then you should eat more ah!" Xiao Chen's voice was still very loud and Young Lady Cheng could clearly hear it.

"I...." Lou Zhenming was about to pick up his chopsticks to clamp onto a piece of abalone, but delayed after hearing Xiao Chen's words and his complexion became somewhat unnatural: "I....you eat, we often eat this, so I disdain eating this...."

If Xiao Chen didn't speak loudly, Lou Zhenming would definitely quickly chew and swallow. Although he has money, this level of lobster and abalone is rarely eaten. Originally, he wanted to snatch it from Xiao Chen and quickly eat, but right now, if he wants to snatch from Xiao Chen, then wouldn't he also become a bumpkin?

Of course, if Cheng Mengying wasn't in the back watching this, Lou Zhenming wouldn't have cared. However, right now he wants to show off. If in Cheng Mengying's heart, he became like the bumpkin Xiao Chen, then he might as well not try chasing. He would be done for before even trying!

Therefore, Lou Zhenming said goodbye to the lobster and abalone in his heart.

"What? Great! Then I won't be polite, I'll pack what I can't eat. Really, thank you classmate Lou!" Xiao Chen was overjoyed, these lobster and abalone dishes were all pulled towards his face.

Ma Gangmen and the lanky guy looked at each other. Originally, they wanted to eat as much as they could to satisfy their desires, but now, the dishes were pulled away by Xiao Chen. This might as well be eating fart, so they couldn't help but turn and give Lou Zhenming a pitiful look.

How would Lou Zhenming not understand the meaning of his two subordinates? But the boast was already said and he couldn't exactly lose his own face right? Thus, he could only feign ignorance: "This abalone and lobster, the two of you are also tired of eating it, right? Let's eat something light, these

bamboo shoots aren't bad....”

High Comprehension Low Strength - Chapter 24

I Want To Pack It Up

Ma Gangmen and the lanky guy had no choice but to follow Lou Zhenming's lead and eat bamboo shoots.

A smile flashed through Cheng Mengying's lips, how could she not see that Xiao Chen wanted to keep all the food to herself? Young Master Xiao, what have you not eaten? It was clear that he wanted to trap Lou Zhenming!

Young Lady Cheng smiled. Upon seeing this, Lou Zhenming believed that Miss Cheng was looking at him, after all, how could Xiao Chen, this bumpkin, have anything good thing to look at? In Lou Zhenming's opinion, it must have been the "often eating abalone and lobster" phrase that attracted the attention of Miss Cheng. Nowadays, who doesn't like a "GaoFuShuai"? In particular those who act as a "GaoFuShuai". (TLN: "GaoFuShuai[高富帥]" is a phrase in China that literally means "Tall, Rich, Handsome" and refers to a male.)

Only, what made Lou Zhenming feel weird was that after Xiao Chen ate an abalone, he didn't eat the seafood. Instead, he started with the other food on the table and instantly, the several dishes that Xiao Chen picked were all eaten clean. Before Lou Zhenming could even eat a few mouthfuls, the things were already gone!

Pig! Truly a damn pig! Lou Zhenming cursed hatefully in his heart and picked up his chopsticks. He didn't know where to stop over and wanted to clamp a piece of the abalone in front of Xiao Chen, but didn't have the face. Thus, he could

only put down his chopsticks and pick up a plate. He was ready to fill up a bowl of soy sauce fried rice and eat some staple food.

Generally when eating, it was ‘first eat the dishes, then eat the staple foods’. Lou Zhenming also has this habit, but it was only today that there was nothing to eat. However, as he picked up the plate, the pot of soy sauce fried rice was directly taken away by Xiao Chen!

Then, Xiao Chen opened the held pot and the soy sauce fried rice disappeared in moments!

The plate in Lou Zhenming’s hand trembled. Forcefully restrained the anger in his heart, he placed the plate back down. Ma Gangmen and the lanky guy looked at each other and thought ‘This Xiao Chen can really eat huh?’

Before, the lanky guy had seen Xiao Chen eat 4 steamed buns and the crumbs of the steamed buns ah! Is this kid the reincarnation of a starved ghost?

“Really delicious ah, have you guys eaten your fill?” Xiao Chen burped and asked comfortably.

Xiao Chen discovered that after he started cultivating true virtue, he could eat more than before. Could it be that cultivating true virtue consumes a lot of energy?

“I....ate my fill, ate very well....” Lou Zhenming had a belly filled with fire, but had no way to vent. After all, Cheng Mengying is watching him. If he didn’t eat his fill, then doesn’t this mean that he has no face?

Moreover, he wants bystanders to view this as Xiao Chen’s treat. Since it’s Xiao Chen’s treat, if the host asks the guests if they have eaten will or not, then the guests definitely have to say that they have eaten well.

“Oh, then okay, I’ll go pack up the rest!” Xiao Chen pointed at the two dishes of seafood and said: “Waiter, give me some food containers, I want to pack it up!”

“Understood, these students!” The waiter nodded and got the food containers.

Pack it up, pack it up, let’s see how you pay the bill in a moment! Lou

Zhenming grit his teeth, while looking at Xiao Chen pack it up.

When Xiao Chen finished packing up the dishes, he stuffed the food containers into plastic bags. Then, Lou Zhenming finally said to Xiao Chen: “Many thanks for Classmate Xiao’s treating today. Now then, we’ll go back first ah!”

After hearing Lou Zhenming’s words, Xiao Chen narrowed his eyes. At this point, he finally knew Lou Zhenming’s meaning. Lou Zhenming wanted to trap him in the meal and make himself take out the money to treat himself! And during the time to eat, Lou Zhenming’s eyes had been floating in Miss Cheng’s direction. Xiao Chen, with his strong spiritual powers, could easily spot it.

Thus, Xiao Chen could definitely confirm that Lou Zhenming fancies Cheng Mengying. And so, during the time to eat, he deliberately said some bullshit words to make Lou Zhenming feel helpless and to determine whether or not Lou Zhenming was willing to lose face in front of Cheng Mengying.

‘Only, since Lou Zhenming wanted to pursue Cheng Mengying, did he think that I am nothing? Could it be possible that he knew that I was Cheng Mengying’s former fiancée? But if knew then why would he be afraid to speak about it? Evidently, he thinks I came down from the mountains. Still, he thinks that since I’m a newcomer that I’m easy to bully? Does he have a sense of accomplishment by bullying me in front of Cheng Mengying?’

During his dandy young master time, he knew that one had to step on people before other in order to be worshipped. However, isn’t there no sense of accomplishment if Lou Zhenming steps on a newcomer like him ah?

As for making Xiao Chen pay the bill, Xiao Chen didn’t care. Although Lou Family is strong, compared to Zhao Family and Chen Family, it is a lot worse. However, it still is the rise of an emerging underground family, but now that Xiao Chen is now cultivating true virtue, as long as he has strength of a certain level, what would he be scared of?

Isn’t Lou Family being promoted to Aristocratic Family status due to their Worshipped One, a high level Fighter?

Letting Xiao Chen this big fool pay is impossible since Xiao Chen doesn’t have any money to use to pay. However, Xiao Chen believes that perhaps the Young Lady would pay for him, thus Xiao Chen plainly pointed at the plates of seafood!

Wait, if Young Lady spends her money, then it will just deduct it from his wages ah!

Therefore, Xiao Chen was planning how to escape the bill in his heart. His spiritual force searched the entire Second Floor cafeteria. It wasn't good to just to beat them up because Xiao Chen didn't want to be expelled on the first day of transferring. Of course, if there wasn't the presence of school teachers, it would be a different story.

However, under this search, Xiao Chen's eyes lit up!

"Sou!"

Just when Lou Zhenming wasn't paying attention, Xiao Chen stood up, packed up the food containers at lightning speed, picked up the bags and quickly walked towards the stairs.

"Not good, this kid wants to run!" Lou Zhenming's response was quick. Seeing Xiao Chen running, he immediately said to Ma Gangmen and the lanky guy: "Block him for me!"

After saying that, he also sped towards Xiao Chen's direction.

Only, what made the three of them surprised is that after Xiao Chen went to the cafeteria stairs, he actually didn't go directly down, but smilingly said: "Director Xu, are you about to eat ah?"

"Oh? Student Xiao ah!" After Director Xu saw that it was Xiao Chen, his face showed a trace of a smile. One has to know that Cheng Zhongming's working efficiency is very quick. After returning to the corporation, he immediately called the school and said that Cheng Family is giving the school a sponsorship fee and his go-between is Director Xu, directly praising Director Xu in front of the school principal.

And Xiao Chen, although he looks like has no background, he is Young Lady Cheng's servant ah. There was a chance that Xiao Chen's words represented Cheng Mengying's meaning, so Director Xu greeted Xiao Chen: "Xiao Chen, are you getting used to the new school? How is it, your classmates are good right?"

"Director Xu, I'm fine. My classmates are good to me, especially classmate Lou Zhenming! He treated me to seafood meal and also let me pack it!" Xiao Chen

said to Director Xu while waving the bags.

“Lou Zhenming?” Director Xu was surprised for a moment. As for what kind of person Lou Zhenming was, he was clear. But, he had unexpectedly asked Xiao Chen to treat for a meal?

However, at this time, Lou Zhenming, Ma Gangmen and lanky guy, the three of them, also ran over. Just as Lou Zhenming was about to act crazy, he suddenly heard the conversation between Xiao Chen and Director Xu, and immediately stopped in place without knowing what to say!

I treated Xiao Chen to a seafood meal? Although it seems like nothing is wrong, however, Lou Zhenming’s purpose was not to treat Xiao Chen, but to blackmail Xiao Chen! The purpose was to teach Xiao Chen a lesson ah!

If I said to Director Xu that it is Xiao Chen’s treat, rather than his, Lou Zhenming’s, treat, then Director Xu will believe it ah! Xiao Chen looks like a poor man, so how could he afford this seafood meal? This lie is very vulgar and with Director Xu’s intelligence, he afraid that Director Xu will want to know what’s happening.

Although, Lou Zhenming doesn’t find any value in going to school, Lou Zhenming’s father and grandfather don’t feel the same ah! Master Lou had a dream since childhood to become a mixing with high-society person, so he tried to make his son into a refined scholar. Thus, Lou Zhenming’s father’s name became Lou Siwen. (TLN: Master Lou is the grandfather and ‘Siwen’ in this case means “refined” in Chinese)

Only, the past influence of Lou Family was worse than the present, so Lou Siwen had to drop out of school early. This made Master Lou have a troubled heart, but in Lou Zhenming’s generation, Lou Family became an Aristocratic Family. Whether it was Master Lou or Lou Siwen, they both had hopes that their Lou Family could enter the ranks of high society, so Lou Zhenming’s studies had an exceptional value. They had hopes that Lou Family could dish out a university student. Even though having a university student doesn’t really help out Lou Family in a business angle, however, it’s a nice reputation ah!

Otherwise, other families would look down on them. Upon seeing Lou Family people, they would say, ‘Look at that family of unsophisticated people, even if

they're an Aristocratic Family, they're just a low-grade Aristocratic Family."

Thus, Lou Zhenming is very afraid of Director Xu in school. If he was expelled, even if Lou Family was able to ask for a favor from Chen Family, it would still be disgraceful ah. It is estimated that Master Lou would beat Lou Zhenming into a disabled!

Such a loss of face, Master Lou can't afford to lose that person ah! (TLN: Worshipped One)

"Director Xu, caring for and unifying students is what you have taught us." While Lou Zhenming was saying these words, his heart was bleeding, but he had no other choice: "I saw that classmate Xiao Chen had come from the mountains and had never eaten seafood, so I just asked him to eat."

"Oh, Student Lou, you have done well." Although Director Xu was wondering if Lou Zhenming had eaten the wrong medicine, however, what Lou Zhenming did was a good thing, so he could only say: "Hope you make persistent efforts! If you can maintain this, there will definitely be a space for you in the 'Outstanding students of the year'!"

"Haha, then many thanks Director Xu, I will continue working hard!" As Lou Zhenming's mouth was saying this, in his mind he was thinking, 'Make persistent efforts? Then won't I go bankrupt ah!'

"En, I'll go upstairs to eat, so I'll leave first. You guys should go back to the classroom to study. After eating, don't hang out! Third Year, do your best and get into a good university!" Director Xu said.

"Understood, Director Xu." Lou Zhenming sighed. He knew that teaching Xiao Chen a lesson would not be easy now, only, he was not willing to give up.

"Classmate Lou, many thanks for the treat, wait for the day I develop....I will eat with my own money." Xiao Chen waved to Lou Zhenming and turned to go down the stairs.

High Comprehension Low Strength - Chapter 25

Tang Tang's Fiance

Xiao Chen made Lou Zhenming seethe in rage. Originally, he thought that Xiao Chen would say, 'When I develop, I'll treat you for a meal'. Then, Lou Zhenming would be a little comforted, but he didn't think that Xiao Chen would say that he would use his own money to eat!

"Xiao Chen....wait for me!" Lou Zhenming grit his teeth. Seeing Xiao Chen departing, his complexion became blue!

Running away after eating a meal in the school cafeteria? Lou Zhenming couldn't have this kind of face. Moreover, there was no escape even if he wanted to escape. Everyone knew him, so how could he escape? Making big trouble was something that the entire Lou Family couldn't face because people would say, 'Look, Lou Family isn't good ah. Their level is too low; their juniors have the habit of dining and ditching when going to school.'

When that happens, Lou Zhenming's beating wouldn't be as simple as being hit into a pig.

Lou Family is currently proceeding to flatter themselves, so how would he dare to discredit Lou Family? Lou Zhenming did not dare.

He took out a credit card, handed it to the lanky guy and said to him: "You go pay the bill, afterwards we'll go find a place to hold a meeting and talk about how we're going to punish Xiao Chen!"

Previously, teaching Xiao Chen a lesson was only to curry favor with Cheng Mengying. But now, Lou Zhenming thought that he wouldn't be able to feel comfortable if he didn't teach Xiao Chen a lesson.

Young Lady Cheng was sitting in the table in the corner and had witnessed the whole process. Xiao Chen's approach, although it was similar to his former rascally dandy behavior, however, Young Lady Cheng saw something unusual.

She could not hear the dialog between Xiao Chen and Lou Zhenming, so she didn't understand the meaning of Lou Zhenming making Xiao Chen paying the bill. She knew that Lou Zhenming was the one who asked Xiao Chen to eat, so she felt that it was very strange. Later on, Xiao Chen running with the food bags made Cheng Mengying feel confused, what was Xiao Chen running for?

'After going back in the evening, I'll make sure to ask him!' Curiosity killed the cat, but Cheng Mengying couldn't help but feel curious!

Formerly, she and Xiao Chen didn't have any interactions. Regarding Xiao Chen's actions, it was from a biased view, therefore, she simultaneously didn't care about him. However, right now, the only person Cheng Mengying knows is Xiao Chen inside of this new school.

Also, Xiao Chen is her manservant. Especially now that Cheng Mengying feels that Cheng Family has been unfair to Xiao Chen, so she is more or less concerned about Xiao Chen.

Going out of the cafeteria, Xiao Chen directly went back to the classroom. Lou Zhenming called Ma Gangmen and the lanky guy out to the basketball court, preparing to discuss how to cope with Xiao Chen and pursue Cheng Mengying.

"Lanky, your mind works well. Tell me, when Xiao Chen looked for Director Xu, how was his attitude towards Xiao Chen?" Today, although Director Xu's attitude was impartial, but in Lou Zhenming's opinion, Director Xu's words today seemed to be a bit much. Therefore, he made the lanky guy further analyze it.

"It can't be? Director Xu wasn't partial to whatever Xiao Chen said. From what I saw, it may probably be due to Xiao Chen just transferring over. Director Xu wanted to leave a profound impression on him so he just said several words, that all." Lanky guy shook his head: "However Xiao Chen, this kid, is really smart. He understands how to escape! To make away with so much abalone and lobster,

and I hadn't even eaten any ah!"

"Right ah, more than 200,000 ah!" Ma Gangmen was also regretting: "If my hands were a bit quicker, then wouldn't the lobster be in my hand? But we also let Xiao Chen, that kid, pack it away!"

"Enough!" Lou Zhenming couldn't help but get angry after hearing the two's words: "I didn't get to even fucking eat the fried rice, you two's words are like fart! What we should be discussing right now is how to deal with Xiao Chen instead of complaining!"

"How to deal with Xiao Chen? In accordance with my meaning, we bring the kid into a place with no one around and beat him up at lightning speed but we can't make him die!" Said Ma Gangmen as he clenched his teeth: "But Brother Ming, you had to use him in order to get close to Cheng Mengying...."

"Yes ah, if it wasn't so, we wouldn't have suffered a loss in the hands of a country bumpkin!" The lanky guy added on.

"What? Are you trying to say that this matter is my fault?" Lou Zhenming cloudily said while looking at his subordinates.

"E....I don't not dare!" Ma Gangmen hurriedly said after being startled.

"How can we blame Brother Ming...." The lanky guy also hurriedly said.

"Then what constructive suggestions do you have?" Lou Zhenming asked.

"Brother Ming, I think using Xiao Chen to get close to Cheng Mengying isn't realistic." The lanky guy pondered for a moment and said: "Previously, when Ma Gangmen went to manage Xiao Chen with protection money, if there was a conflict at that moment, then there actually was a chance to tell Cheng Mengying that 'Newcomers must go to Brother Ming to ask for protection'. But now, Cheng Mengying has seen us invite him for lunch, so we can't use this strategy anymore ah!"

"Yes ah Brother Ming, Xiao Chen has already lost his value. Thus, it would be better to block him and beat him near death after dismissal in the evening. This way we can solve the anger!" Ma Gangmen nodded and said: "When it's time to talk about the matter of pursuing Cheng Mengying, we'll try to find a solution again."

“All right!” Lou Zhenming nodded. He really couldn’t swallow his anger; if he didn’t beat Xiao Chen up, he reckoned that he would have to restrain a breakdown: “Then today evening it is. Gangmen, go to the gym and tell Teacher Lei to empty the gym!”

Lou Zhenming’s teaching people places isn’t just limited to the male’s bathroom. There was also the rooftop and gym. However, when it’s evening, the rooftop can’t be seen clearly, so just in case the wrong person is beaten up, there was still the option of the gym.

“Okay, I’ll tell Teacher Lei later.” Ma Gangmen is in the school boxing team and Teacher Lei is the school boxing team coach, so Teacher Lei and he are very close and people don’t suspect anything.

“Heng heng, Xiao Chen, however much you ate for lunch, I’ll make you vomit it out during the evening!” Lou Zhenming bitterly said. He had never been trapped before because he was Young Master Lou. Instead, he had always trapped other people, but now that he had been played around by a country bumpkin, he had to get rid of the arid taste: “But for fear that this will blow up and we’ll be expelled, I will beat up this kid tonight!”

“Right, if it’s digested, we’ll make him shit it out!” Ma Gangmen added.

“Then make him eat it!” The lanky guy added to make it more disgusting.

As the three people were discussing, a handsome effeminate boy came over: “I say LouZi, what are you doing? Why are you having a meeting in the basketball court?”

“Turns out it’s QunShao ah!” Lou Zhenming looked up and saw their equivalent Ninth Aristocratic Family Yue Family’s Young Master Yue Shaoqun, Tang Tang’s fiancé. Of course, their engagement only existed in name.

Yue Shaoqun nodded. He enjoyed being called “QunShao”. He called Lou Zhenming “LouZi” and Lou Zhenming called him “QunShao”. In this way, it made their identities stand out. Lou Family is a new Aristocratic Family, so it naturally couldn’t compare to Yue Family’s old established Aristocratic Family.

“Seeing at your clenched jaws, what happened? What troublesome matter have you experienced?” Yue Shaoqun would rarely mind others business, but

being called “QunShao” today was nice, so he bothered to ask.

“Actually, it’s nothing. Just a country bumpkin transferring in midterm, so I wanted to let him know how fierce I, Lou Zhenming, am!” Lou Zhenming played it down. Naturally, he couldn’t let Yue Shaoqun know that a country bumpkin had made him spend 200,000 for nothing. If this was spoken, then wouldn’t Yue Shaoqun laugh at him ah!

“Oh, then you guys are seriously having a meeting. You’re giving that country bumpkin too much face!” Yue Shaoqun curled his lips and mockingly said. He knew that Lou Zhenming had not said the truth.

“This definitely is not a meeting for him. Our class has an addition besides this country bumpkin. A Goddess Cheng also came; I’m thinking up ways on how to pursue her!” Lou Zhenming didn’t conceal this. He wanted Yue Shaoqun to spread this rumor, ‘Cheng Mengying is what he, Lou Zhenming, regards as important’, so that other people won’t try pursuing.

“Cheng Mengying?” Yue Shaoqun asked in a slightly surprised manner.

Hearing Yue Shaoqun say Cheng Mengying’s name, Lou Zhenming’s face suddenly changed: “QunShao, it couldn’t be....you want to snatch this little brother’s woman right....”

“Tang Tang and my engagement hasn’t been lifted, how could I pursue other people?” Yue Shaoqun shook his head. He’s a hypocrite, so this naturally was an act: “You think I am Xiao Family’s Young Master Xiao, pursuing other women in front of his fiancée? Do you see the result? Breaking off the engagement right?”

“That guy was really a dumbfuck. I heard he committed suicide?” Lou Zhenming had also heard the matter about Young Master Xiao: “I think he ah, was seeking death. Xiao Family’s face was completely lost by him. I estimate that Xiao Family already wanted to expel him out of the Family, so they took advantage of this matter and directly expelled him from the family.”

Lou Zhenming used his own Lou Family’s situation to think about other people’s situation. Lou Family, this budding Aristocratic Family, is most concerned about face. It poses as an Aristocratic Family everywhere for fear of other people calling them unqualified.

Just, both Yue Shaoqun and Lou Zhenming are fine. Both are Second High's students, so they had never seen Xiao Chen. They had only heard about Young Master Xiao and didn't know the name Xiao Chen. Xiao Chen's breaking off of an engagement, in their eyes, was a bit of entertainment. Who would have thought that Xiao Chen would transfer to Second High? (TLN: No idea how to translate first sentence. Probably just referring to how 'fine' it is for those two not to know who Xiao Chen is.)

Their families and Xiao Family didn't have any dealings. Not even mentioning the family, even their elders didn't care about this.

"I have to remind you, this Cheng Mengying was that Young Master Xiao's fiancée, Cheng Family's Cheng Mengying. Note that when you're pursuing someone, to make clear who you're pursuing. Brother, I wouldn't be able to help you out if it was too late." Yue Shaoqun said while patting Lou Zhenming's shoulder.

Inside the school, Lou Zhenming had always respected Yue Shaoqun. Thus, he always posed as the little brother to make himself look pleasing in Yue Shaoqun's eyes and as a result, this sentence was conveniently mentioned.

"Ah! Cheng Family?" Lou Zhenming's body shuddered. Cold sweat formed on his forehead! This Cheng Family is the head of the Nine Aristocratic Families ah, luckily he didn't use any strength or coercion. Although Lou Family is part of the Nine Aristocratic Families, however, it's a thousand light years away from Cheng Family!

But after Lou Zhenming was scared for a while, he suddenly felt that this was an opportunity ah. If he could get that girl, Cheng Mengying, and lead her home for marriage, then wouldn't Lou Family suddenly rise up? Having Cheng Family's support would make their situation drastically different from what it is now!

Thinking up to here, Lou Zhenming grit his teeth and decided to pursue Cheng Mengying.

Turns Out You're A Rich Guy

"Many thanks for QunShao's reminders, I really appreciate it! Later on when you need to use this little brother, QunShao, just open your mouth!" Lou Zhenming quickly said with gratefulness.

"Well said, well said." Yue Shaoqun waved and said: "Then you guys continue your meeting, I'll leave first!"

"QunShao, take your time ah!" Lou Zhenming happily said.

However, Yue Shaoqun, who had turned around, curled his lip.

'Cheng Mengying? You think she's so easy to pursue? Not even speaking about Cheng Mengying not agreeing, even if she agreed, Cheng Family wouldn't even have a liking for your Lou Family!'

However, these words couldn't be said out loud. Saying them would only make Lou Zhenming unhappy.

'It would be better to encourage him and letting him think that I am good to him!'

Inside Yue Shaoqun's heart, he also wanted a piece. But due to having Tang Tang as a fiancée, Yue Shaoqun could only endure. Yue Shaoqun, for a long time now, was a little darling before other people, an existence of what word 'genius'. Therefore, before completely breaking off the engagement, he wouldn't be able to pursue others.

Yue Family had already spread rumors several times of breaking off an engagement with Tang Tang after Tang Tang had grown into this appearance. If Yue Family asked her to become a daughter-in-law, wouldn't they become laughingstocks! And Tang Family, naturally was somewhat in the wrong, so Tang's Master had also tacitly consented in this matter.

Only, Yue Family and Tang Family currently have a cooperation. In order to

maintain this cooperation, Yue Shaoqun and Tang Tang got engaged. Even though both families know that this engagement will be broken off sooner or later, it's a way to maintain relations right now.

Tang Family being indifferent to Tang Tang moving out of the family illustrates this point.

After Yue Shaoqun left, Lou Zhenming was also lost in thought. Cheng Mengying's identity was Cheng Family's Young Lady, so in this case his pursuing policy should be adjusted accordingly. Fortunately his pursuing policy didn't to a disaster.

Xiao Chen returned to the classroom building with a bag of delicacies. Just arriving at the classroom, he actually saw Tang Tang coming from the other direction with a bag of steamed rolls in hand.

"Xiao Chen? Didn't I tell you not to leave? Why did you run about? Did Lou Zhenming try to stir up trouble with you?" Tang Tang was surprised for a moment upon seeing Xiao Chen, then asked a bit angrily.

"You didn't eat your fill?" Xiao Chen looked at Tang Tang's steamed rolls bag and was suddenly enlightened. No wonder Tang Tang went out before! She had only ate one steamed bun and this steamed bun also wasn't too big, how could it be filling? But he ignored it!

"No...." Tang Tang turned a rare shade of red, saying: "This is our dinner! In the evening there is individual study time. If you don't eat some stuff prior, you'll be hungry."

"Hehe, not eating one's fill is just not being full. I also didn't eat my fill. This isn't what you think it is, it's surplus of what I didn't eat that I want to give to you." Xiao Chen lifted up the bags in his hands and said with a smile towards Tang Tang who was currently glaring.

"Seems like you have a conscience....this is....abalone? Lobster?" After Tang Tang clearly saw what was inside the transparent food containers, she immediately stared with eyeballs almost popping out: "Xiao Chen, you have money? Even if you have some bank savings, it can't be spent this lavishly right? Do you know how much money this costs? If you eat lavishly now, what will you do later?"

Tang Tang wasn't happy to see these delicacies and instead exploded with rage. In her opinion, Xiao Chen had just been kicked from his family. It was reckoned that there should be some bank savings in his hand, but what would he do after these bank savings run out?

Moreover, these dishes cost at least 200,000. This money, how many days of not eating breakfast would she be able to gain this much? Tang Tang's heart was bleeding....

"How would I have the money to buy this?" Upon seeing Tang Tang's look, Xiao Chen immediately knew that she had misunderstood and didn't know whether to laugh or cry: "This is what Lou Zhenming treated with, the remainder that I got to pack to bring back."

"Lou Zhenming?" Tang Tang was surprised for a moment then became even more surprised: "He treated you to eat something? This can't be? Xiao Chen, you don't need to lie! If you want to lie to me, then we can't be friends! Tell the truth, I won't blame you. After all, you had lived a privileged life prior to this...."

"He really treated me!" Xiao Chen shrugged and said the situation beforehand to Tang Tang, including Lou Zhenming's plot to screw him over.

"You're quite clever to know to find Director Xu!" After Tang Tang listened to Xiao Chen's words, she actually believed it and nodded, then said: "However, you're pretty ruthless. Be careful for his retaliation over how much money you made Lou Zhenming spend!"

"What ought to come will always come. If I didn't fool him at noon, then the person fooled would definitely be me and I wouldn't be able to hide if I wanted to, so I might as well fool him." Xiao Chen said somewhat helplessly: "I really don't know how I even provoked that kid. Why would he eye me?"

"That's true." Tang Tang nodded: "I also feel that it's strange; why would he eye you? But that's okay. Inside the school, he would dare to blatantly go against you. Next time he asks you to go somewhere, it's fine not to go. The rest of the time, I'll help you eye him."

"Regardless of this, eat before saying more! In a while, it'll become cold and unappetizing." Xiao Chen said. He is cultivating true virtue ah and using Tian Lao's words, 'cultivating true virtue is a rare flamboyant high-ended occupation',

why would he fear Lou Zhenming?

“Haha, then I’ll take advantage of your offer!” Tang Tang was impolite and took the bags out of Xiao Chen’s hands. Then they entered the classroom together.

Tang Tang placed the abalone and lobster on the desk. Her eyes glowed with a green light, thinking ‘good taste ah!’

Let alone high quality seafood, she hadn’t eaten meat in a long time. Tang Tang couldn’t help but directly grab abalone to satisfy her craving, put it in her mouth, delicious, it’s truly delicious!

While Xiao Chen looked at Tang Tang’s impatient appearance, the corners of his mouth slightly curled up into a slight smile. During the time he was in First High, it was Zhu Yingxiong who was very good to him. But now in Second High, it’s Tang Tang. These seafood dishes were actually what Xiao Chen specially packaged in order to take it back, otherwise he would not just eat then pack.

Although Tang Tang was a bit chubby, however, she was ‘genuine’. It made Xiao Chen feel ‘this little girl is really lovable’. At least with her, Xiao Chen could be relaxed and didn’t have to worry about being together with a beautiful girl or any type of that concern.

Having this sort of buddy is great, so Xiao Chen didn’t eat any. Before he was kicked from Xiao Family, what had he not eaten? Up to this day, he isn’t greedy about these kind of things.

However, the fragrance of abalone and lobster had attracted the attention of the male sitting in the front of Tang Tang and Xiao Chen. He turned around and somewhat surprisedly looked at the food on the desk: “Damn monitor Tang, buying this much delicious foods, did you win the lottery ah?”

“Deng Xiaokun, if you want to eat, then eat! Xiao Chen is treating!” Tang Tang had never been a stingy person. This can be seen from her giving her lunch to Xiao Chen without hesitation, therefore, Xiao Chen didn’t prevent this.

“Then I won’t be polite ah!” Deng Xiaokun was clearly familiar with her. He directly broke off a lobster claw to gnaw and said while gnawing: “Xiao Chen, I didn’t think ah, you were a rich guy. Looking at your attire, I was almost fooled

by you!”

Of course with Deng Xiaokun, Xiao Chen didn't say too much. After all, Deng Xiaokun and Xiao Chen weren't familiar with each other.

Xiao Chen followed along and ate a few bites. Not long after, Lou Zhenming brought back Ma Gangmen and Shou Hou back to the classroom. Seeing the chewing motions of Xiao Chen's group of three, Lou Zhenming's eyes flashed with a trace of anger! (TLN: Lanky dude/guy will now be 'Shou Hou')

'Fuck, eat all you want, you'll be vomiting it out tonight!'

Heavily breathing in, Lou Zhenming quelled his anger. What these three were eating was from his own wallet ah! He didn't even eat a bite of it ah!

"Delicious, delicious, Xiao Chen, thank you. I didn't expect the school cafeteria's abalone to be so delicious!" Deng Xiaokun's said as he ate with both his mouth and hands full.

This grating sound passed through Lou Zhenming's ears and made him burn with rage. Suppressing his anger, he sat down at his seat.

Deng Xiaokun didn't take any note of this, however, Tang Tang saw Lou Zhenming's expression and at this time believed Xiao Chen's words. Lou Zhenming's expression was as if he got screwed over.

The first class in the afternoon was self-study.

Originally, Lou Zhenming wanted to find trouble with Xiao Chen after school ended, but seeing Xiao Chen and the others overeating on the other side, it felt a bit unbearable. Thus, he walked to the front of Xiao Chen and looking at Xiao Chen with a cloudy gaze, saying: "Kid, get outside with me!"

"Outside? What do you want to do?" Of course Xiao Chen knew Lou Zhenming's purpose. It was due to suffering a loss at noon, so Lou Zhenming wanting to teach him a lesson, but he feigned ignorance.

'What do I want to do? Of course it's to beat you up!'

But Lou Zhenming couldn't say this: "You're a newcomer, so I want to teach you some ground rules. I treated you to a meal at noon, what could I possibly do? Is it possible that you're afraid?"

“Then say it, I didn’t transfer over on the first day because I skipped classes and got expelled.” Xiao Chen wasn’t afraid of Lou Zhenming, moreover....how wouldn’t Xiao Chen be clear on how Lou Zhenming wanted to hold him?

“Okay, then we’ll talk after school ends!” Lou Zhenming, upon seeing that Xiao Chen didn’t move, thought Xiao Chen was afraid. He could patiently wait until after school ended. At that time, he’ll have to see if Xiao Chen has any reasons to refuse. After saying that, Lou Zhenming turned around and went back to his own seat.

After Lou Zhenming walked, Deng Xiaokun turned his head and said somewhat doubtfully: “I say, dude, how did you offend Lou Zhenming? Before, wasn’t it Ma Gangmen who forced you to pay money? It was only 10,000, shouldn’t it be a piece of cake for you? Shouldn’t you just use financial power to avoid misfortune? (TLN: ‘破財免災’ is an idiom meaning ‘a financial loss may prevent disaster’)

In Deng Xiaokun’s opinion, Xiao Chen was a tyrant who wouldn’t blink towards this kind of lobster and abalone, how could he be short of 10,000? Why, in an instant, did Lou Zhenming personally act?

Tang Tang actually glared at Deng Xiaokun’s eyes, saying: “Where would Xiao Chen have the money to buy it? This is what Lou Zhenming bought!”

“Lou Zhenming? Then when he talked about treating Xiao Chen to a meal at noon, it was this?!” Deng Xiaokun was immediately astonished. Just like Tang Tang before, his eyes turned wide open. To him, this matter was inconceivable. Lou Zhenming inviting Xiao Chen to a meal then asking him for trouble?

This was simply unscientific! Unless Lou Zhenming’s brain either had a problem, had water in it, or was simply empty.

High Comprehension Low Strength - Chapter 27

Greatly Hopeful

“It’s like this....” Tang Tang said the circumstances in the afternoon to Deng Xiaokun once more, then said afterwards: “Okay Deng Xiaokun, you don’t need to worry about this. This isn’t your problem!”

“Fuck, Xiao Chen, you’re amazing!” After Deng Xiaokun heard the whole story, he immediately gave Xiao Chen a thumbs up: “Tricking Lou Zhenming of 200,000, you’re really daring! However, these abalone and lobster were really delicious.”

“Deng Xiaokun, are you taking pleasures in others’ misfortunes? This is amazing?” Tang Tang frowned and then turned to look at Xiao Chen, saying: “Xiao Chen, after school ends, don’t listen to Lou Zhenming and don’t go with him. I’ll take you home! Let’s see if he can do anything then!”

“Tang Tang, although your method doesn’t have an issue, avoiding it once doesn’t mean one can avoid it forever!” Deng Xiaokun interfered and said: “Dude, what you should be doing right now is to figure out how you offended Lou Zhenming. First find out why, then act appropriately to solve the problem.”

“How would I know?” Xiao Chen wryly smiled: “This morning, Ma Gangmen wanted me to pay up 10,000. However, I didn’t have the money. Then in the afternoon, they asked to treat me to a meal and as for the following matters, Tang Tang has already told you. Tell me, how did I offend him?”

“That’s true!” Deng Xiaokun couldn’t help but frown after hearing Xiao Chen’s

words. Indeed, if it was according to what Xiao Chen said, there was no hatred between the two people. If anything, the hatred was just created during lunchtime.

But Lou Zhenming had no reason to treat Xiao Chen to a meal. Just for 10,000 protection money, there was no need to go to war. Treating Xiao Chen to a meal, then trying to make Xiao Chen pay for the meal was just plain stupid. Xiao Chen couldn't even pull out 10,000 for protection money, so where would he have the money to pay for the meal?

"All right, I'll just go along with them after school ends." Xiao Chen indifferently said: "Deng Xiaokun, what you said is right. Avoiding them once doesn't mean that it's avoidable forever. It just so happens that I want to question them on why they want to bully me."

"Xiao Chen, it's not that I'm looking down upon you, but if you follow them tonight, it's predicted that you won't come in tomorrow!" Deng Xiaokun racked his brains, then said: "Xiao Chen, do you know what Lou Zhenming's family does?"

Previous, during the morning class, Xiao Chen and Tang Tang had spoken in low voices, so Deng Xiaokun didn't hear anything. Therefore, he didn't know about Xiao Chen's background. Thus, he thought Xiao Chen didn't know about Lou Zhenming's Aristocratic Family background.

"What do you mean?" Although Xiao Chen already knew about what Lou Zhenming's family did, he could only pretend to not know! Truth to be told, Lou Zhenming, Ma Gangmen and Shou Hou, these three, Xiao Chen paid no attention to. He had strength equivalent to a First Layer Inner Qi! If he wanted to, he could send Lou Zhenming's group of three to experience Western Paradise!

"Lou Zhenming belongs to Lou Family, the Lou Family of the Nine Aristocratic Families. Moreover, Lou Family has origins with the underground, occupying three-fourths of the underground land in Songning City. Such a son of a gigantic underworld enterprise, do think that going along with him will end up with a good result?" Deng Xiaokun said: "Don't say I didn't warn you. In the school, several students have been beaten up to the point that they had to drop out!"

Drop out? They must have been seriously hit to drop out! Xiao Chen didn't think that this Lou Zhenming was this ruthless! When he was 'Young Master Xiao', he had also bullied others, but it was never so serious.

"Then tell me, what should I do?" Xiao Chen asked. Although he didn't know why, Xiao Chen felt that Deng Xiaokun wasn't so simple. Perhaps it was the vision of an aristocratic family junior or perhaps it was due to his intuition from cultivating true virtue.

"Speak no more!" Deng Xiaokun replied: "Since you didn't do anything to offend him, then just 'talk it out'. After you 'talk it out' openly, there won't be any more problems."

'Talk it out' was an underworld gang's jargon for negotiation, so Xiao Chen naturally understood.

"Then what do I do if they don't want to talk with me?" Xiao Chen asked in return.

"Sigh, one is partial to those whom presents have been accepted...who made me eat so much of that abalone and lobster at noon?" Deng Xiaokun sighed somewhat helplessly: "After school ends, I'll go along with you."

"You?" Xiao Chen counter-questioned.

"Dude, don't look down on me! I am the 'Brother Kun' in this school and am also very famous!" Deng Xiaokun proudly stated as he patted his chest.

Tang Tang pondered for a moment, then said: "Xiao Chen, what Deng Xiaokun said is right. Get a chance to talk it out with Lou Zhenming. It isn't an option for this to continue, so I'll also go with you guys."

"Come on, monitor Tang! If you go, I'll also have to take care of you. The you right now is not Tang Family's Young Lady Tang, okay? I, alone, will be enough for the talk in the evening!" Deng Xiaokun said.

"Let it go, Young Master Deng! Is there a difference between you and I? Don't forget which family your Deng Family is being substituted by!" Tang Tang was intelligent. She quietly pointed out Deng Xiaokun's identity, but had not talked about Xiao Chen's identity. Since Xiao Chen wanted to make a fresh beginning, his identity naturally couldn't be exposed.

However, Tang Tang wanted Xiao Chen to know what kind of person Deng Xiaokun was!

Sure enough, Xiao Chen understood. Deng Family....was the family that was replaced by Lou Family!

Deng Family was also a family affiliated with the underworld. Of course, it wasn't entirely of an underworld nature, but it was more of a half-black/half-white existence. As for the half-white part, Deng Family had the largest Industrial Security company and Martial Hall, and as for the half-black part, it occupied a large share of Songning City. However, it did not sell drugs!

Drugs is an underworld gang's important source of income. Deng Family did not sell any and also did not let the other factions sell. If it was sold, it would be immediately plundered. This was the reason why Deng Family was especially hated. As a result, a new underworld family arose, and under the support of an honored one, it combined with other small gangs and dealt a fatal blow to Deng Family!

Even though Deng Family wasn't destroyed, it was damaged severely. Its influence wasn't as it was prior to the event and Deng Family's strongest Fighter, Deng Dao, was seriously injured. With its strength greatly reduced, it forced Deng Family to drop out of the ranks of the Nine Aristocratic Families alliance and become an ordinary family in Songning City.

What made Xiao Chen surprised, however, was that a person from Deng Family was here. It was just a mystery on how Deng Xiaokun and Deng Dao were related.

"Don't worry about substituting or not! This Young Master is strong, at the very least the deterrent effect is still there!" Deng Xiaokun said: "I don't believe that Lou Zhenming wants things to blow up. If I entered the hospital, my Deng Family, although it currently isn't strong, it isn't a soft persimmon to pinch! Don't worry, with me, I guarantee Xiao Chen's safety!"

After Tang Tang heard Deng Xiaokun's words, she thought about it, then nodded, saying: "Deng Xiaokun, seems like you're very kind. Looks like this class monitor being kind to you hasn't been in vain! Xiao Chen, let Deng Xiaokun accompany you this evening!"

“Come on, all you do is give me some of your unsold break sticks and sesame seed cakes in the morning. How is that being kind?” Deng Xiaokun rolled his eyes: “I took the initiative simply because of the seafood I ate at noon. I don’t eat for free, okay?”

Tang Tang knew that Deng Xiaokun was a man of loyalty. But this loyalty was towards her, Tang Tang’s, words, instead of Xiao Chen. Tang Tang did not think that Deng Xiaokun would do anything for Xiao Chen since it was the first day they had met.

While Tang Tang and Deng Xiaokun seem to be buddies, these two were actually together from elementary school, middle school, and now through high school. These many years, if not for Tang Tang and Yue Shaoqun already being engaged, these two being childhood sweethearts wouldn’t be too much of a stretch.

Cheng Mengying sat in her seat, frowning due to the fact that Lou Zhenming was going to find trouble with Xiao Chen after school ended.

‘I....should I help or not? If I help, then the relationship between me and Xiao Chen would be exposed. Then Xiao Chen’s identity would be exposed...I’m afraid that this isn’t the result that Xiao Chen wants to see. But if I don’t help, then I would have to see Xiao Chen be beat up on the first day, right? Although Xiao Chen indeed needs a beating in my opinion, he is this lady’s servant, so I can’t let others hit him, right? It would only be good if this young lady beat him up herself.’

And so, Young Lady Cheng was very puzzled and ended up not paying attention in the following class, just thinking about what to do in the evening.

Only, just as Young Lady Cheng was still thinking, Lou Zhenming came over on his own initiative and sat on the empty seat next to Cheng Mengying: “Cheng Mengying, nice to meet you. My name is Lou Zhenming and I’m from Lou Family!”

After he finished saying that, Lou Zhenming put out his hand and looked at Cheng Mengying with an earnest vision.

“Oh, hello....” Cheng Mengying naturally could not shake hands with Lou Zhenming, so she just indifferently replied.

“Mengying, I, Lou Zhenming, in this school, am a very capable person. If you meet some trouble in the future, just say it to me; I’ll help you out!” Lou Zhenming said: “Of course, with your position as Young Lady Cheng, you probably won’t need me. However, if you have any problems, such as wanting to teach someone a lesson or so, I can do it for you, so that Young Lady Cheng can avoid dirtying her hands!”

“Oh? I heard that you wanted to teach Xiao Chen a lesson in the evening?” Cheng Mengying wasn’t too sure how to meddle in this matter, but now that Lou Zhenming had brought it up, Cheng Mengying pretended to casually ask about the matter.

“Xiao Chen ah, that kid doesn’t know the difference between heaven and earth! At noon, he invited us to eat lunch and ended up in ordering a lot of abalone and lobster. Then he also made me pay for it thinking that I was a rich handsome guy!” Lou Zhenming naturally did not tell the truth. In his opinion, Cheng Mengying shouldn’t know the truth because she was sitting so far away.

“Oh....” Of course Cheng Mengying did not believe that Xiao Chen would take the initiative to invite Lou Zhenming out to lunch, but she quietly said: “Oh? Then how will you teach him a lesson?”

“I’m preparing to take him to the gym. What, Mengying, are you interested in taking a look?” Lou Zhenming invited in order to curry favor with her.

“This....then I’ll come take a look....” Cheng Mengying nodded, seemingly excited. She was feeling relieved in her heart! She wanted to go because if Xiao Chen was about to be badly beaten up, she could stand up at the right opportunity to urge Lou Zhenming to stop and consider the matter as finished. She would then say that she was sick at the sight of blood and it would be predicted that Lou Zhenming would give her face.

Cheng Mengying was very clear on Lou Zhenming’s thoughts. Even at First High, when she had Xiao Chen as a fiance, she was still surrounded by pursuers. One of them, for example, was Zhao Yuliang.

“Okay Mengying, I’ll call you in the evening!” Lou Zhenming was feeling joyful in his heart. He was thinking, ‘Cheng Mengying also likes violence? It seems like it is and after thinking about it, it should be. Previously, when she had a fiance, he

was a cheating tyrant looking at other girls. Since Cheng Mengying was willing to be engaged with him, then she definitely likes me!’

As for the present engagement break off, Lou Zhenming didn’t think too much about it. That was entirely the family’s behavior. How could these Aristocratic Family juniors have the right to choose who they wanted to be engaged to?

As a result, Lou Zhenming felt that him matching up with Cheng Mengying was very hopeful! Was he not Cheng Mengying’s favorite type of boy?

High Comprehension Low Strength - Chapter 28

Young Lady Also Spectates

“Nevertheless, call me Cheng Mengying or Young Lady Cheng. Right now, we aren’t very familiar with each other.” Cheng Mengying lightly said on the surface. In her heart, she was feeling incomparable loathing and feeling even more hateful towards Xiao Chen!

‘You bastard, giving this young lady trouble on the first day, then making this young lady pretend to have affection towards Lou Zhenming. You infuriate this young lady! If not for seeing that you’re very pitiful due to Cheng Family, this young lady would be disinclined to manage your life! Hmph, do you still think that you’re the beforehand ‘Young Master Xiao’? Going to school to provoke Lou Zhenming and making this young lady plead for you after he beats you up a bit can be considered teaching you a lesson!’

“Okay, then I’ll call you Cheng Mengying!” Lou Zhenming was thinking that Cheng Mengying’s meaning was that only after they were familiar with each other would he be able to call her ‘Mengying’. Thus, he was immediately feeling very joyful.

One afternoon quickly went by and what will come, will always come.

After the evening self-study, Lou Zhenming once again went to Xiao Chen.

“Xiao Chen, this time you don’t have any arguments right? Currently, there are no lessons and school has ended, so you can come along with me right?” Because Cheng Mengying was going to be spectating, Lou Zhenming was in a

very happy mood. Therefore, his tone of voice towards Xiao Chen wasn't as bad as it was previously.

"Okay, where are we going?" Since Xiao Chen had made the decision, naturally he didn't talk bullshit with Lou Zhenming and directly stood up.

"Even if I say it, you wouldn't know because you're a newcomer. Just follow me!" Lou Zhenming naturally did not say that they were going to the gym. There were a lot of people in the classroom and if other people knew that he was going to the gym, he was afraid that someone would suspect how he, Lou Zhenming, would be able to get the gym keys.

One has to know, besides the occasional after school sports clubs using the gym, the gym is always locked.

"Isn't it just going to the gym? Being so mysterious, I understand. Just go!" Deng Xiaokun lazily stood up and followed behind Xiao Chen!

Deng Xiaokun's move made Xiao Chen a bit moved. Regardless if it was because of Tang Tang's words or the seafood that he had eaten during lunch time, at the very least, Xiao Chen took down Deng Xiaokun's human sentiment! Originally, Xiao Chen thought that since he had fallen, only Zhu Yingxiong would never betray his side. He didn't expect that after just transferring to Second High, he would actually meet two like-minded friends, Tang Tang and Deng Xiaokun.

"Deng Xiaokun? Are you following to create trouble?" Seeing Deng Xiaokun also standing up, Lou Zhenming immediately frowned, and said: "This matter doesn't concern you, stay on the side!"

"Lou Zhenming, isn't this about the meal at noon? I also ate!" Deng Xiaokun replied: "If you think you spent a lot, then how about I treat you to a banquet some day?"

"Damn, your treat? Who do you think you are, huh?" Lou Zhenming immediately became a bit angry. If it was as usual, he would give face to Deng Xiaokun. Although Deng Family went down in the world, Deng Xiaokun was said to be a Fighter with strength higher than Lou Zhenming by a bit. Therefore, in the school, Lou Zhenming tried to not have any conflicts with Deng Xiaokun. Rabbits are quick to bite, it wasn't worth it even if he could beat up Deng

Xiaokun. (TLN: Probably something about Deng Family attacking over Deng Xiaokun being beat up if he were beat up)

But today, because Cheng Mengying was spectating, Lou Zhenming wanted to show off in front of Cheng Mengying. Even if this was superficially, where would he ever find another good opportunity?

If a man doesn't step on people, how can a man show off a man's domineering side?

"Lou Zhenming, have you eaten a gun? Apparently, it seems that even my, Deng Xiaokun's, face is worth nothing. I kindly offered myself as the peacemaker, but since you don't appreciate it, then I'll take a look along with Xiao Chen. Let's see if you can play any tricks!" Deng Xiaokun coldly replied. Although his Deng Family had declined, it was still enough to make other people wary.

Deng Xiaokun's words immediately made Lou Zhenming knit his eyebrows! Although Lou Family is currently strong, if Deng Family went all out, then Lou Family wouldn't feel any better! Originally, if not for Deng Family's Deng Dao being injured and Deng Family wanting to save strength thus leaving their domain and Aristocratic Family seat on their own initiative, and instead wanted to recklessly fight it out to the end with Lou Family, although Lou Family would eventually win, it certainly would be this kind of scene right now. Not even mentioning the Aristocratic Family seat, Lou Family wouldn't even be able to maintain their current territory! After all, to fight to the bitter end with Deng Family, Lou Family would also lose a lot of strength. By then, why would those small gangs take orders from Lou Family?

However, even though Lou Zhenming was upset, it wasn't a good idea to get angry with Deng Xiaokun directly. He could only take a deep breath and think up countermeasures of how to stop Deng Xiaokun from interfering.

Lou Zhenming was in the front guiding with Xiao Chen and Deng Xiaokun following, and behind them were Ma Gangmen and Shou Hou. Not far away, there were even more following people, namely, Cheng Mengying and....Tang Tang!

While Tang Tang didn't directly follow, because she worried, she followed from far away. Cheng Mengying was going to watch Lou Zhenming teach Xiao Chen a

lesson, so she naturally was following in the back.

Tang Tang had discovered Cheng Mengying and Cheng Mengying had also discovered Tang Tang, but both of them weren't familiar with each other so they didn't talk. Because Tang Tang became friends with Xiao Chen, she had no good feelings for Cheng Mengying who had broke off an engagement with him.

Very quickly, the group arrived at the northeast corner of the school where the gym was. At that moment, the gym was very dark. Ma Gangmen took out the keys and skillfully opened the door, then opened the lights of the gym.

After Tang Tang saw Cheng Mengying also going into the gym, then unexpectedly stand on Lou Zhenming's side, she could not help but knit her eyebrows! From the looks of it, it seemed that Cheng Mengying was a group with Lou Zhenming?

'Could it be that it was actually Cheng Mengying finding Lou Zhenming to teach Xiao Chen a lesson? She wouldn't be that horrible right?'

Thinking up to here, Tang Tang started disliking Cheng Mengying even further.

'Seems like the most poisonous thing is a female's heart, that was your former fiance!'

However, Tang Tang had forgotten that she was also a female and that she also hated her fiance Yue Shaoqun. If there was a chance, she would not hesitate to beat up Yue Shaoqun!

It was just that, in Tang Tang's opinion, Yue Shaoqun was a hypocrite with a bellyful of dirty tricks and Xiao Chen was more genuine.

"Clang!" The gym doors closed.

Because the gym windows were very high, Tang Tang could only see the lights in the gym and couldn't see anything in the gym. She could only lie on the door of the gym to eavesdrop, but unfortunately, she couldn't hear anything!

Actually, seeing that Deng Xiaokun and Tang Tang following along, Young Lady Cheng was a bit surprised. She didn't think that Xiao Chen's interactions with people would be so good, making Tang Family's Young Lady and Deng Family's Young Master speak for him.

Only, these two people's identities were even comparable to Xiao Chen's. All of them had gone down.

"Xiao Chen, do you know why I called you here?" Lou Zhenming looked at Cheng Mengying from the corner of his eye, then began to act like he was powerful. He pulled out a toothpick and held it in his mouth, looking like a mafia boss from the movies.

"Enough Lou Zhenming, stop pretending. If you have the capability to put a cigarette in your mouth, then don't play around with a toothpick to look cool!" Xiao Chen had not even said a thing before Deng Xiaokun started speaking: "Haven't I already said it? If you want to say something, I'll accompany you. Is this not about the abalone and lobster at noon? I'll treat you on another day!"

"You...." Lou Zhenming was unbearably angry. It was not that he didn't think of smoking, but rather that he had stopped smoking. One has to know, smoking, regarding a fighter, is very harmful. He, in order to cultivate, changed it to using toothpicks. Deng Xiaokun unexpectedly wanted to make him smoke, was this not making fun of him?

"Good! Then, let's consider the matter at noon as finished. However, this morning, Ma Gangmen's matter, how should we calculate this?" Lou Zhenming took a deep breath. He knew that Deng Xiaokun would pester him endlessly if he didn't relent, but he could do nothing. Who made Deng Xiaokun also eat the meal at noon?

"How about you scold Ma Gangmen." Deng Xiaokun made it clear that he was there to make the water muddier.

"Fuck, scold? If you want to kill me, can I also kill you? Saying this is useless, moreover, Ma Gangmen was already scolded and it wasn't me. How we teach him will be Ma Gangmen's decision!" After Lou Zhenming finished talking, he looked at Ma Gangmen to his side, giving a meaningful glance to him.

"How about this, Xiao Chen. I, Grandpa Ma, don't want to make things difficult for you. Just us two will fight one round and no matter who wins or loses, today's matter will be forgotten, how about it?" Ma Gangmen said: "The standard outcome is this: the opponent has to kneel, beg for forgiveness, and lick the other person's shoe. Of course, in order to prevent either side from

immediately kneeling, begging for forgiveness and licking the other person's shoe, there will be a time rule. It can only be ten minutes later, that one can surrender! Otherwise, even if one gets down, they have to suffer a beating. How about it?"

"Lou Zhenming, you think that this is fair?" Deng Xiaokun asked rhetorically: "How about this, I go up and fight one round with Ma Gangmen?"

"Get lost! Deng Xiaokun, I already gave you enough face!" Lou Zhenming cold grunted: "Is this even your business? The one who scolded Ma Gangmen in the morning is Xiao Chen, not you. However, if you kneel on the floor and give daddy three kowtows, then lick off the dust on daddy's shoes cleanly, then daddy will let Xiao Chen off how about it? Okay?"

"You...." Deng Xiaokun's anger from Lou Zhenming wasn't light. This was naked humiliation! Although Deng Xiaokun was very worried for Xiao Chen, however, making him kneel was impossible. If he kneeled, it would be represented as Deng Family's compromise to Lou Family. From then on, Deng Family's only domain would also have to be given away!

Lou Zhenming had good calculation. If Deng Xiaokun kneeled today, Lou Family would obtain something very important. Although he, Lou Zhenming, wouldn't get to teach Xiao Chen a lesson, failing to win Cheng Mengying's affection, in comparison, he would rather stall his plans.

"Me, what me? I have been very fair. Xiao Chen provoked Ma Gangmen, so he and Ma Gangmen will fight a round. There aren't any additional people bullying him, what else do you want?" Lou Zhenming turned around to Cheng Mengying after he finished saying that and asked: "Goddess Cheng, you think that I'm fair right?"

"Fa....ir." Cheng Mengying had no other choice, she could only brace herself and say that it was fair. However, she had already decided that the moment that Xiao Chen fell on the floor, she would step forward to interfere.

"Did you hear that, Deng Xiaokun, Xiao Chen? Cheng Mengying also transferred over today, so it isn't possible for her to be a group with me. If she says that it's fair, then it's fair!" Lou Zhenming said.

High Comprehension Low Strength - Chapter 29

Guessing The Beginning, Not Guessing The Ending

“Okay, don’t get mad.” Xiao Chen patted Deng Xiaokun on the shoulder. Deng Xiaokun helping this far today had made Xiao Chen feel very grateful: “I agree to your condition. I’ll fight a round with ‘Horse Ass’.”

“Good, you’re very good!” When Lou Zhenming heard Xiao Chen unexpectedly call Ma Gangmen “Horse Ass”, he was happily enraged: “In a moment, I’ll see if you can say the words of ‘Horse Ass’!”

“Keep in mind kid, you call me, Grandpa Ma, Ma Gangmen!” Ma Gangmen started moving his body, getting ready to fight. In his opinion, though Xiao Chen wasn’t admitting his mistakes right now, in a moment, he would be on his knees crying.

“Understood, Anus(gāngmén), Horse Asshole(pìyǎn er).” Xiao Chen nodded.

“Ma Gangmen, let’s start. It’s useless to argue with him!” Lou Zhenming waved, directly commanding Ma Gangmen.

“Heihei, okay!” Ma Gangmen coldly snickered twice, then walked towards Xiao Chen with his iron tower-like body. In his eyes, Xiao Chen had the physique of a small chicken, thus beating him up was going to be a breeze!

Deng Xiaokun was watching this with his eyes, feeling anxious in his heart. If Ma Gangmen really started, ten minutes was enough to make Xiao Chen paralyzed. At that time, everything would be too late! If Xiao Chen had any

problems, how would he explain himself to Tang Tang ah! How would he be able to say that his guarantee was worth anything when the time came!

“Wait!” Deng Xiaokun clenched his teeth and made his decision. This decision was for Tang Tang! He could see that Tang Tang was very worried for Xiao Chen, therefore in order for him not to see Tang Tang sad: “I can kneel, but this kneel only represents me....”

Deng Xiaokun’s words made all the people present shocked. Lou Zhenming was shocked, the Young Lady was shocked, and even Xiao Chen himself was shocked!

Lou Zhenming really didn’t think that Deng Xiaokun would compromise for an outsider! Young Lady did not expect that Xiao Chen’s personal relations would be so good to this degree! Only Xiao Chen seemed to faintly understand. Although Deng Xiaokun had a sense of loyalty, however, it definitely wasn’t to the extent of sacrifice for a meal at noon! All of this was perhaps due to Tang Tang!

But whether or not it was, Xiao Chen was very grateful. He was very moved! Deng Xiaokun, Deng Family, he wrote it down in his heart! This favor would never be forgotten! In his most dire straits, when he became an ordinary person, Deng Xiaokun had helped himself.

“Too late! The fight has already started, whatever anyone says is useless now!” Lou Zhenming wasn’t stupid. Though Deng Xiaokun said that he would kneel, it only represented himself and did not have a relationship with Deng Family. This meant that his kneel was only worth a fart! Lou Zhenming naturally wouldn’t comply. But in order to avoid Cheng Mengying feel that he didn’t have any inconsistencies, he used the excuse that the fight had already started.

“Thank you!” Xiao Chen smiled at Deng Xiaokun and said: “In a moment, the one who kneels, begs for mercy and licks the other person’s shoes is uncertain....it’s just a pity that I’m wearing sneakers today. Licking this clean would be a little difficult!”

“Pu....” After Deng Xiaokun listened to Xiao Chen’s words, he could not help but laugh. He didn’t expect Xiao Chen to be so optimistic. However, he decided that if Xiao Chen was in a tight spot in a moment, he would forcefully take him out.

“Don’t say these useless words, quickly begin!” Lou Zhenming was looking forward to Xiao Chen’s bloody scene, thus, he could not help but impatiently shout.

“Bang[Hong]!”

Ma Gangmen’s eyes flashed with a bloodthirst! His fist maliciously punched out, ruthlessly pounding towards Xiao Chen. Ma Gangmen’s punch was done unflinchingly. As long as his punch connected, he would beat Xiao Chen to death! Daring to give him, Ma Gangmen, a nickname? Really didn’t want to live!

“Pa!”

It was just that after Ma Gangmen swung his fist, he discovered that something was wrong. He didn’t feel the usual refreshing feeling of knocking someone down, but rather felt like he was hitting an iron sheet!

Ma Gangmen took a closer look at his own fist and saw that it was unexpectedly caught by Xiao Chen!

‘Fuck, this kid’s reaction speed is quite fast, he could unexpectedly catch my fist!’ Ma Gangmen had underestimated him in his heart. ‘This kid’s strength is pretty strong to use only a palm to block my fist.’

But Ma Gangmen didn’t care. Sometimes fighting required skill, not just brute force. ‘Xiao Chen probably prepared himself when I was previously getting myself ready, but there won’t be a next time!’

Thinking up to here, Ma Gangmen immediately retracted his fist. He wanted to once again attack Xiao Chen and batter him to the left and right, wanting to see if he could resist it!

Only, Ma Gangmen was a bit anxious in the next moment. This was because his fist was still held by Xiao Chen’s hand! Though he wanted to pull it out, he actually couldn’t pull it out!

“Release me!” Ma Gangmen suddenly increased the amount of force used to pull his hand, wanting to take back his fist. However, he found that his fist was still inside Xiao Chen’s hand, unexpectedly motionless!

Seeing that he couldn’t pull out his right hand, Ma Gangmen didn’t move. He

was forced to use his left fist. In his opinion, if Xiao Chen guarded his left fist, he would relax his vigilance and he would take the opportunity to take his right fist out.

The idea was fine, but reality is cruel. When Ma Gangmen's left hand punched out, it was also held by Xiao Chen. He found out that the idea had become the Titanic! With both hands caught, how would he be able to hit?

"Ma Gangmen, why are you playing around? You think this is an Inner Qi fight between families?" Lou Zhenming had not experienced it personally, so it was very hard for him to think that Ma Gangmen had fallen prey to Xiao Chen, therefore he frowned and said: "Quickly push him to the floor, stop playing around!"

Not far away, Deng Xiaokun's lips curled up into a smile. 'This Xiao Chen has hidden quite deeply....oh, I shouldn't say 'hidden too deeply'.' This was because of what Deng Xiaokun saw. Although Xiao Chen was fiercer than Ma Gangmen, Xiao Chen definitely wasn't a Fighter. He didn't use Inner Qi, so that is to say, he wasn't even a First Layer Inner Qi.

This meant that Xiao Chen probably had a physique such as Innate Supernatural Strength. If such a person practiced Inner Qi, then that person's future would be limitless ah....

Ma Gangmen was going through an unspeakable bitter suffering. He wanted to say that he had been held by Xiao Chen, but wouldn't it sound like a joke? He was Lou Zhenming's dignified subordinate. If it was spread that he was held by a transfer student, then Ma Gangmen would not only lose face, but also Lou Zhenming's face.

"Bang[Peng]!"

Just as Ma Gangmen was thinking of ways to turn this around, Xiao Chen started his elimination. To be exact, Xiao Chen used his foot and kicked at Ma Gangmen's crotch, making Ma Gangmen shout "Ao!". Ma Gangmen's whole body felt the pain and he jumped up, then started sweating profusely on his forehead.

Although Xiao Chen was a First Layer Qi-Training cultivating true virtue, the method of teaching others when he was a dandy was retained; directly greeting

the opponent's weakest point! But during those times it was usually Chen Jinpeng beating the opponent up, then Xiao Chen striking once more.

After kicking Ma Gangmen's lifeblood, Xiao Chen took the opportunity to let go. Ma Gangmen directly knelt on the floor in pain with his hands over his crotch, suffering terrible pain!

This scene, except for Deng Xiaokun who already expected it, made Lou Zhenming, Shou Hou and Cheng Mengying all open their eyes wide. Lou Zhenming also didn't think that the one kneeling on the floor would be Ma Gangmen, moreover so rapidly!

Cheng Mengying actually knew Xiao Chen's method of giving others a hard time: kicking the little brother of the opponent. Formerly, Cheng Mengying felt that this was shameless. She felt that Xiao Chen was completely relying on Chen Jinpeng's, thus allowing him to oppose his opponent. Not to mention kicking the little brother of the opponent, she estimated that he wouldn't even be able to touch the enemy's body!

But today completely subverted Cheng Mengying's awareness! Xiao Chen unexpectedly forced Ma Gangmen to fall on the floor? 'This guy is so formidable and fortunately has me to worry about him, thinking up ways to help him. If not for him, I and Lou Zhenming wouldn't have talked so much nonsense! Made this young lady infuriated! Xiao Chen, wait for this young lady....this move, this young lady has learned, wait for this young lady to kick your little brother....'

Just, after thinking up to here, Cheng Mengying's face immediately turned red....

Although Lou Zhenming had been focusing on Ma Gangmen and Xiao Chen's body the entire time, he had also been paying attention to Cheng Mengying from the corner of his eye. Seeing that Cheng Mengying's face turned red after watching Ma Gangmen being knocked down, he thought that Cheng Mengying was excited to see the sight of a bloody scene!

'Originally, Cheng Mengying really did like hot-blooded violence ah! But unfortunately, the one knocked down today is my, Lou Zhenming's, subordinate. Thus, doesn't this mean that my, Lou Zhenming's, status will plummet in Cheng Mengying's heart?'

Thinking up to here, Lou Zhenming had a fit of agitation for no reason. He cried loudly at Ma Gangmen: “Are you dead or alive?! If you’re alive, then get up for daddy and severely beat him!”

Actually, Lou Zhenming did not need to state it so clearly. Ma Gangmen already was raving mad! He had never suffered such hardship ah! He hated it ah!

‘How could it be? How could Xiao Chen be so powerful?’

Ma Gangmen bore the pain and put his hands on the ground. He prepared to get up, but didn’t expect that Xiao Chen had gone around to his back at an unknown time and used his foot to kick his ass crack!

“Bang[Peng]!”

This kick of Xiao Chen’s directly kicked Ma Gangmen’s anus with the tip of his shoe. Before Ma Gangmen had even tried to get up, he cried “Ao!” once more and his whole body flew forward, heavily skidding on the floor of the gym. His nose also started bleeding, flowing everywhere.

“Waaaah!” Ma Gangmen’s intestines were almost kicked out of his anus by Xiao Chen. As he painfully struggled on the floor, both his eyes turned red. He wanted to kill Xiao Chen, but he couldn’t even get up!

“Bang[Peng]!”

Another kick!

Just as Ma Gangmen was about to raise his head, Xiao Chen directly stepped on his head. Ma Gangmen directly had some intimate contact with the ground and this time, not only was Ma Gangmen’s nose bleeding, even his mouth was full of blood! His teeth knocked on his lips, not only scraping his lips, but also knocking out a couple of teeth!

“Brother Ass, oh, no, Brother Asshole, how do you feel?” Xiao Chen’s shoe sole was rubbing back and forth on Ma Gangmen’s face, making Ma Gangmen unable to speak a word and only able to issue a “wu wu” sound.

High Comprehension Low Strength - Chapter 30

Proud Lovable Young Lady

“Okay Xiao Chen, this time we admit defeat!” Lou Zhenming didn’t think that this matter would turn out like this. Ma Gangmen’s strength, among the non-Fighters, was around the top. In Lou Zhenming’s opinion, as long as he exercised for some time, he would be able to successfully break through to First Layer Inner Qi Fighter. However, he didn’t think that Xiao Chen, who they had thought to be a country bumpkin without the strength to fight back, would be such a fierce figure!

Moreover, according to Lou Zhenming’s watching perspective, Xiao Chen was not a Fighter because his kick did not have Inner Qi. Him being so fierce could only be attributed to his strength being huge and his bodily reactions being more agile!

Therefore, Lou Zhenming’s loss wasn’t willingly. If it was Deng Xiaokun who had beat him up, then he wouldn’t have any ideas. Then, it would be that Ma Gangmen’s strength was not as good as the opponent, so being beat up was just beating up. On the other hand, Xiao Chen....an ordinary person, was unexpectedly powerful!

Ma Gangmen obviously had no opportunity to make a comeback and continuing would only bring disgrace, so Lou Zhenming simply admitted defeat.

“Admitting defeat? Before when we wanted to admit defeat, you disagreed. Now, according to your rules, it’s only been five minutes and there are still five

more minutes. It hasn't even been ten minutes, so how can you admit defeat?" Deng Xiaokun unrestrainedly stated Ma Gangmen's rule from before.

Lou Zhenming looked at Deng Xiaokun's eyes resentfully, feeling incomparable fury in his heart. 'Damn you Ma Gangmen for not being sure of victory! You made so many rules and now it's like picking up a rock just to drop it to your foot right? It's like boasting that you're a genius when you're a trash! (TLN: If anyone can figure out what the last line means, go ahead: 沒有那金剛钻, 装什么大半蒜!)

"Bang[Peng]!"

Kick!

Xiao Chen once again kicked Ma Gangmen's anus. Previously, Ma Gangmen decided not to spare person, so how could Xiao Chen let him off easily now? Hitting halfway and letting him off wasn't part of Young Master Xiao's disposition. Moreover, even if Xiao Chen let Ma Gangmen off, how could Lou Zhenming consider it as finished?

At most, he would admit defeat in the short term and afterwards, he would definitely be thinking about revenge. Therefore, Xiao Chen might as well be ruthless towards beating Ma Gangmen up. Creating a psychological shadow within him from abusing him would be best.

"Ao...." Screaming like a slaughtered pig, Ma Gangmen felt that his anus wasn't his own. His anus had already split open, blood stained his pants....

Cheng Mengying somewhat could not bear to keep watching. Xiao Chen was very vicious, but Cheng Mengying also knew that if Xiao Chen hadn't knocked Ma Gangmen onto the floor, then the one howling on the ground now would be Xiao Chen.

Apparently, although Xiao Chen was a waste because he wasn't able to cultivate Inner Qi, his physical quality was very good. At least, it was much better than the average person.

Ma Gangmen didn't think that when he previously set the abuse time for 10 minutes with Xiao Chen, it would become his own nightmare. Ten minutes, which had seemed to be an instant for Ma Gangmen, became incomparably

slow!

Ma Gangmen was kicked from behind once again and his entire body became numb. He could only pray in the heart, 'hurry up, hurry up'....

At last, the unendurable ten minutes passed and Ma Gangmen felt like he had come from the execution grounds. He was like a dead dog lying on the ground, gulping in air heavily!

"Kneel and lick my shoes!" Xiao Chen looked at Ma Gangmen, eyes without the slightest sympathy, and coldly said.

"Xiao Chen, leave it!" Lou Zhenming couldn't bear it anymore: "Let's write it off today's matter and leave it at this, okay?"

"Okay, then in that case, forget it." Xiao Chen nodded. Ma Gangmen's situation now made it impossible for him to lick Xiao Chen's shoes. He had been kicked by Xiao Chen on the ground until he couldn't move! In addition, Xiao Chen didn't want to force Lou Zhenming to become too anxious!

At least Lou Zhenming had clearly stated that today's matter would be written off. Although his words weren't so credible, within a short time, it was assured that Lou Zhenming wouldn't find him for trouble. That alone was enough!

What Xiao Chen currently lacked the most was time! If one day he had Tian Lao's level of strength, and the time came to face even the entirety of Lou Family, then what would there be to be afraid of?

And what happened today would probably not be spread out due to Lou Zhenming being a face-saving person. How could he tell others about this face-losing matter? Deng Xiaokun didn't know about his identity and young lady was estimated to not speak irresponsibly, therefore Xiao Chen was very reassured.

Regarding Xiao Chen's action on letting off Ma Gangmen, Deng Xiaokun nodded in approval. Before, when he was teaching Ma Gangmen a lesson, he didn't make Lou Zhenming completely lose face. Being flexible was one of the characteristics of a great person.

In Deng Xiaokun's opinion, 5 minutes and 10 minutes, although it was a large difference for Ma Gangmen, made no difference for Lou Zhenming. The person suffering was Ma Gangmen, not Lou Zhenming.

However, if Ma Gangmen knelt and licked his shoes, the one losing face would be Lou Zhenming! Even if he endured it today, he wouldn't let it go tomorrow. However now, the matter had passed.

"Shou Hou, open the door and deliver Gangmen to the hospital. I'll send Young Lady Cheng home!" Lou Zhenming's complexion was gloomy. Today's matter was beyond his control, so he needed time to cool down.

"Yes, Brother Ming!" Shou Hou quickly ran and opened the gym door, but didn't expect that when he opened the door, he would actually see Tang Tang standing at the doorway!

Shou Hou was confused for a bit, but didn't say anything, thus allowing Tang Tang to rush in!

"? ? ?" When Tang Tang saw Xiao Chen's perfectly fine appearance and the one lying on the floor with status unknown was Ma Gangmen, she immediately froze. Looking a bit startled, she looked at Deng Xiaokun: "Did you beat him up?"

"It was Xiao Chen...." Deng Xiaokun wryly smiled: "I was just buying soy sauce." (TLN: If you don't already know, 'I was just buying soy sauce' is a phrase meaning 'I was just passing by')

"Don't say that! Today's matter, thank you!" Xiao Chen patted Deng Xiaokun's shoulder, seriously said.

Shou Hou walked over and lifted up Ma Gangmen, then quietly walked out of the stadium. Formerly, he often did this matter: carrying away the people that were beaten and throwing them into the hospital. But today, he was carrying his brother Ma Gangmen.

"Cheng Mengying, it's very late. How about I take you home?" Lou Zhenming earnestly asked after he took a deep breath and used the hand gesture to invite towards Cheng Mengying.

"No need, a car will pick me up." Cheng Mengying shook her head.

"So it's like this ah...." Lou Zhenming didn't have any doubts. After all, considering Cheng Mengying's identity, if there wasn't a private car to pick her up or she didn't drive home herself, it would be weird. Therefore, Lou Zhenming didn't force it. Instead, he nodded and replied: "Then see you tomorrow!"

After Lou Zhenming finished speaking, he quickly hurried towards Shou Hou's direction to catch up. He had methods on winning over people's hearts over. Since he wasn't able to send Cheng Mengying home now, he naturally accompanied Ma Gangmen to the hospital. As for the gym door, there really wasn't a need to pay attention; the night guard would come to close it.

"What's the matter ah? How could it be that the one lying on the ground was Ma Gangmen?" Tang Tang looked at Xiao Chen with a bit of shock: "You did it?"

"En, I come from the mountains. Having enormous strength is normal because I often fight with wild animals for practice." Xiao Chen smiled and said: "Just a bit of brute force!"

"Oh, so that's how it is!" Deng Xiaokun nodded: "No wonder you're so powerful and have such quick reactions, so it was like this!"

"But if it wasn't for your social status, I'm afraid that it would be a 3 versus 1, and the one on the ground would probably be me!" Although Xiao Chen had confidence in dealing with a 3 people, now wasn't the time to expose his strength, so on the surface he was grateful: "Xiaokun, I recognize having your kind of brother!"

"Haha, we already are good brothers! Us two and Tang Tang can be like the three sworn brothers in the Romance of the Three Kingdoms!" Deng Xiaokun said laughingly.

Cheng Mengying stood alone, not knowing why, but at this moment when seeing Xiao Chen, Tang Tang, and Deng Xiaokun chatting, she felt uncomfortable in her heart. Perhaps those three were worldly people and she already wasn't on the same level as him....

'However, you're still this young lady's servant right? Being so cold to this young lady, what a bastard! Actually, Xiao Chen is innocent ah. I told him not to publicly announce our relationship in school. Thinking about it, no one wants a loser fiance right?'

"What are you still doing here? Xiao Chen hasn't been beaten, are you disappointed?" Tang Tang saw Cheng Mengying and her original smiling face turned cold.

“You guys....” Cheng Mengying stomped her foot and briskly walked to the entrance of the gym....the young lady’s chest angrily rose and fell, that’s right, she was about to explode!

Xiao Chen watched Cheng Mengying run away and faintly sighed in his heart. He wanted to catch up to her, but due to Tang Tang and Deng Xiaokun, it wasn’t good to directly leave. Apparently, Tang Tang had misunderstood the young lady!

“Xiao Chen, do you have any matters in the evening? How about we find a place to drink two cups?” Deng Xiaokun asked.

“Next time. I’m a bit tired today, so I’ll go back....” Xiao Chen hesitated before rejecting the offer. Who knows what would happen to the young lady?

“Fine, then next time!” Deng Xiaokun didn’t care. Many things had happened today and it was only Xiao Chen’s first day transferring over, so being tired was normal.

However, Tang Tang felt pensive. Her cheeks swelled and she wanted to say something, but eventually didn’t say it. Instead, she said: “Xiao Chen, go back early, see you tomorrow!”

“En.” Xiao Chen nodded and quickly ran out of the gym, running towards the young lady’s direction.

Deng Xiaokun didn’t think too much about it. He thought that Xiao Chen feared Lou Zhenming’s retaliation. But Tang Tang knew that Xiao Chen was definitely chasing after Cheng Mengying!

‘How is Cheng Mengying any good, for you to be so foolish? Didn’t you see that she came to see the excitement?’ Tang Tang felt that Xiao Chen was stupid for not seeing this! However, she also understood. After all, Cheng Mengying was Xiao Chen’s former fiancée, so he definitely still had some feelings....

“Dead Xiao Chen, rotten Xiao Chen, why didn’t you tell me you were powerful earlier. You made this young lady worry in vain and made me talk so much rubbish to Lou Zhenming! Wait for this young lady, this young lady has also learned your moves. Next time I’ll kick your little brother, kick your butt....” Cheng Mengying went to the door and found herself dumbfounded. It was

midnight and she could not find the way home. Her father also hadn't come to pick up herself, so how would she be able to go home?

Chapter 31 – You Won't Be Hungry If You Fall Asleep

As a result, the lost Young Lady began cursing Xiao Chen at the school gates. She treated the stone under her foot as Xiao Chen and kicked it to death!

Xiao Chen actually didn't waste too much time. He ran fast and had already pursued her to the school gates, where he happened to hear the Young Lady ruthlessly curse him out. He could not help but break into sweat on his forehead! Kick his little brother....she can't be that ruthless ah?

Usually Cheng Mengying isn't this kind of vicious girl. Apparently, you can't judge a person by their cover!

"Cough cough!" Xiao Chen coughed twice and stood behind Cheng Mengying.

"Who?" Cheng Mengying jumped in fright. She quickly turned around and discovered that it was Xiao Chen. She let out a relieved breath, but immediately tensed up again. The words that she had said in anger just before shouldn't have been heard by this guy right? 'If he heard it, then I'll die of shame! I even talked about his...little brother!'

"Xiao Chen, you scared me! Appearing and disappearing so unpredictably, when did you come?" Though Cheng Mengying said these words, the last sentence was actually the most important.

"Just now, why?" Xiao Chen pretended to be nonchalant. He clearly understood in his heart that Cheng Mengying wasn't here to hear his jokes. Moreover, she probably wanted to seize the opportunity to plead mercy for him

to Lou Zhenming. Although Xiao Chen didn't know the specifics, it could be seen from Cheng Mengying's attitude.

However, Xiao Chen wasn't curious. He knew that the young lady had a reason for doing so. It was nothing but sympathy towards him and in addition he was her servant, so she didn't wish for him to have an accident. However, sympathizing with him and secretly liking him were two different matters, and Xiao Chen wasn't so narcissistic either.

During the time he had not been driven out by Xiao Family, the Young Lady could stand him, not to mention now. Therefore, Xiao Chen didn't bother to question her. Questioning too much would create awkwardness like misunderstanding that she liked him. Just knowing the Young Lady's goodwill was enough.

"Nothing, I thought you were going to give up." Cheng Mengying snorted: "This Young Lady can't find her way home, so I'll give you a chance. Take this Young Lady home!"

"Uncle Cheng didn't come?" Xiao Chen felt that Cheng Mengying being so proud was funny. To be frank, Xiao Chen's memory was good, but he knew that the villa wasn't close to the school. Although it was only 10 minutes by car, if it was by walking, it was at least half an hour!

"Of course he didn't come. If he came I would have gone early! Do you think that I would wait for you?" Cheng Mengying coldly replied. Of course, even if Cheng Zhongming came, Cheng Mengying would still wait for Xiao Chen but how could she openly admit it?

"Let's see if there's a taxi around here, so that we can ride a taxi back. If we walk from here, it would take at least half an hour. Do you have a car?" Xiao Chen used to drive to and from school, but the car has been taken away now so it suddenly felt a bit unfamiliar.

"No, before, I used to live in the school, so why would I have a car?" Cheng Mengying rolled her eyes, hmped and said: "Do you think I'm like you, Young Master Xiao, coming and leaving school with a car every day? Using a fancy sports car to pick up girls?"

"Cough cough....not having a car is not having a car...." Xiao Chen's thick skin

turned red. It was very hard to explain.

“This Young Lady has decided to buy a car and afterwards you’ll be the driver!” Cheng Mengying thought for a bit. Not having a car was inconvenient. Formerly in First High she had lived in a school dormitory. However, Second High didn’t have such an accommodation. All of the students were commuting students, therefore a car was very important.

As they were speaking, a taxi drove over and stopped in front of Cheng Mengying and Xiao Chen. Xiao Chen skillfully boarded in the copilot seat, leaving the Young Lady sit in the back row.

The taxi driver felt that it was a little weird. ‘Isn’t this boy and girl a couple? Why aren’t they sitting together? Are they having a fight?’

Xiao Chen stated the address of the villa. The taxi driver, upon seeing that they were going to the same place, realized that it was evident that they were living together. It was estimated that they were having a fight, so the driver said while driving: “Young fellow, it seems that you and your girlfriend are having a fight?”

“Hehe....” Xiao Chen didn’t express an opinion because the relationship between him and the Young Lady was really hard to explain. How could he say that he was the Young Lady’s servant? Who would believe it? They weren’t in front of a member of an Aristocratic Family, so it would be very hard to believe that someone would have a study companion and servant....

“Don’t laugh. Having such a beautiful girlfriend, but not knowing how to appreciate and instead fighting! Don’t blame me for talking too much, I’m an experienced person!” The taxi driver sighed and said: “When I was young, I also quarrelled a lot with my wife because of some trivial stuff. We were always fighting, but when she became sick and lied on a bed unconscious, then turning into a vegetable, I could only regret endlessly....”

“Now I only regret not treasuring every moment I had, ai! But it has passed. Don’t think that I’m making a fuss, I just want to tell you this: Young people must understand how to treasure, treasure your happy times together!”

Xiao Chen was silent. Happy times? He, from infancy to now, felt that he had no happy times! From the start he was intelligent. Just because he couldn’t cultivate Inner Qi was hard and painful. Every night he would exercise, and then

keep a smile the next day while pretending to be a dandy in order to reduce others hostility towards him!

However, even so, it still bought in others harassment. Saying that the families breaking their engagement was to be expected!

Would he promise to live for himself? The answer is no! Xiao Chen's regret was that he would go back home every day just to exercise nonstop, leaving no time for him to talk to his father to chat for a bit. Thinking about it now, Xiao Chen really regretted it. His father was missing and he didn't know when he would see him again....

"Young fellow, figured it out?" The taxi driver, upon seeing that Xiao Chen wasn't speaking, thought that Xiao Chen had figured it out and then said: "Then I'll stop right now so that you go to the back and sit together with your girlfriend!"

"Eh...." Xiao Chen's bad temper disappeared after the preaching, it was really undeserved ah!

"Pu...." The young lady could not help but laugh out loud, then helped Xiao Chen out: "Shifu, thank you, but we aren't a couple. I'm a bit tired, so I'll lie down on the seat for a bit...."

After she finished talking, Cheng Mengying, perhaps in order to prove her words, laid her body down on the seat.

"Unexpectedly sleepy! Young fellow, you should step out and make your girlfriend lay in your arms!" After the taxi driver finished talking, he stopped the taxi. Stopping it at the roadside, he greatly forced Xiao Chen to get off, sticking with his position.

Xiao Chen couldn't find a way out, so he could only get off to sit to the back seat. But when getting on, Young Lady Cheng actually glared at Xiao Chen's eyes, 'If you dare to touch me, then I'll never forgive you!'

Fortunately seeing that Xiao Chen got off the car to go to the back, the taxi driver didn't say too much, because they would arrived at the destination soon.

After getting off, Xiao Chen wanted to pay the fee but the young lady had given the fare first. Apparently, she had taken into consideration Xiao Chen's economic status and didn't force him to pay!

‘Buy a car, have to buy a car!’ The Young Lady had made up her mind. If this were always misunderstood, what would they do afterwards?

The sky had already turned dark, but the first floor villa light was open. Obviously, Ye Xiaoye was on the first floor.

Xiao Chen and Cheng Mengying entered the villa together and saw that Ye Xiaoye was working on something in the kitchen.

‘She should be making dinner!’

Then the young lady suddenly realized that she hadn’t eaten dinner! When she was in her previous school, she had always eaten at the school cafeteria, but today, because she went to check up on Xiao Chen, she missed the dinnertime cafeteria. Now that she had returned home, she found herself hungry!

“Xiao Chen, go order something to eat.” The Young Lady ordered Xiao Chen.

‘Order something? Where would they order something at this time?’ Xiao Chen actually wasn’t hungry because prior to the evening self-study class, he had eaten the steamed rolls that Tang Tang had bought and the remaining lobster and abalone. However, it seems like the Young Lady had not eaten anything.

‘It can’t be helped.’

Xiao Chen went towards the kitchen to see if he could talk it over with Ye Xiaoye, so that he could bring something to eat to the Young Lady.

The glass door to the kitchen was slid opened and what made Xiao Chen frown was that he didn’t smell the scent of cooking food, but rather a heavy smell of medicinal herbs smell. Smelling this, Xiao Chen couldn’t help but choke and sneeze!

Ye Xiaoye turned her head and coldly looked at Xiao Chen’s eyes then said: “I’ll immediately go up when I finish, wait a bit!”

“Well, I just wanted to ask a question: is there any food in the villa? Or do you have any extra left from your dinner?” Xiao Chen thought in his heart, ‘Not sure if this cool little girl has any illness, unexpectedly brewing a pot of traditional Chinese medicine.’

“No.” Ye Xiaoye coldly pointed at the clay pots on the kitchen top and said to

Xiao Chen: “These are my medicinal pots. Don’t use fish and meat in it. If you want to make food, go buy your own cooking utensils.”

After she finished talking, Ye Xiaoye no longer paid any more attention to Xiao Chen. After she closed the fire and poured the medicinal soup into a bowl, she proceeded to carry it out of the kitchen and directly went upstairs.

Xiao Chen shook his head. Living together with such an indifferent neighbor really was a dull matter. However there was no food in the villa and there was nothing Xiao Chen could do about it. Thus, he turned to the Young Lady and said: “There’s nothing to eat. How about we go out and eat something?”

Although Cheng Mengying didn’t want to go spend more time outside, there was nothing in the villa and there was nothing that she could do about it as well. Hatefully staring at Xiao Chen’s eyes, she replied: “How come you didn’t leave me some of the seafood banquet at noon!”

“E....” Xiao Chen smiled bitterly, thinking in his heart, ‘If I offered some to you, would you want it?’ With Young Lady Cheng’s disposition, would she be willing to eat his leftovers?

But when the two people walked out of the villa, they became dumbfounded!

Why? Because the villa area simply didn’t have any taxis passing through! The ones living in this area were mostly rich people with cars and besides, this district had very few taxis passing through, not to mention the villa area! However, walking to the district entrance from the villa was a good three to four kilometers. For Xiao Chen, it wasn’t a problem, but for Cheng Mengying, it was a bit far.

“How about....you bear it?” Xiao Chen didn’t have a solution. The villa area was full of villas and didn’t even have a snack bar.

“How can I bear it? Being hungry when going to sleep will keep one awake!” Cheng Mengying glared at Xiao Chen’s eyes.

“You won’t be hungry if you fall asleep.” Xiao Chen said.

High Comprehension Low Strength - Chapter 32

Chapter 32 – Temptation

“You you you you....!!” Cheng Mengying became angry and wanted to kick Xiao Chen: “I don’t care! You’re this Young Lady’s servant, so think up a solution!”

“I’m not Doraemon....” Xiao Chen became somewhat silent: “How about we go out for a walk?”

“Let’s go!” Cheng Mengying also didn’t have a solution. When she couldn’t walk anymore, couldn’t she just make Xiao Chen to carry herself?

Thus, the two walked out of the villa area. Although the villa area had street lights, they were very dim. Cheng Mengying didn’t want to walk so closely with Xiao Chen, but she was a bit scared. After just separating, she couldn’t help but get closer to Xiao Chen....

Cheng Mengying’s heart was jumping, accelerating a bit. Today was her first time walking together with a boy during the evening. Moreover, this boy was her former fiancé! Saying that Cheng Mengying wasn’t nervous was impossible.

‘He’s my servant now! A servant is nothing, where I go, he also has to go.’ Cheng Mengying comforted herself in her heart.

It was just that halfway, Young Lady Cheng somewhat could not bear it anymore. At noon, she didn’t eat too much in order to go watch the strange matter between Xiao Chen and Lou Zhenming. At night, she was tense and frightened as she stood in the gym for a long time and subsequently she went

back home to the villa cold and hungry. When had Young Lady Cheng ever gone through this before?

She wasn't a Martialist. Walking two kilometers made her really tired so she pointing at a bench at the side of the road and said: "Dying, tired to death, this Young Lady needs a break. Xiao Chen, wipe it for me!"

"Oh...." Xiao Chen bitterly smiled and conveniently took out a pack of napkins, simply wiping the bench.

The Young Lady was obviously very tired. When sitting down on the bench, she comfortably groaned and did not want to leave. However, when Xiao Chen heard the young lady's languid groan, his lower body had a shameful reaction. The frightened Xiao Chen quickly sat next to the Young Lady, not daring to let the Young Lady see any flaws. If he did, it would be a bit disgraceful ah!

Although Xiao Chen seemed like a person who bullied men and stole their women in First High, he was, in fact, still a young virgin!

A gust of the night wind blew by and the Young Lady's nice-smelling fragrance blew onto Xiao Chen's face. Xiao Chen could not help but take a deep breath and heart started jumping, slightly accelerating....

Xiao Chen quickly changed his focus to the night sky lights, not daring to pay attention to the young lady again.

The villa area's night was tranquil and silent. Most of the villas already had their lights off. Only a handful of villas in the distance still had their lights on. Looking at all that was present, Xiao Chen had the feeling of being one of the previous generation.

Being driven out of Xiao Family, becoming a cultivator of true virtue, then becoming the young lady's servant. All of this felt so long, but in reality, it was only two days.

He originally believed that transferring to another school and being low-key while slowly cultivating and investigating the manipulator behind-the-scenes would be an easy matter. Only, he didn't think that on the first day of the transfer, he would become enemies with a junior of the Lou Family!

However, Xiao Chen was not afraid of getting into trouble. In Tian Lao's words, 'Why would a Truth Cultivator be afraid of others? It was others fearing a Truth

Cultivator!’

Unconsciously, Xiao Chen suddenly heard an even snoring sound near his ear. Turning his head, he found that Young Lady Cheng had fallen asleep!

The Young Lady was lying down on the roadside bench, sleeping.

On Cheng Mengying’s delicate face were two dimples from the tranquil smiling face, causing Xiao Chen to be spellbound upon seeing it.

This was Xiao Chen’s first close contact with the Young Lady. He suddenly discovered that the young lady was really beautiful and lovable. The previous him had his eyes on Lin Ke’er and Shen Jingxuan, so he had ignored the Young Lady.

Of course, this was just Xiao Chen’s survival strategy. But Xiao Chen’s heart, at this moment, really moved a bit.

Taking off his school uniform shirt, he covered the Young Lady’s body with it. The night air was cool, so Xiao Chen was afraid that the Young Lady would catch a cold. He was indifferent about it because ever since he had become a Truth Cultivator of First Layer Qi Training, Xiao Chen found that his physique was obviously better than before by manifolds....

In fact, Xiao Chen wanted to hug the Young Lady. But thinking about it, she no longer was his fiancée and there couldn’t be direct contact between men and women. What would he do if the Young Lady woke up tomorrow and got angry at him? Therefore, Xiao Chen decided to accompany the Young Lady here.

Moreover, Xiao Chen could now cultivate anywhere. Being on the bench made no difference....

“Small Chenzi, tempted?” Tian Lao’s wretched voice rang in Xiao Chen’s ears.

“How can I be tempted? Currently, she already isn’t my fiancée....” Xiao Chen bitterly smiled while replying.

“You really have no ambitions! Don’t forget what you are right now: a Truth Cultivator. An extremely flamboyant Truth Cultivator, do you still care about these?” Tian Lao responded disapprovingly due to Xiao Chen not being able to have a far vision.

“Hehe....” Xiao Chen laughed and didn’t saying anything. He directly revolved

the ‘Seizing Good Fortune War Mantra’ in his body, cultivating once more.

...

In the Anorectal Ward of First People’s Hospital in Songning City.

...

Ma Gangmen lay on the bed with his whole body constantly shivering. His anus that was almost kicked to shit by Xiao Chen had just been stitched twice.

However, after the anesthesia wore off, what followed was a piercing pain!¹

“Gangmen, how is it? Are you fine?” Lou Zhenming’s gloomy face asked Ma Gangmen after the operation finished.

“Brother Ming, I’m fi....ne!” Ma Gangmen replied with a pale face.

“Brother Ming, this matter can’t be forgotten! We have to avenge Gangmen now that he’s been beaten into this ah!” Monkey said while gnashing his teeth.

“Damn, today I was mistaken! This kid isn’t a Martialist, but he has some brute force. If it were I who raised my hands today, it would have been over!” Lou Zhenming was very confident towards his own strength: “It was just that now that I want to raise my hands, I’m afraid it wouldn’t be that easy. Deng Xiaokun, that kid, definitely is staring at us. At least for a short period of time, we can’t use this pretense to deal with Xiao Chen!”

“Then we just let off that kid like this?” Money was unwilling in his heart.

“Let off?” Lou Zheming cloudily said: “How can we let him off? Though we can’t raise our hands, we can find someone else to do it! Don’t forget what my family does, we can casually look for a few people. How wouldn’t we be able to torment him to death?”

“Makes sense, but if we use Lou Family’s helpers, won’t it be found out by Deng Xiaokun?” Shou Hou’s was very intelligent as he immediately discovered the flaw.

“You’ve got a point. If this is known by Deng Xiaokun, that guy would definitely incessantly pester us!” Lou Zhenming nodded: “We’re Daoists, so we have to follow the rules of Daoism. Him holding the information can make our lives miserable! How about I check if I can hire some outsiders!”

“En, this is the best way. When it’s time that he’s dead, you’ll be clean!”

Monkey said with approval.

Lou Zhenming nodded and a fierce look flashed in his eyes. Monkey's words had reminded him. If Lou Zhenming wanted to teach Xiao Chen a lesson before, then right now, Lou Zhenming already wanted to kill Xiao Chen.

Although there were only a few people that knew today's matter, however, as long as he saw Xiao Chen, Lou Zhenming couldn't help but think about what happened in the gym today. Only if Xiao Chen disappeared from his eyes would he be able to swallow his fears.

Growing up in an underworld environment made Lou Zhenming more sinister than another other Aristocratic Family junior. Killing, to him, was nothing out of the ordinary. Only, at school, due to school rules, he hadn't killed anyone. At most, it was severe injury and this, under the cover of Lei Dianfeng, had not been exposed.

After thinking for a moment, Lou Zhenming pulled out his cellphone and dialed Lei Dianfeng's phone number.

"Young Master Ming, the gym has been cleaned up. Today again it's another person who doesn't have eyes entering the hospital right?" Lei Dianfeng had just cleaned up the gym. Upon seeing a pool of blood, he thus asked while taking pleasure in others misfortunes.

'Today's person has been hit quite hard. There being so much blood, this person at least should be in the hospital!'

"Damn, drop it. The one in the hospital is Ma Gangmen!" Lou Zhenming replied in a bad mood: "Today, he fell headfirst in front of the country bumpkin!"

"Ah?" Lei Dianfeng was confuzzled for a moment, then immediately became somewhat stunned. Lou Zhenming's strength, he knew. Although it wasn't as good as him, it wasn't weak either. How could he suffer a disadvantage in the hands of a country bumpkin? Isn't this unscientific? But, Lei Dianfeng still asked with a bit of nervousness: "Young Master Ming, do you have any complications?"

If Lou Zhenming had any complications, he Lei Dianfeng wouldn't be able to explain it. His presence in this school was to take care of Lou Zhenming!

"I have no problems because I didn't raise my hands. If I had raised my hands,

then the one lying in the hospital would be the country bumpkin!” Lou Zhenming had total confidence in his own skill: “Before, I was careless and thought that for a country bumpkin, Ma Gangmen was enough So I let them fight a round, but who would know that the country bumpkin had Innate Supernatural Strength? He absolutely had no Inner Qi, but Ma Gangmen totally did not have the strength to hit back! It really makes me angry!”

“So that’s how it is....” Lei Dianfeng let out a sigh of relief: “Young Master Ming, tell me what should be done next!”

“Teacher Lei, I want to murder him!” Lou Zhenming ferociously replied.

“Murder....” Lei Dianfeng frowned and carefully said: “Young Master Ming, this person, how to say, is the school’s student. If he died after having just had a conflict with you, then suspicions would be on you....”

“Of course it wouldn’t be our people raising their hands.” Lou Zhenming replied: “Teacher Lei, you often box in the underworld with the wanted criminals in the other cities, so you should know some of them, right? As you know, money makes the world go round....”

“Understood! Young Master Ming, I know how to do!” After Lei Dianfeng listened to it, he thought, ‘Lou Zhenming is really clever ah! If it were the wanted criminals in other cities, then the blame wouldn’t be pulled onto him and Lou Zhenming’s bodies.’

At the same time, in a private box in a bar near First High, Zhao Yuliang’s face darkened as he bumped cups with Chen Jinpeng.

“Cheng Mengying transferred and Xiao Chen was given to her as a servant?” Chen Jinpeng thought that it was inconceivable, where had this news come from?

High Comprehension Low Strength - Chapter 33

Chapter 33 – Waste, Not Talking About You

“Don’t worry about where the news came from, it is definitely accurate!” Zhao Yuliang suddenly poured himself a glass of wine, wanting to release his steam: “Xiao Chen, this kid, really has good luck. He unexpectedly turned into Cheng Mengying’s servant! Is this not giving them an opportunity to foster love?” Zhao Yuliang really didn’t understand how the people from Cheng Family agreed on this matter! Was Cheng Family not afraid of anything happening?

“Brother Liang, I think you’re a little overly anxious right?” Chen Jinpeng shook his head and said: “Brother Liang, think about it. Originally, Cheng Mengying was Xiao Chen’s fiancée and there was nothing between the two. Now that Xiao Chen has been kicked from Xiao Family, moreover has already broke off the engagement, how could Cheng Mengying have a liking for Xiao Chen this waste! I think Cheng Family should purely want to humiliate Xiao Chen!”

“Oh?” Zhao Yuliang nodded. What Chen Jinpeng had talked about, he had not thought about. It was just that he didn’t feel at ease in his heart because he sincerely liked Cheng Mengying. Although there were some ulterior motives mixed in, it couldn’t be helped. Cheng Mengying was the first girl to make Zhao Yuliang sincerely moved: “Cheng Mengying being over there is definitely is no problem, but my fear is Xiao Chen’s beastly nature!”

“Leave it, how would he dare?” Chen Jinpeng disdainfully said: “He thinks that he’s still the beforehand Young Master Xiao? Since he can compromise before

Cheng Zhongming, choosing to lower his head, then it represents that he admits defeat! Besides, what love is there between a Young Lady and servant? That's the plot of a novel! You and I are from respected families; have you ever seen any family children marry a servant?"

"That's true...." Zhao Yuliang nodded while deep in thought.

"It is this all along! You think Xiao Chen is like Deity Lin in 《School Beauty Personal Bodyguard》? He's a cultivator/practitioner, cultivating 'Xuan Yuan Controlling Dragons Secret Art'. A cultivator/practitioner is a high-end and flamboyant occupation, how could Xiao Chen be worth a fart? A waste unable to cultivate Inner Qi, how would he be able to obtain Cheng Mengying's favor?" Chen Jinpeng said in comfort, but after he finished his words, he felt that he had said too much: "That Brother Liang, I was referring to Xiao Chen as waste, not you...."

"It's okay. Although I can't cultivate Inner Qi, I'm stronger than Xiao Chen." Zhao Yuliang waved his hands, not getting angry towards this topic. Instead, he nodded and said in an approving manner: "What you said isn't wrong. It is I who had thought too much. Cheng Mengying would never look upon Xiao Chen that waste!"

"Right ah, Brother Liang, I respect you one cup!" Chen Jinpeng raised his glass towards Zhao Yuliang.

"Okay, ganbei!" Although Zhao Yuliang said this, a flash of subtle frostiness appeared in his eyes for a moment before disappearing...

Yuan Qi revolved over and over in a fixed path in Xiao Chen's body and with each revolution, Xiao Chen's Yuan Qi within his body became a little denser. This situation, although Xiao Chen hadn't felt anything, Tian Lao had felt it and was very surprised: "I say Little Chenzi, something's wrong ah!"

"What's wrong?" Xiao Chen quickly asked as Tian Lao's flustered voice made him frightened.

"Your Yuan Qi is increasing rapidly right? Each revolution has made it increase, but this shouldn't be!" Tian Lao was puzzled. Logically speaking, this was an urban area and though it was the villa area with trees and a better environment, it was a far cry from a paradise dedicated to cultivation. Furthermore, even in a

paradise, Tian Lao had never heard of a cultivation speed this fast!

“Is this a bad thing?” Xiao Chen thought in his heart, ‘Fast isn’t good?’ What he currently wanted the most was strength! If it was possible, he wanted to become a Seventh or Eighth Layer Inner Qi Master!

“Nothing has been discovered temporarily. However this phenomenon on the surface looks good, but if it isn’t made clear why, who knows what kind of impact it will have on your future?” Tian Lao’s voice was a little hesitant and actually didn’t sound like he was cracking a joke with Xiao Chen.

And Xiao Chen’s heart slightly shivered with fear. Right, although he hadn’t come into contact with Truth Cultivators, he had seen them within similar novels or television shows! Generally, it was either an Evil Cultivator or Demon Cultivator who had the fastest cultivation speeds. However the side-effects were great. Initially there wouldn’t be any, but later on they would be eaten up by their own Heart Devil and troubles would come one after the other!

“Then what have you discovered?” Xiao Chen asked.

“Nothing temporarily.” Tian Lao replied.

“How about....I stop cultivating now? And talk about it after you find the issue?” Xiao Chen was currently a bit hesitant. He didn’t dare to crack a joke about his own life and future.

“How would I be able to observe if you stop?” Tian Lao ill-humoredly replied: “Who told you to cultivate backwards? Forget it, continue. For the time being there isn’t an issue. If there is one, I’ll remind you.”

“Alright.” Xiao Chen actually did not want to suspend his cultivation, so upon hearing Tian Lao’s words, he felt relieved and prepared to revolve his mental mantra.

But before Xiao Chen started revolving, Xiao Chen felt a soft tender body relying upon his own body!

Xiao Chen subconsciously opened his eyes and unexpectedly discovered that it was Young Lady Cheng using his body with her head on his own legs! This feeling made one feel like an intimate couple, causing Xiao Chen’s heart to slightly speed up!

Although he was clear that Cheng Mengying was sleeping and that it was probably due to the seat back not being too comfortable, thus causing her subconsciously lay down, making this not her intention, however, Xiao Chen inevitably still had fantasies.

Xiao Chen by no means was a gentleman, but he also wouldn't take advantage of people. The Young Lady had helped him when he was in a time of difficulty, so how could he do matters of overstepping his boundaries?

It was just that Xiao Chen wanted to lift the Young Lady up, but was afraid to wake her up. Thus, he weighed it in his mind of a long time and finally, Xiao Chen decided to continue cultivating. Putting it down in his heart and calming his mind would naturally create a conscience.

Due to Xiao Chen's meditative strength being exceptionally strong, very quickly, Xiao Chen once again entered his cultivation state and continued to revolve "Seizing Good Fortune War Mantra"

When the first ray of early morning sunshine smeared the earth, Xiao Chen faintly touched upon the barrier on Second Layer Qi-Training. This cultivation speed made Tian Lao speechless. It made people think that it was simply unthinkable, even though Tian Lao currently could not be considered a person.

It was the early morning and the originally quiet villa area street began to have the occasional car drive by. Of course, almost no one noticed Xiao Chen and Cheng Mengying on the bench, after all nowadays, who hadn't seen lovers on a street bench before.

A red Beetle car passed by in front of Xiao Chen, but after going not too far away, it came back and stopped in front Xiao Chen. The Beetle's car window opened slowly, revealing an immensely shocked small face!

"Cousin Yingying? Xiao Chen?" The young girl inside the Beetle opened the door, looking stunned at the inconceivable scene: "What are....you guys doing?"

Xiao Chen became a bit embarrassed. He hadn't expected to encounter an acquaintance here. Moreover, the person who came was Zhu Yingxiong's cousin, as well as Cheng Mengying's cousin, Jin Beibei!

Although this girl had a somewhat petite stature, her chest was huge. This

made her seem uncoordinated and the only one phrase could describe it was 'large-breasted loli'.

Regarding Jin Beibei, Xiao Chen didn't know too much. Jin Family's Little Princess, although she was Zhu Yingxiong's cousin and Cheng Mengying's cousin, in reality, the Nine Aristocratic Families more or less had some form of relationship via marriage. This relationship via marriage could only be maintained for one generation, or even only a few years. Therefore the juniors of the Families, were basically relatives of each other more or less, but this could be ignored.

Xiao Chen's impression was that Cheng Mengying and Jin Beibei's relationship was not bad. It was just that there weren't many contacts with Xiao Chen.

Cheng Mengying had been sleeping soundly but was awakened by Jin Beibei's cry out in alarm. She opened her eyes in confusion, but didn't immediately raise her head from Xiao Chen's lap, only turning her head to the side, wanting to make clear who was calling her.

"Crap, I haven't seen anything wa...." Jin Beibei, upon seeing Cheng Mengying's appearance, immediately jumped in fright. She covered her surprised eyes with her hands: "Sister Mengying, you're too open! Unexpectedly giving Xiao Chen a blow—job on the sidewalk! But I haven't seen anything."

Cheng Mengying had just woken up and on the corners of her mouth were hanging two saliva strands. By coincidence, Xiao Chen previously had feared that Cheng Mengying would be cold, so he covered Cheng Mengying's body with his school uniform. Therefore, at this moment, Xiao Chen's thighs were also covered by his uniform. This kind of scene would inevitably make one's imagination run wild.

After all, many XX videos online had situations similar to this. Being covered with a uniform, then starting XX.

"What? Blow....blow....job?!" Cheng Mengying immediately sobered up from confusion! She immediately discovered that she had lain asleep on Xiao Chen's lap and by coincidence, her mouth happened to hang some saliva, so it wouldn't be strange if this was misunderstood!

Cheng Mengying suddenly became anxious, how could she do that with Xiao

Chen? Even if she was Xiao Chen's former fiancée, it was impossible ah! She subconsciously took off the school uniform off of her and Xiao Chen's legs, seeming to want to show Jin Beibei that she hadn't given Xiao Chen 'that'.

Just, even though the school uniform was taken off, however, under the uniform at Xiao Chen's crotch section of his pants, there was a tower wanting to pierce the heavens!

Xiao Chen was a normal boy, so the Young Lady lying on his legs, made it very difficult for him to maintain his composure. Moreover, it was currently early morning and Xiao Chen hadn't urinated yet, so this was a normal psychological phenomenon. But in Jin Beibei's eyes, it wasn't the same. She thought, 'It is definitely Xiao Chen zipping up the zipper in confusion, but the crime tool has betrayed him!'

"Hee hee, Sister Mengying, covering it up makes it worse. All right, Beibei didn't see anything." Jin Beibei smiled mischievously, giving an 'I understand' look.

Cheng Mengying was madly angered and suddenly stood up from the bench, glaring at Xiao Chen: "You....you you you you....what did you do to me?"

Chapter 34 – Jin Beibei

“Didn’t you want to rest yesterday? The result of you taking a break was that you fell asleep. Later on, you laid down on my legs and due to me fearing that I would disturb your sleep, I didn’t wake you up....” Xiao Chen explained with a bitter smile.

“Then how did you....” Cheng Mengying thought for a bit. ‘Seems like it indeed is this matter. Yesterday, I had gotten tired of walking and wanted to take a break on the bench on the side of the road. Afterwards, I remember nothing so it seems that I was asleep.’

However, after Cheng Mengying took a glance at Xiao Chen’s crotch, she scrunched her eyebrows together and said with a hmph: “You were afraid to disturb me? Do you dare to say that you had no dirty thoughts?”

“This is a normal phenomenon called ‘morning wood’....” Xiao Chen didn’t know whether to laugh or cry: “That’s enough. Next time I’ll wake you up then take you home.”

At this moment, Jin Beibei had finally understood what had happened, but her mischievous eyes swept between Xiao Chen’s legs, then she talked to herself: “How is it this big? It doesn’t seem to be the same size it says in the textbook? Luckily Sister Mengying broke off the engagement, otherwise when it’s time, wouldn’t she be X’d to death!”

In the beginning, Cheng Mengying didn’t understand the meaning of what Jin

Beibei was saying. What thing was so big, and wasn't the same as it is in the textbooks? But hearing the words that came after it and looking at what direction Jin Beibei's gaze was in, Cheng Mengying angrily stared at Jin Beibei's eyes and ill-humoredly said: "Beibei, why is your mind so complex? All day long thinking about dirty things. Are you not thinking about giving blowjobs, only wanting to put the blame on me?"

"Of course not....but having the chance to do it is also fine. I've tried it with bananas, but there wasn't anything special. It was like eating a popsicle in my childhood...." Jin Beibei muttered.

"You...." Cheng Mengying was made somewhat speechless by Jin Beibei, but suddenly remembered that Xiao Chen was also standing at the side. Thinking about the word 'blowjob' that had popped out of her mouth, she immediately blushed and coughed twice, then looked towards Xiao Chen: "Hey, what did you hear?"

"Ah?" Xiao Chen was confused for a moment: "What did you say?"

"Hmph, seems like you're sensible!" Cheng Mengying nodded to deceive herself and others. No longer paying attention to Xiao Chen, she immediately looked towards Jin Beibei: "Beibei, why are you here so early in the morning?"

"Uncle said that you had transferred to Second High. Yesterday, I didn't see you, so I planned to take you to school today in the early morning,." After Jin Beibei spoke up to here, she looked at Cheng Mengying with a weird complexion: "Cousin Cheng Mengying, you're really weird oh. You are unexpectedly on good terms with Xiao Chen? Didn't you dislike him before?"

"Don't talk nonsense! I'll tell auntie about what you do to bananas if you talk more. Watch how she deals with you!" Cheng Mengying angrily replied: "He's only this Young Lady's personal servant. If this Young Lady wants to sleep, then he has to turn into a bed! If this Young Lady wants to eat, then he has to become a table!"

"Crap, Xiao Chen brother-in-law is a transformer?" Jin Beibei said with astonishment.

"...." Xiao Chen looked at Jin Beibei's innocent look with a dumbfounded face. However, if he really thought that she was innocent, then he would have fallen

into the trap. From infancy until now, her innocent look had swindled many dandy's that wanted to gang up on her. They were met with bad luck and taught a lesson until they were hovering between life and death!

Therefore, Xiao Chen decided to stay away from this young demoness in order not to suffer! Previously, when he was Xiao Family's Young Master, he did not go provoking this young demoness, but he also wasn't afraid of her revenge. However now it's different, he was Cheng Mengying's servant. If this little girl didn't see him as pleasing to the eyes and put out an order for him, then it would be a sudden and unexpected disaster.

"He's also a Ninja Turtle....what brother-in-law? Stop speaking nonsense!" When Cheng Mengying heard how Jin Beibei addressed Xiao Chen she became shocked: "I already said that he and I don't have any relationship!"

"Oh, Xiao Chen former brother-in-law, hello oh!" Jin Beibei nodded as she continued to talk.

"....." Cheng Mengying was too lazy to correct her, but when Xiao Chen heard Jin Beibei calling him brother-in-law, he felt a strange feeling.

"Okay, Xiao Chen, I want to go to school with Beibei. Will you sit in the back or go to school by yourself?" Cheng Mengying asked while pointing at the back of the Beetle.

Xiao Chen glanced at the car's small and narrow back seat and could not help but smile bitterly: "I'll take a taxi, but you have to give me money for it."

"I don't have any money." Cheng Mengying said without hesitation. How could she not know that Shen Jingxuan had given Xiao Chen 10,000 RMB before?

"Then I'll let myself in." After Xiao Chen finished speaking, he got ready to get on the car.

"Stingy miser! Take this as this Young Lady's reward for you!" Cheng Mengying wanted to have an intimate conversation with Jin Beibei, so she didn't want Xiao Chen to listen in. Otherwise, Jin Beibei would shoot off her mouth, thus making her lose face by talking about her 'Blowjob' and such pop up. Therefore, Cheng Mengying pulled out her wallet, took out a 100 RMB bill and handed it to Xiao Chen: "This should be enough for when leaving school too right?"

“It’s enough.” Xiao Chen nodded. It was only 30 RMB when they were leaving on the taxi yesterday.

“Beibei, let’s go.” Cheng Mengying opened the co-pilot’s door and boarded the car with Jin Beibei.

Xiao Chen gazed after Cheng Mengying and Jin Beibei leaving, pocketed 100 RMB, then walked to the bus stop! Xiao Chen wasn’t exactly a real gentleman, he was very clear on his situation. The core of this work was no salary! 10,000 RMB truly had to be saved for later use.

“Cousin Mengying, did you really make Xiao Chen brother-in-law into your servant?” Jin Beibei asked while she was driving.

“Not brother-in-law, it’s former brother-in-law....not right, he wasn’t that either. He was just fiance before! Dead Beibei, making me turn stupid!” Cheng Mengying was unbearably angry: “You know that even though I dislike him, I also feel that he is pitiful. My grandfather, due to uncle’s matter, vented his anger on Xiao Family. That means that there has to be someone to turn into the scapegoat right? This person could only be Uncle Xiao’s son. In order to make him survive, father made him my servant.”

“Uncle isn’t afraid that you’ll fall in love over time?” Jin Beibei asked mischievously.

“How is that possible? This Young Lady doesn’t have a liking for him!” Cheng Mengying’s face turned a little red, but said without hesitation: “What this Young Lady likes is a true great hero! He’s only a waste!”

But Cheng Mengying had to admit that she was mistaken before, as seen from Xiao Chen and Ma Gangmen’s duel from yesterday. Although Xiao Chen hadn’t reached the strength of a First Layer Inner Qi, as an average person, his strength was already at the limit. If not for his innate constitution problem, it was feared that he would have been a master of First Layer Inner Qi or even higher long ago!

Xiao Chen did not have Innate Divine Strength. Other people weren’t clear on this, but as Xiao Chen’s former fiancée, Cheng Mengying was very clear on it. Not only did Xiao Chen not have Innate Divine Strength, but he was also frail and sick from childhood. Being able to have this present strength was only for Xiao Chen to go through many sufferings!

It was very difficult for Cheng Mengying to imagine Xiao Chen, this dandy Young Master, suffer through exercise!

But these words, she didn't say out loud.

"Oh, cousin Mengying is blushing!" Jin Beibei observed.

"Drive carefully! I don't want to be killed." Cheng Mengying said.

Jin Beibei spit out her tongue and started to drive with devotion.

The villa area wasn't too far away from Second High, so the car quickly arrived at the school gates. Afterwards, Cheng Mengying and Jin Beibei entered the school together.

.....

Lou Zhenming's complexion was very gloomy. Ma Gangmen's injury was very heavy and he was currently lying down on a hospital bed. He also didn't know whether Lei Dianfeng had found any people to teach Xiao Chen a lesson. In short, his mood was very gloomy. Originally, what should have been a good day to pick up girls, had unexpectedly turned into a day of suffering setbacks.

He would definitely make Xiao Chen pay a blood price! Although he had said that he would forget this matter in front of Deng Xiaokun yesterday, he would never consider such a matter as finished. Him not raising his hands, did not mean that he wouldn't hire other people to raise their hands in secret!

If Xiao Chen was killed by wanted outlaws from the outside, then the only explanation would be that Xiao Chen had bad luck, and he, Lou Zhenming, had no relationship with it.

Seeing Cheng Mengying walk into the classroom holding bread and yogurt, it was as if Lou Zhenming had a loaded spring under his ass. He immediately got off his seat with a 'Sou' and trotted over to Cheng Mengying while smiling: "Mengying, you came. This yogurt and bread, although the nutrition isn't bad, the taste isn't that good either. How about I treat you to some porridge at the school cafeteria?"

"Little Louzi, you seem to be very rich. How about you load 100,000 RMB into my meal card?" Jin Beibei laughingly said as she jumped out from Cheng

Mengying's back. The melons on her chest jiggled, making Lou Zhenming feel a bit dizzy.

Lou Zhenming's eyelids opened, but he didn't dare to appreciate the beautiful scene. Cold sweat went down his forehead: "That....Jin Beibei, I didn't bring that much money today. How about we talk about it another day?"

Lou Zhenming understood Jin Beibei very well. This young girl, in Second High, although she was Second High's flower, Lou Zhenming had never thought of ever pursuing her. This kind of young demoness was one who gave bad luck to those who knew her!

One has to know, Jin Beibei is Jin Family's Old Master Jin's treasure. Old Master Jin, Jin Maoshiwang, was not a joke; he was simply a lunatic. Forty years ago, with his bare hands, he rushed into JiangHu and made a name for himself, laying down the foundation for Jin Family's family property.

This kind of person, Lou Zhenming didn't want to have a connection to. Whoever bullied Jin Family's little princess, the old man go personally go to his or her house to kill. He would dare to play around with his own life and use the fighting method of making both sides perish.

Among the various families, there indeed was infighting, but it was extremely unlikely that the families would exhaust themselves just to compete to see which side was better. This kind of killing 1,000 at the loss of 800 method, harmed others but didn't benefit oneself, Old Master Jin dared to use!

Once there was an influential son of an external Ancient Martial Family who took a fancy to Jin Beibei and wanted to forcefully do indecent things to Jin Beibei. However, the result of that was that influential son being cleaved in half by Old Master Jin.

That external Ancient Martial Family got angry and the Head of that family ordered Jin Family to hand over Jin Beibei in a set amount of time and hold a marriage between that dead influential son and Jin Beibei!

But Old Master Jin did not accept this and instead carried a machete and went ready to kill. He directly went and told the Head of that external Ancient Martial Family, 'If you want a fight then let's fight! Jin Family may be inferior to you, but we will use all our power and make your family damaged by half!'

High Comprehension Low Strength - Chapter 35

Chapter 35 – Drinking Your Papaya Yogurt

Harsh, unreasonable, and not afraid of death, Old Master Jin was exactly one that did not fear death. When the family inquired about Jin Family's doings throughout the years, they immediately gave up. Not only did they give an apology to Old Master Jin saying that it was a misunderstanding, but they also compensated Jin Beibei a car. However, Jin Beibei threw this car into the garage because she liked her Beatle. She felt that a girl driving a Beatle was quite lovable.

Although she looked lovable, her disposition wasn't lovable at all.

Anyway, that dead influential son was nothing more than a collateral and that Ancient Martial Family would not fight to death just for a collateral because Old Master Jin was a lunatic. He was exactly this, so as a result, the Head of the family put the blame on the parents of that influential son for not teaching him properly and their family industries were taken back.

As a result, Jin Beibei's 'little demoness' title spread like wildfire. Lou Zhenming did not think that his own family was as formidable as the Ancient Martial Family. Lou Family was taking time to recuperate and build up strength and if they got into trouble with Jin Family, then they would be finished.

"Then your invitation to cousin Mengying for a meal, that is to say, is just cheating us?" Jin Beibei unhappily looked at Lou Zhenming.

"This....eating a meal doesn't require 100,000 RMB. I meant that I don't have

100,000 RMB, but I have enough money to eat breakfast.” Lou Zhenming quickly explained as he got a scare.

“Oh, then give it to me.” Jin Beibei extended out her somewhat chubby little hand.

Lou Zhenming cursed his bad luck, but actually took out his meal card and handed it over to Jin Beibei: “There’s about 7 to 8 thousand RMB in here, so it’s definitely enough for breakfast....”

“Okay, I understand. I kindly accept this offering.” Jin Beibei smiled with curved squinted eyes as she put the meal card away: “You can go but you still owe me 93,000 RMB.”

Hearing Jin Beibei’s first half of her words made Lou Zhenming let out a sigh of relief, but after hearing the latter half of her words, he almost staggered and fell onto the floor! So there was this kind of trap! Just by saying hello, he somehow already owed a debt of more than 90,000 RMB!

“Puchi....” As Cheng Mengying watched Lou Zhenming deflate before Jin Beibei, she immediately could not help but laugh.

But upon hearing Cheng Mengying’s laugh, Lou Zhenming thought that he had successfully won the beautiful girl’s laugh! He felt that his 100,000 RMB was spent well. In the past, there were fights with fire between princes and the purpose was to win the beauty’s smile, but he didn’t have to set himself on fire. All he had to do was spend 100,000 RMB, so he felt that it was worth it! Thinking up to here, Lou Zhenming’s mood balanced out.

He returned to his seat no longer depressed, but first thing he did was dial his father, Lou Siwen’s, phone.

“Zhenming, you don’t seem to be studying well in school; why the fuck are you giving me a call?” Lou Siwen was collecting debts in the gathering place as he answered Lou Zhenming’s call. He immediately became a bit unhappy due to this. Although he was called Lou Siwen, the way he spoke to children wasn’t gentle ¹. However, he could not change this, so he very much hoped that Lou Zhenming would be successful.

“That....dad, I want to apply to you for some money to chase a girl!” Lou

Zhenming had been tricked out of 200,000 RMB by Xiao Chen the day before and tricked out of 100,000 RMB by Jin Beibei today, thus suddenly making his economic status unable to make ends meet, so he had to seek help from Lou Siwen.

“Chase a girl? You’re not studying well at school, chase my ass!” Lou Siwen was furious! ‘This daddy² sent you to school to make you study, but you dare to chase girls?’

“That....dad, don’t be angry, hear me out...” Lou Zhenming forehead immediately became full of cold sweat: “Dad, this time the girl I’m chasing is not an ordinary girl, but rather a top quality one....”

“Fuck your ass, what chasing a top quality girl? Hurry and study well for this daddy!” Lou Siwen angrily said.

“Dad, don’t get stirred up! This girl, I plan to marry her, she is Cheng Family’s Chang Mengying, the one that broke off the engagement with Xiao Family!” Lou Zhenming was afraid that Lou Siwen would hang up, so he quickly explained what he meant.

“Oh?” Although Lou Siwen gave him an education for his future career, he wasn’t a fool. Otherwise, he wouldn’t have been able to coordinate with Old Master Lou to turn Lou Family into an Aristocratic Family. When he heard that the girl Lou Zhenming was chasing was Cheng Mengying, he immediately became interested: “Do you have any confidence?”

“Can’t say that it’s 100%, but there’s at least a 50% chance because I discovered that Cheng Mengying seems to like violent boys. Moreover, she and Jin Beibei, this overbearing over, play together, so it may be assumed that she likes bullying people and bullying people is our strength!” Lou Zhenming stated his analysis.

“That’s fine, how much do you want!” Lou Siwen actually didn’t meddle this time. If Lou Zhenming actually managed to successfully pursue Cheng Family’s Young Lady, then Lou Family and Cheng Family would be related by marriage. Though it wouldn’t be said that they would acquire help from Cheng Family forever, however, for the next few years, at least Lou Family would run smoother.

“Then how about giving me 1 million?” Lou Zhenming asked as a probe.

“Okay, I’ll make someone put it into your card in a moment.” Lou Siwen had no hesitation this time as he directly replied.

Lou Zhenming immediately felt some regret upon seeing that Lou Siwen didn’t argue and directly agreed to his request. Wouldn’t he have gotten 2 million if he asked for it?

.....

Jin Beibei was not in Third Year First Class, but she sat on the edge of Cheng Mengying’s seat. She didn’t fear anything because even the school principal would say nothing upon seeing it because Chen Family wouldn’t want to offend Jin Family over a trivial matter like this.

However, Lou Zhenming was a bit in a bad mood. Having this kind of young demoness sitting at Cheng Mengying’s side simply increased the difficulty of his pursuing! If he didn’t know about Jin Beibei’s character, Lou Zhenming would have been very happy about her arrival. This kind of cow girl at Cheng Mengying’s side, if possible, having a threesome with them would be very refreshing, but obviously this was not possible. Only if Lou Zhenming had a head filled with water, otherwise there wouldn’t be such a ridiculous idea in his head.

“How come Xiao Chen hasn’t come yet?” Young Lady Cheng looked at the time on her watch. It had been half an hour, but Xiao Chen still wasn’t here: “This guy wouldn’t have gotten lost when riding a taxi right?”

“Cousin Mengying, you’re worrying about brother-in-law?” Jin Beibei said while drinking papaya-flavored yogurt.

“Why are you drinking your papaya-flavored yogurt. Even though your chest is almost at soccer ball size, you still want to drink?” Cheng Mengying naturally would not admit that she was worrying about Xiao Chen and that she was just afraid that Xiao Chen had become lost.

“Cousin Mengying is definitely jealous of me.” Jin Beibei intentionally threw out her chest: “If you don’t believe then ask brother-in-law whether he likes my breasts or cousin Mengying’s poor breasts.”

“Who has poor breasts? Mine aren’t small, they’re B-cups!” Cheng Mengying

was unwilling to show any weakness.

“Just a B oh. When I was 10, I had a C-cup.” Jin Beibei said.

“Sooner or later, you’ll have to hold them with your hands.” Cheng Mengying was defeated. To be honest, she was a little jealous.

“No problem, in any case you have a servant, I’ll just make him hold them for me.” Jin Beibei said indifferently: “Right, Cousin Mengying, you won’t be jealous if I make brother-in-law hold my chest for me right?”

“I wouldn’t care if he died!” Cheng Mengying replied: “But Jin Beibei, don’t you understand that men and women can’t be too intimate? Why would you ask him for help?”

“I was just joking!” Jin Beibei really was joking. Who would go out with someone holding their breasts for them? But as she looked at her own size and the papaya-flavored yogurt at her hand, she really feared that there would be such a day. Thus, she directly swapped her own papaya-flavored yogurt with Cheng Mengying’s original flavored yogurt: “Let’s switch drinks.”

Cheng Mengying didn’t say anything. In any case, she didn’t mind drinking what Jin Beibei drank out of. Before, she actually wanted to buy papaya-flavored yogurt, but she was embarrassed to do so in front of Jin Beibei lest Jin Beibei think that she wanted to make her breasts larger. Therefore, she brought the original flavor so the exchange right now fine with her.

.....

This was Xiao Chen’s first time taking a bus and he felt that the smell on the bus wasn’t so nice, especially the leek boxes³ and meat bun smell and the fragrances of many different foods. However, the beautiful girl holding a fried bread stick⁴ was quite attractive, making Xiao Chen feel ashamed....and hungry....

However the position Xiao Chen boarded the bus was outside the villa area, naturally it was impossible for this kind of place to sell a breakfast like this, and the shops named “Jewel Congee Shop” and the like looked like really domineering places. Xiao Chen did not have the desire to go in and thought: ‘Shouldn’t the kinds of food in these shops cost a few hundred?’ Xiao Chen

simply didn't have the money.

When he got off board, Xiao Chen suddenly discovered Tang Tang happening to walk from the opposite direction. She was carrying a bag of fried bread sticks in her hands and probably a soybean milk, causing Xiao Chen's eyes to light up, his eyes giving off a green ray⁵.

"Tang Tang!" Xiao Chen waved his hands at Tang Tang.

Tang Tang looked up and saw Xiao Chen get off of the bus. Seeing that he had not coming together with Cheng Mengying, she immediately became a bit astonished! It was seen from yesterday that Xiao Chen and Cheng Mengying had gone home together, thus the two should come to school together too, but why was Xiao Chen coming by himself?

Tang Tang could not help but admire Xiao Chen's ability to adapt. Able to crowd into public transportation? But thinking about how Xiao Chen wolfed down the steamed buns yesterday, Tang Tang knew that Xiao Chen's character was good. At least he hadn't been badly influenced too much by his dandy attitude.

"You haven't eaten breakfast yet right? I brought you some fried bread sticks and soybean milk. Go eat it in the classroom." Tang Tang shook the bags in her hand as she talked to Xiao Chen.

"Thank you!" Xiao Chen grinned. He originally wanted to bear his hungry and eat at noon and did not expect Tang Tang to bring him breakfast: "Generous, sorry for making you spend money!"

"It's not a big deal." Tang Tang indifferently waved her hand: "It's self-made and sold so it costs nothing. Right, why did you come from a bus? What about Cheng Mengying?"

Xiao Chen was about to ask what she meant by self-made and sold, but was interrupted by Tang Tang's question, so he instead said: "She and Jin Beibei came in a car, while I went to public transportation."

"They came in a car?" Tang Tang became a bit angry after she heard this: "Isn't this just bullying? Even if you're her servant, you don't need to deal with this right? How could a car not have enough space to not accommodate you?"

“I was given the choice to come by either car or taxi and I chose to take a taxi, thus earning 100 RMB, so I feel that it was worth it.” Xiao Chen explained with a smile. The Young Lady’s heart was very good. Although she was a bit prideful, her character wasn’t bad, so Xiao Chen helped explain her.

“That’s more like it, then every day you’ll be earning 100 RMB. This month you can make a lot of money!” Tang Tang nodded her head after hearing this: “Having so much money, you’ll have to treat me to lunch!”

“Fine, I’ll treat you to either a buffet, roadside noodle shop, or twisted bun roll! This should suffice!” Xiao Chen replied.

“Pu....” When Tang Tang heard the first half of Xiao Chen’s words, she was quite happy. But after hearing the latter half, she directly spurted out laughter; how much does a noodle bowl cost? But she wasn’t a picky person and knew that saving up money wasn’t easy for Xiao Chen, so she didn’t exploit him: “Then it’s settled!”

Tang Tang and Xiao Chen walked together into the classroom laughing and talking, making Cheng Mengying knit her eyebrows. ‘Could it be that Xiao Chen coming so late was to find Tang Tang?’ Thinking that Xiao Chen took her money to find someone else, Young Lady Cheng felt a burst of unhappiness!

‘Hmph, what person. Tomorrow, this Young Lady will be buying a car for which you will be the driver! Let’s see how you can go find Tang Tang! This Young Lady’s anger also has reason! Previously, when you were Xiao Family’s Young Master, you pursued Shen Jingxuan and Lin Ke’er, but that was no problem. However, now you aren’t! Now, you are this Young Lady’s exclusive servant! You don’t curry favor with me nor do you stay near me, but actually went to fool around with Tang Tang?’

Although Tang Tang's current appearance was hard to make people jealous, the Young Lady seen the previous Tang Tang!

Ultimately, it was just Young Lady Cheng's lovable prideful flaw manifesting itself.

Deng Xiaokun also saw Xiao Chen and Tang Tang come through the door, causing his eyes to contain a trace of being stunned. But when he saw the fried bread sticks and soybean milk in her hands, he immediately showed a greedy expression: "Tang Tang, do I have a share?"

"Of course, both you and Xiao Chen have a share!" Tang Tang put the fried bread sticks and soybean milk on the table and said: "Eat while it's hot; don't make me run over in vain. It's just that, how come I don't lose weight when I run?"

"This is quite good. If you become a slender beauty, then I wouldn't dare to eat your things." Xiao Chen said laughingly.

This sentence wasn't loud, but the not-so-far-away Cheng Mengying had actually heard it. She suddenly angrily curled up her hand into a fist.

'Indeed, you don't pay attention to me because I look too beautiful? But that's not right, this kid had pursued Lin Ke'er and Shen Jingxuan before! Right, you definitely must be deceiving Tang Tang. Hmph, this Young Lady will definitely look for opportunities to expose you!'

Deng Xiaokun had already eaten breakfast, so he only ate half a fried bread stick and one package of soybean milk. On the other hand, Xiao Chen saw Tang Tang and Deng Xiaokun dumbfounded as the remaining food all went into his stomach, .

"Dude, how is your appetite so good?" Deng Xiaokun said with astonishment. A normal person could not eat this much for breakfast, but Xiao Chen was simply a rice bucket!

Xiao Chen was also a bit embarrassed. In the past, he would not be able to eat this much. However, ever since he started Truth Cultivating, his food intake drastically increased. But this couldn't be exposed, so he frankly said: "Right ah¹, yesterday noon, I didn't eat my fill when I ate Tang Tang's 4 or 5 steamed buns. I

also ate a large meal from Lou Zhenming.”

“Cow.” Deng Xiaokun only had one phrase for this, ‘can eat well’.

However Tang Tang felt that Xiao Chen’s appetite had no problems. In her opinion, boys should be wolfing down food when eating, so the way Yun Shaoqun ate, eating things in a mannered way, was hypocritical. It made Tang Tang feel that it was very false.

Looking over to where Xiao Chen was wolfing down food, Lou Zhenming’s eyes flashed with a hint of malice. ‘Eat, eat. I’ll let you feel proud for a while, but in the evening, you’ll die without a burial place!’

Just a moment ago, Lei Dianfeng had just sent a text message, ‘The wanted outlaws are already in place, they can be moved at night to kill Xiao Chen’, which caused Lou Zhenming’s original hazy mood to improve a lot. The morning time quickly passed by.

What made Xiao Chen a bit surprised was that Lou Zhenming truly did not find any trouble with him. It seemed like last night’s matter had passed! In the past, Xiao Chen was also a dandy, so he sort of understands the thoughts of a dandy. Eating that much loss yesterday and then saying to forget it, Xiao Chen found it hard to believe!

If it were an honorable gentleman, then it would be considered as finished. However, Lou Zhenming obviously was not one; he was not even a dandy caring about face. Therefore, Xiao Chen felt that Lou Zhenming definitely would not let this go, that he was just temporarily holding it in.

But since Lou Zhenming didn’t cause trouble to Xiao Chen, Xiao Chen naturally was happy with being at leisure.

At noon, Deng Xiaokun turned around and looked at Xiao Chen: “From what I heard from Tang Tang, you’ll be treating at noon and taking us to a buffet?”

Tang Tang had told Deng Xiaokun that Xiao Chen would treat to a buffet, but did not say what to eat. Therefore, Deng Xiaokun was a bit excited. Although Deng Xiaokun’s family background was unusual, to be honest, Deng Family was controlled by martial might. Generally, the family education was very strict, so all that Deng Xiaokun ate was all in the Martial Building. He had very little pocket money and usually could not eat any delicacies. Otherwise, he wouldn’t have

been so excited when Xiao Chen brought the bag of abalone back into the classroom yesterday.

“En, shall we go together?” Xiao Chen asked laughingly.

“Okay, not taking advantage of this would be foolish.” After Deng Xiaokun finished speaking, he got up to go out of the classroom together with Xiao Chen and Tang Tang.

It was hard for Cheng Mengying to imagine how Xiao Chen, an influential son that lost his power, won Tang Tang and Deng Xiaokun’s favor. Sure, Tang Tang’s situation was similar to his, but Deng Xiaokun’s situation was not. Although Deng Family was currently tolerating it, they hadn’t been beaten. Yet yesterday, Deng Family’s Young Master stuck up for Xiao Chen which made Cheng Mengying feel that it was very weird.

“Two beautiful girls, may this Lou have honor to dine with with the two?” Lou Zhenming was very intelligent in asking in a roundabout manner. He didn’t say treat; he only asked if he could have the honor to dine with them.

Cheng Mengying looked at the glue-like Lou Zhenming with a bit of frustration. She suddenly discovered that having Xiao Chen as a fiancé in name from before was actually a good thing! Although Zhao Yuliang had openly and covertly showed his love for her, he had never done it so obviously.

After all, Xiao Chen wasn’t to be trifled with at that time. Even though he didn’t care about his fiancée, if others pursuing her in front of his face, Xiao Chen would definitely bring Chen Jinpeng and Zhu Yingxiong to rush in. Even Zhao Yuliang would not dare to do this kind of thing, after all, there are rules between the aristocratic family juniors.

If no one being the owner of the precious flower, then she could be pursued. However, if she was another’s fiancée and you blatantly pursued her, it would not only be a provocation to the parties involved, but also provocation to the families behind the parties.

Therefore, after Cheng Family broke off the engagement, Zhao Yuliang began to court her and try to gain her favor, but didn’t think that on the second day Cheng Mengying would transfer.

“Sister Mengying, when we eat, we need a servant to pour us tea on our side. Since Little Louzi said it would be his honor, then how about we give him a chance?” Jin Beibei grinned towards Lou Zhenming with evil intentions as she spoke to Cheng Mengying.

Lou Zhenming’s whole body immediately shook. Fuck, how can this big milk girl be so harmful? Dining has the meaning of sitting together on one table to eat, but you actually arranged me the role of a servant?

But Lou Zhenming didn’t dare to say anything. Thinking about it, being able to serve Cheng Mengying as she ate was also fine; others would willingly serve but could not serve!

“Forget it Beibei, we don’t need a servant.” Cheng Mengying slightly frowned as she replied with rejection: “Lou Zhenming, you do your own thing. Beibei and I have some private matters to speak of, so when we’re eating, it’s not good to have others nearby.”

“So it’s like this....” After Lou Zhenming heard what Cheng Mengying said, he could only give up and walked out of the classroom with Shou Hou.

“Cousin Mengying, why didn’t you let Lou Zhenming work as a servant?” Jin Beibei asked.

“Seeing him makes me lose my appetite and not just anyone can work as a servant!” Cheng Mengying very much hated Lou Zhenming’s kind of person. Although Xiao Chen was also a dandy in the past, he didn’t bully and extort the new students. However, Lou Zhenming wasn’t a dandy, he was an underworld evil force.

Unconsciously, Cheng Mengying had actually made a comparison between Xiao Chen and Lou Zhenming. After this idea came out, Cheng Mengying was surprised at herself. But thinking about it, Cheng Mengying always had these dandies by her side. Thinking about it even harder, it seemed like Xiao Chen is a little normal? ‘Hmph, dead Xiao Chen, unexpectedly getting expelled from your family! Now you aren’t this Young Lady’s shield!’

“Oh well, only Xiao Chen brother-in-law can be a servant.” Jin Beibei said.

“Beibei, didn’t you mention that Xiao Chen can die?” Bringing up Xiao Chen,

Cheng Mengying became more angry: “You know I didn’t mean that!”

.....

Deng Xiaokun’s face showed surprise while sitting in a noodle shop as he pointed at the steamed buns in front of him and said between laughter and tears: “Xiao Chen, you brought us one kilometer away just to eat this? This is a buffet?”

“Yes, take the stuff on your own, eat as you please and eat as much as you want, I have enough.” Xiao Chen said as he nodded.

“Heavens, I looking forward to this!” Deng Xiaokun’s face was depressed: “If I knew this earlier, I might have as well have gone home to eat lunch!”

Deng Family’s Martial Building provided boxed lunch every afternoon, and although Deng Xiaokun was Deng Family’s Young Master, there were no privileges in the Martial Building. The master and disciple ate boxed lunches together, and Deng Xiaokun also ate the boxed lunch.

“Okay, stop complaining, aren’t there noodles? Or do you not eat noodles?” Tang Tang grabbed a steamed bun and the free small brined vegetables that matched with it.

“You look down upon me! You guys eat, I don’t think this is particularly special!” But after Deng Xiaokun saw Tang Tang eat, he also grabbed a steamed bun to eat: “Fine, I’ll just regard yesterday’s meal as eating too much. Today I’ll eat something light.”

One meal later.

The three people ate their fill and this only cost Xiao Chen 10 RMB, plus he also brought some scallion fried pancakes² for the evening study time! This staple food, how could it cost a lot of money to eat?

On the way back, Deng Xiaokun suddenly said: “Right Xiao Chen, watch out for yourself. Lou Zhenming, this person, is a bit sinister. I fear that he won’t let go of Ma Gangmen’s matter. Even though he guaranteed that he would let it go yesterday, I fear that he will settle the score later on!”

“En, I know, I also thought about this.” Xiao Chen deeply considered as he

nodded: “But if he doesn’t raise his hand, then I can’t take the initiative to look for him and can only wait passively.”

“That’s also true, but it’s really hard to understand. Yesterday night Tang Tang and I analyzed it for a long time, but we weren’t able to analyze the reason. It can only be said that Lou Zhenming wanted to bully newcomers....” Deng Xiaokun was unable to figure out why Lou Zhenming felt that Xiao Chen was unpleasant in his eyes.

“Hehe, regard this as me having bad luck then.” Xiao Chen helplessly shrugged.
